

The background of the entire cover is an abstract, textured composition of thick, expressive brushstrokes in various shades of red and blue. The strokes are layered and overlapping, creating a sense of depth and movement. The colors range from deep, dark reds and blues to lighter, more vibrant tones, giving the background a dynamic and somewhat turbulent appearance.

AMERICAN GRIDLOCK

The Sources, Character, and
Impact of Political Polarization

Online American Gridlock Character Political Polarization:

Fandom and Polarization in Online Political Discussion Renee Barnes, 2022-12-12 This book takes an innovative fan studies approach to investigating one of the most pressing issues of contemporary times polarization Drawing on three years of observational data from Facebook political discussions as well as interviews and survey responses from those heavily engaged in online political debate Barnes argues a fan like investment in a political perspective initiates and drives polarization She calls on us to move beyond the traditional Habermasian approach to political discussion which privileges the rational and deliberative and instead focus on how we perform the self How we behave in these online debates is part of a performance a performance of self in which an affective investment in a particular political perspective drives a need to contribute refute and other those opposing Because this performance stems from an emotional basis judgments and contributions are often not rational or factual but rather a form of establishing and defending an identity *American Gridlock* James A. Thurber, Antoine Yoshinaka, 2015-11-12 *American Gridlock* brings together the country's preeminent experts on the causes characteristics and consequences of partisan polarization in US politics and government with each chapter presenting original scholarship and novel data This book is the first to combine research on all facets of polarization among the public both voters and activists in our federal institutions Congress the presidency and the Supreme Court at the state level and in the media Each chapter includes a bullet point summary of its main argument and conclusions and is written in clear prose that highlights the substantive implications of polarization for representation and policy making Authors examine polarization with an array of current and historical data including public opinion surveys electoral and legislative and congressional data experimental data and content analyses of media outlets *American Gridlock's* theoretical and empirical depth distinguishes it from any other volume on polarization *Computational Political Communication* Yannis Theocharis, Andreas Jungherr, 2024-11-11 The challenge of disentangling political communication processes and their effects has grown with the complexity of the new political information environment But so have scientists toolsets and capacities to better study and understand them This edited volume focuses on the use of Computational Communication Science CCS to address key questions in political communication highlighting methodological innovations and the theoretical practical and institutional challenges in the field Topics include clickbaiting propaganda political polarization and media framing The book starts by mapping the challenges and opportunities of data collection and analysis focusing on computational methods to address theory driven questions in political communication Chapters highlight the theoretical empirical and institutional aspects of Computational Communication Science CCS relevant to the field assessing the challenges of data requirements digital signal semantics and the crucial role of infrastructures academic institutions ethics and training in computational methods Considering all of these aspects individual chapters showcase methodological innovations applying CCS to topics like clickbaiting in the context of propaganda in authoritarian regimes the visual content

produced by political elites political and affective polarization and the media coverage of public policy as well as framing in the news media The volume also offers scholarly contributions on the theoretical practical and institutional significance of CCS and the challenges in realizing its potential in political communication A significant contribution to the field of political communication this volume will be a key resource for scholars and researchers of communication studies politics media studies and sociology It was originally published in Political Communication

Congress and Its Members Roger H. Davidson, Walter J. Oleszek, Frances E. Lee, Eric Schickler, 2019-07-12 I think Congress and Its Members is a near perfect example of what a textbook is supposed to be It provides a clear foundation of factual knowledge for students along with an accessible summary of the current state of scholarly knowledge in the field and well chosen examples from today's headlines to better enable students to understand the implications of what they have read James B Cottrill St Cloud State University The Gold Standard for Congress Courses for Over Thirty Years Congress and Its Members offers comprehensive coverage of the U S Congress and the legislative process by examining the tension between Congress as a lawmaking institution and as a collection of politicians constantly seeking re election The highly anticipated Seventeenth Edition considers the 2018 elections and the Trump administration discussing the agenda of the new Congress White House Capitol Hill relations party and committee leadership changes judicial appointments and partisan polarization in addition to covering changes to budgeting campaign finance lobbying public attitudes about Congress reapportionment rules and procedures Always balancing great scholarship with currency this bestseller features lively case material along with relevant data charts exhibits maps and photos Instructors Sign in at study.sagepub.com/davidson17e for additional teaching resources

