Unpacking Discourses on Chineseness Shuang Gao, Xuan Wang, 2021-09-09 This book examines the complexity of Chineseness in China and the Chinese diaspora. Using critical sociolinguistic and discourse analytical approaches, the chapters reveal the power dynamics and ideologies underlying the varied ways Chineseness is performed, represented and contested. Together they highlight four perspectives on Chineseness: the multiplicity of Chineseness, aspirational Chineseness, chronotopes of Chineseness and the cultural politics of Chineseness. It is argued that Chineseness is best understood as an ideologically constructed variable, the articulation of which is deeply embedded within the dynamics of neoliberal globalization, rising nationalism, persistent Western hegemony and shifting global geopolitics. *Globalisation, Geopolitics, and Gender in Professional Communication* Louise Mullany, Stephanie Schnurr, 2022-08-01 This edited collection investigates the linguistics of globalisation, geopolitics and gender in workplace cultures in a range of different contemporary international settings. The chapters examine how issues of globalisation, gender and geopolitics affect professionals in different workplace contexts, including domestic workers, IT professionals, teachers, university staff, engineers, entrepreneurs, CEOs of different corporates, including locally based businesses as well as multinationals, farmers, co-operative leaders, NGO leaders, bloggers, healthcare assistants and caregivers. Taking different sociolinguistic approaches to exploring language and the geopolitics of gender at work in Dubai, Kuwait, Kenya, Uganda, Morocco, Nigeria, Malaysia, Turkey, Belgium, Switzerland, New Zealand, Uganda, the UK and the USA, each chapter focuses on a range of salient geopolitical issues which often have global applicability but which may also be subject to more localised socio-cultural variation. The chapters critically discuss issues of gendered language, perceptions and representations of workplace cultures, discrimination, the role of gendered stereotyping and deeply ingrained socio-cultural myths about gender and the importance of examining the intersections of identity, all of which continue to persist as barriers to equality and inclusion in workplaces worldwide. Despite the variation and diversity in professions and geopolitical contexts, captured across the chapters, remarkably similar issues of gender discrimination and persisting inequalities are identified and critically discussed, thus pointing to the global nature of these issues. Lesbian Geographies Kath

Browne, Eduarda Ferreira, 2016-03-03 It has long been recognised that the spatialisation of sexual lives is always gendered. Sexism and male dominance are a pervasive reality and lesbian issues are rarely afforded the same prominence as gay issues. Thus lesbian geographies continue to be a salient axis of difference challenging the conflation of lesbians and gay men as well as the trope that homonormativity affects lesbians and gay men in the same ways. This volume explores lesbian geographies in diverse geographical, social and cultural contexts and presents new approaches using English as a working language but not as a cultural framework. Going beyond the dominant trace of Anglo American perspectives of research in sexualities, this book presents research in a wide range of countries including Australia, Argentina, Israel, Canada, USA, Russia, Poland, Spain, Hungary and Mexico. **Language, Borders and Bordering Practices / Lenguaje, fronteras y prácticas de fronterización**

Yvette Bürki, Alba Nalleli García Agüero, 2025-07-21 Las fronteras no son solo líneas físicas en un mapa sino divisiones y procesos sociales y simbólicos que se configuran continuamente a través del lenguaje y la interacción cotidiana. Este volumen bilingüe desafía las nociones estáticas y binarias de las fronteras revelando cómo se construyen y se mantienen pero también se desafían y se reinventan mediante prácticas comunicativas concretas. Desde diversas perspectivas teóricas y metodológicas, los y las autoras analizan fronteras nacionales, transnacionales, simbólicas y de género en Europa, África y las Américas abordando cuestiones de urgente actualidad como la migración, la identidad, el racismo, la discriminación de género y otras formas de exclusión mediadas por el lenguaje. El volumen ofrece claves críticas para comprender cómo el lenguaje moldea las fronteras de nuestro mundo, una contribución que invita a reflexionar sobre las formas sutiles y manifiestas en que el lenguaje participa en la construcción de las divisiones sociales. Borders are not just physical lines on a map; they are social and symbolic divisions and processes continuously shaped through language and everyday interaction. This bilingual volume challenges static binary notions of borders, revealing how they are constructed and maintained but also resisted and reimagined through specific communicative practices. Bringing together diverse theoretical and methodological perspectives, the contributors examine national, transnational, symbolic and gendered borders in Europe, Africa and the Americas, engaging with pressing issues such as migration, identity, racism, gender discrimination and other forms of exclusion mediated by language. This volume offers critical insights into how language shapes the borders of our contemporary world, a thought-provoking contribution that invites readers to critically engage with the subtle and overt ways language participates in the un-

making of social divides. **Linguistic Tactics and Strategies of Marginalization in Japanese** Judit Kroo, Kyoko Satoh, 2021-03-18 This edited book brings together studies on different aspects of marginalization in Japanese, creating a framework for studying marginalization which can also be applied in other linguistic and international contexts. The chapters in this book look at both marginalization of others and self-marginalization, examining the pragmatic strategies used to achieve marginalization and investigating situations where it acts as an agentive tactic of speakers in addition to a strategy of broader social structures. This book will be of interest to students and scholars of sociolinguistics, pragmatics, linguistic