Campaigns and Elections American Style Candice J. Nelson, James A. Thurber, 2018-09-03 Following one of the most contentious and surprising elections in US history the new edition of this classic text demonstrates unequivocally Campaigns matter With new and revised chapters throughout Campaigns and Elections American Style provides a real education in contemporary campaign politics In the fifth edition academics and campaign professionals explain how Trump won the presidency comparing his sometimes novel tactics with tried and true strategies including how campaign themes and strategies are developed and communicated the changes in campaign tactics as a result of changing technology new techniques to target and mobilize voters the evolving landscape of campaign finance and election laws and the increasing diversity of the role of media in elections Offering a unique and careful mix of Democrat and Republican academic and practitioner and male and female campaign perspectives this volume scrutinizes national and local level campaigns with a special focus on the 2016 presidential and congressional elections and what those elections might tell us about 2018 and 2020 Students citizens candidates and campaign managers will learn not only how to win elections but also why it is imperative to do so in an ethical way Perfect for a variety of courses in American government this book is essential reading for political junkies of any stripe and serious students of campaigns and elections Highlights of the Fifth Edition Covers the

2016 elections with an eye to 2018 and 2020 Explains how Trump won the presidency the changes in campaign tactics as a result of changing technology new techniques to target and mobilize voters the evolving landscape of campaign finance and election laws and the increasing diversity of the role of media Includes a new part structure and the addition of part introductions to help students contextualize the major issues and trends in campaigns and elections [From News to Talk](#) Kimberly Meltzer,2019-03-25 Explores how journalists think and talk about changes in the news environment with a focus on the increase in opinion and commentary From News to Talk examines what journalists think about the movement toward often opinionated sometimes uncivil talk in news It provides an important intervention in debates about the future of news by investigating what journalists themselves perceive as the forces affecting this movement the effects of this shift on audiences and political culture and how the movement from news to talk affects their roles and authority in society Drawing on more than thirty interviews with journalists and other industry professionals and a decade of published journalistic materials Kimberly Meltzer uncovers the technological economic cultural and political forces affecting the movement toward opinion and commentary or talk in television online print and radio news From CNN's Brian Stelter to Fox Business Network's Maria Bartiromo the Washington Post's Paul Farhi and many other journalists from CBS USA Today POLITICO and HuffPost the interviewees are key figures in journalism Her analysis centers around several key case studies including the increase in opinionated talking heads on television and the ushering in of a new era of talk and entertainment programs the strategy by CNN to broaden its definition of news by adding non news programs and the bevy of star journalists starting their own self branded sites This is an important work of journalistic scholarship that will influence future generations of journalists and teachers of journalism It is grounded in historical and theoretical contexts while providing a novel approach to understanding an important issue through a practical lens through the eyes of journalists Lea Hellmueller author of The Washington DC Media Corps in the 21st Century The Source Correspondent Relationship **Causes and Symptoms of Socio-Cultural**

Polarization Israr Qureshi,Babita Bhatt,Samrat Gupta,Amit Anand Tiwari,2022-03-22 This book explores cultural polarization resultant decline in social cohesion in society and how information and communication technologies exacerbate the cultural polarization through phenomenon such as echo chambers of information that damage the quality of online discourse This book examines the nature of the information that is shared Further this book identifies how the quality of online discourse and polarization induced through it leads to offline harm and negative outcomes in our society This book discusses how wide ranging information exchange on digital media can lead to two scenarios namely the formation of the public sphere or the formation of echo chambers While the public sphere which promotes greater diversity is a well researched domain substantially less research has been conducted on echo chambers in relation to sociocultural activities products or services This book states that polarization induced by the formation and evolution of echo chambers in sociocultural realm such as around epidemic outbreaks vaccination healthcare education and climate change is an emerging

avenue of research due to its enormous impact in the shaping of our society Therefore this book argues that understanding the characteristics of sociocultural products related controversies is critical and valuable in developing interventions to reduce unhealthy societal and organizational polarisations The development of systematic knowledge is required to understand and address such a large scale and complex societal challenge so as to facilitate a deeper understanding and offer solutions to the growing issue of polarization in sociocultural context driven primarily through echo chambers This book examines how technology enabled social media usage increases and the complex structural outcomes such as echo chambers are likely to have an increasingly important role in shaping public opinion This book appeals to readers with interest in developing a deeper and broader understanding of issues and initiatives related to the polarization of opinions on cultural products These include readers and scholars from various disciplines along with engaged organizational leaders activists policy makers and common citizens

Pork Barrel Politics Andrew H. Sidman, 2019-08-06 Conventional wisdom holds that legislators who bring pork federal funds for local projects back home to their districts are better able to fend off potential challengers For more than four decades however the empirical support for this belief has been mixed Some studies have found that securing federal spending has no electoral effects at best or can even cost incumbent legislators votes In *Pork Barrel Politics* Andrew H Sidman offers a systematic explanation for how political polarization affects the electoral influence of district level federal spending He argues that the average voter sees the pork barrel as an aspect of the larger issue of government spending determined by partisanship and ideology It is only when the political world becomes more divided over everything else that the average voter pays attention to pork linking it to their general preferences over government spending Using data on pork barrel spending from 1986 through 2012 and public works spending since 1876 along with analyses of district level outcomes and incumbent success Sidman demonstrates the rising power of polarization in United States elections During periods of low polarization pork barrel spending has little impact but when polarization is high it affects primary competition campaign spending and vote share in general elections *Pork Barrel Politics* is an empirically rich account of the surprising repercussions of bringing pork home with important consequences in our polarized era

Partisanship , 2021-07-15 The two party system has long characterized American politics but partisanship as it is understood today is a relatively recent phenomenon Today partisanship is not simply based on one s voting record but a totalizing sense of identification with one party over the other Consequently the American political climate is more polarized than ever before Though this fact is often reported with alarm it may be too soon to determine whether partisanship actually damages democracy This volume examines what partisanship means today how this differs from historical partisanship its contributing factors and the effect it has on the country

The Politics of Attracting Investment Chase C. Englund, 2024-12-27 This book provides a tour through a novel theoretical approach to understanding the political economy of authoritarianism and the international market for capital investment As the author demonstrates through an extensive

series of analysis success in attracting investment and ultimately fostering growth lies with the ability of the state to reduce investors uncertainty The author explores the market for FDI in nondemocratic states and finds that those states which feature reduced competition over policy between economic elites are more likely to attract investment inflows However these inflows are the result of incentives provided as private benefits for incumbent elites and tend to result in concentrated inflows In Part II this is contrasted with the way democratic states attract investment through institutional protections and public benefits In this way the author uncovers that authoritarian and democratic states achieve investor confidence through alternate paths to predictability one based on eliminating opposition through political consolidation and the other based on impartial rules and legal protections designed to constrain the excesses of political competition The theory s central premise that the concentration of economic influence with fewer economic elites is corrosive to political competition and institutional quality carries huge significance for the study of both authoritarian and democratic governance quality

Bases Loaded
Costas Panagopoulos, 2020-10-14 *Bases Loaded* documents the shift away from persuasion toward base mobilization in the context of US presidential elections Panagopoulos explains that this phenomenon is likely linked to several developments including advances in campaign technology and voter targeting capabilities as well as insights from behavioral social science focusing on voter mobilization The analyses show the 2000 presidential election represents a watershed cycle that punctuated this shift The book concludes that these patterns have contributed to heightened partisan polarization in the United States

New Normal Beyond The Pandemic: Rethinking Alienation From Local To Global / Pandemiyle Birlikte Yerelden Küresele Yabancılaşmayı Yeniden Düşünmek Zeynep Banu Dalaman, 2021-11-16 The Covid 19 crisis with all the horrors it has caused has offered humanity an opportunity to reflect on itself and evaluate its point even if it is delayed In a very short time we found ourselves worried about whether we could reach the objects we needed whether we would lose our jobs or keep our freedom Alienation is described as withdrawing or separation of a person or a person s affections from an object or position of former attachment alienation viewed as a sense of detachment from the values of one s society family and even from one s own feelings from the values of one s society and family S L Halleck Different forms of alienation such as cultural alienation professional alienation and religious alienation are among the current issues It is obvious that we need to define different forms of alienation along with the pandemic I believe this book will not be the first nor the last research book published on the Covid 19 pandemic Our aim is to leave a resource on the subject for the next generation of researchers I would like to thank everyone who contributed to the book and hope it will be beneficial for the academic community Covid 19 krizi ya att t m deh etle birlikte insanl n kendi zerinde d nmek gelmi bulundu u noktay de erlendirmek i in de gecikmeli olsa bile bir imkan sunmu tur Kendimizi ok k sa bir s re i erisinde ihtiyac m z olan nesnelere ula p ula amayaca m z i imizi kaybedip kaybetmeyece imiz ya da zg rl klerimizi elimizde tutup tutamayaca m z hakk nda kayg lan r bulduk Kelime anlam itibar ile yabanc la ma bir eyin veya kimsenin ba ka bir eyden veya kimseden uzakla mas ba ka bir eyle veya kimseyle olan

Anderson, Daniel M. Butler, Laurel Harbridge-Yong, 2020-02-20 This analysis of legislative behavior shows how primary voters can obstruct political compromise and outlines potential reforms to remedy gridlock **A Divided Union** Dario Moreno, Eduardo Gamarra, Patrick Murphy, David Jolly, 2020-10-26 A Divided Union delves deep into ten pressing political challenges that former US Representatives Patrick Murphy D and David Jolly R have identified over their multiple terms in Congress and that continue to plague the American electorate today In an introduction describing their unique paths to Congress Murphy and Jolly focus in detail on key institutional barriers they faced in Washington in attempting to do the job voters elected them to do They introduce us to geographic challenges demographic change a polarized media gerrymandering the role of money in politics the structure of primary elections and several other aspects of political life on Capitol Hill The core of the book is original analysis by experts who tackle these topics in a manner relevant

to both the seasoned political science student as well as the general reader From the commercials we see on TV to the city council districts in which we live these concerns shape every facet of our public lives and are distilled here in a careful synthesis of years of experience and research Contributors include former federal elected officials political science professors members of the press and scholars immersed in their fields of study While other textbooks may examine similar issues few have been edited by former members of the U S House who have walked the halls of Congress and directly experienced political dysfunction at so many levels and are willing to address it A Divided Union is appropriate for all political science students as well as the general public frustrated and alarmed by political gridlock

Truth in the Public Sphere Jason Hannan, 2016-10-20 Has truth become a casualty of America's increasingly caustic and volatile political culture Truth in the Public Sphere seeks to understand the significance of truth for the everyday world of human communication To this end this book explores the place of truth in several facets of the public sphere language ethics journalism politics media and art Featuring an international group of contributors from across the humanities and social sciences this collection is a definitive supplement to theoretical debates about the meaning and status of truth

Handbook of Research on Artificial Intelligence Applications in Literary Works and Social Media Keikhosrokiani, Pantea, Pourya Asl, Moussa, 2022-12-30 Artificial intelligence has been utilized in a diverse range of industries as more people and businesses discover its many uses and applications A current field of study that requires more attention as there is much opportunity for improvement is the use of artificial intelligence within literary works and social media analysis The Handbook of Research on Artificial Intelligence Applications in Literary Works and Social Media presents contemporary developments in the adoption of artificial intelligence in textual analysis of literary works and social media and introduces current approaches techniques and practices in data science that are implemented to scrap and analyze text data This book initiates a new multidisciplinary field that is the combination of artificial intelligence data science social science literature and social media study Covering key topics such as opinion mining sentiment analysis and machine learning this reference work is ideal for computer scientists industry professionals researchers scholars practitioners academicians instructors and students

The Politics Industry Katherine M. Gehl, Michael E. Porter, 2020-06-23 Leading political innovation activist Katherine Gehl and world renowned business strategist Michael Porter bring fresh perspective deep scholarship and a real and actionable solution Final Five Voting to the grand challenge of our broken political and democratic system Final Five Voting has already been adopted in Alaska and is being advanced in states across the country The truth is the American political system is working exactly how it is designed to work and it isn't designed or optimized today to work for us for ordinary citizens Most people believe that our political system is a public institution with high minded principles and impartial rules derived from the Constitution In reality it has become a private industry dominated by a textbook duopoly the Democrats and the Republicans and plagued and perverted by unhealthy competition between the players Tragically it has therefore become incapable of delivering solutions

to America's key economic and social challenges. In fact, there's virtually no connection between our political leaders solving problems and getting reelected. In *The Politics Industry*, business leader and path-breaking political innovator Katherine Gehl and world-renowned business strategist Michael Porter take a radical new approach. They ingeniously apply the tools of business analysis and Porter's distinctive Five Forces framework to show how the political system functions just as every other competitive industry does and how the duopoly has led to the devastating outcomes we see today. Using this competition lens, Gehl and Porter identify the most powerful lever for change: a strategy comprised of a clear set of choices in two key areas: how our elections work and how we make our laws. Their bracing assessment and practical recommendations cut through the endless debate about various proposed fixes such as term limits and campaign finance reform. The result: true political innovation. *The Politics Industry* is an original and completely nonpartisan guide that will open your eyes to the true dynamics and profound challenges of the American political system and provide real solutions for reshaping the system for the benefit of all.

THE INSTITUTE FOR POLITICAL INNOVATION The authors will donate all royalties from the sale of this book to the Institute for Political Innovation.

Israel's Knesset Members Susan Hattis Rolef, 2022-07-29 Taking Members of the Israeli Knesset MKs as a case study, this book offers a comparative analysis of the various roles performed by Members of Parliament (MPs) within the framework of their job in democracies around the world. Based on the author's experience of working in and for the Knesset from 1977 to 2010, this book questions the lack of a comprehensive job description not only for MKs but also for similar roles in parliamentary democracies globally. The author finds that a serious perusal of materials dealing with the job's various components in the Israeli case—for example, basic laws, the Knesset Rules of Procedure, the Rules of Ethics for MKs, minutes of the Knesset Plenum and Committees, and so forth—presents an almost complete picture of the MK's job that, like pieces in a jigsaw puzzle, merely need to be assembled together. Finding the job of MPs in general and of MKs specifically definable, this book argues that it ought to be defined considering the centrality of this role for a democracy's functioning. This innovative book will not only prove useful for scholars of Israeli governance and legislation but will also be of interest to scholars of parliamentarism and comparative legislative politics in general.

Rivals for Power James A. Thurber, 2022-07-11 Now in its seventh edition, *Rivals for Power: Presidential-Congressional Relations* brings together the knowledge of leading scholars and scholar-practitioners alike to explain the complex political dynamic between the president and Congress. Contributors analyze the structural, political, and behavioral factors that shape this relationship while showing how and why rivalry has tended to intensify when different parties control the two branches. Intended for students, scholars, public officials, and the general public, *Rivals for Power* offers an accessible and engaging analysis of executive and legislative rivalry across a span of eras, with particular attention to developments from the Obama, Trump, and Biden presidencies.

Planet in Peril Michael Bess, 2022-10-13 Exploration of the top four mega dangers facing humankind and plots a hopeful path to dealing with them through global governance.
