Online Last Great Strike Struggle America:

The Last Great Strike Ahmed White, 2016-01-04 In May 1937 seventy thousand workers walked off their jobs at four large steel companies known collectively as Little Steel. The strikers sought to make the companies retreat from decades of antiunion repression abide by the newly enacted federal labor law and recognize their union. For two months a grinding struggle unfolded punctuated by bloody clashes in which police company agents and National Guardsmen ruthlessly beat and shot unionists. At least sixteen died and hundreds more were injured before the strike ended in failure. The violence and brutality of the Little Steel Strike became legendary. In many ways it was the last great strike in modern America. Traditionally the Little Steel Strike has been understood as a modest setback for steel workers, one that actually confirmed the potency of New Deal reforms and did little to impede the progress of the labor movement. However, *The Last Great Strike* tells a different story about the conflict and its significance for unions and labor rights. More than any other strike it laid bare the contradictions of the industrial labor movement, the resilience of corporate power, and the limits of New Deal liberalism at a crucial time in American history.

The Great Lawrence Textile Strike of 1912 Robert Forrant, Jurg Siegenthaler, Charles Levenstein, John Wooding, 2016-12-05 In Lawrence, Massachusetts, fully one half of the population 14 years of age or over is employed in the woolen and worsted mills and cotton mills. Thus begins the federal government's Report on Strike of Textile Workers in Lawrence, Massachusetts in 1912. This book follows up one hundred years later. The story's retelling offers readers an exciting reexamination of just how powerful a united working class can be. The Great Lawrence Textile Strike of 1912, the Bread and Roses Strike, was a public protest by 20,000 to 25,000 immigrant workers from several countries prompted by a wage cut. Backed by skillful neighborhood organizing, supported by hundreds of acts of solidarity and unified by a commitment to respect every striker's nationality and language, the walkout spread across the city's densely packed tenements. Defying the assumptions of mill owners and conservative trade unionists alike that largely female and ethnically diverse workers could not be organized, the women activists, as one mill boss described them, were full of lots of cunning and also lots of bad temper. They're everywhere and it's getting worse all the time. Events in Lawrence between January 11 and March 25, 1912, changed labor history. In this volume, the authors tackle the strike story through new lenses and dispel assumptions that the citywide walkout was a spontaneous one led by outside agitators. They also discuss the importance of grasping the significance of events like the 1912 strike and engaging in the process of community remembrance. This book appeals to a wide constituency. Most directly, it is of great relevance to historians of labor, industrialization, immigration, and the development of cities, as well as researchers studying social movements. The story of the Bread and Roses Strike resonates strongly with social justice supporters, the women's movement, advocates for children's well-being, and anti-poverty organizations. Social studies and college-level teachers will find it a rich resource. Graduate-level students will find inspiration for further research. The Bread and Roses strike has excellent name recognition and has always had a considerable

international audience **Creating Consent in Ba'thist Syria** Esther Meininghaus, 2016-03-31 The challenge of maintaining dictatorial regimes through control co option and coercion while upholding a facade of legitimacy is something that has concerned leaders throughout the Middle East and beyond Nowhere is this more evident than in the Syria ruled by the Asads both Hafiz and his son Bashar Drawing on the example of the General Union of Syrian Women founded in 1967 Esther Meininghaus offers new insights into how the Syrian Ba thist regimes attempted to move beyond mere satisfaction with the compliance of the citizenry and to consolidate their rule amongst the local population Meininghaus argues that this was partially achieved through providing welfare services delivered by the Union as one of the state led mass organisations In this way she suggests these regimes did not only aim to undermine opposition and to create the illusion of consent but they factually catered to local needs and depended on consent Based on archival material interviews and statistics **Creating Consent in Ba thist Syria** will shed new light on mass organisations as a crucial institution of Ba thist state building and more broadly the construction of the Asad regimes **International Law and Drone Strikes in Pakistan** Sikander Ahmed Shah, 2014-11-13 While conventional warfare has an established body of legal precedence the legality of drone strikes by the United States in Pakistan and elsewhere remains ambiguous This book explores the legal and political issues surrounding the use of drones in Pakistan Drawing from international treaty law customary international law and statistical data on the impact of the strikes Sikander Ahmed Shah asks whether drone strikes by the United States in Pakistan are in compliance with international humanitarian law The book questions how international law views the giving of consent between States for military action and explores what this means for the interaction between sovereignty and consent The book goes on to look at the socio political realities of drone strikes in Pakistan scrutinizing the impact of drone strikes on both Pakistani politics and US Pakistan relationships Topics include the Pakistan army government relationship the evolution of international institutions as a result of drone strikes and the geopolitical dynamics affecting the region As a detailed and critical examination of the legal and political challenges presented by drone strikes this book will be essential to scholars and students of the law of armed conflict security studies political science and international relations **Intersectional Class Struggle** Michael Beyea Reagan, 2021-06-15 This innovative study explores the relevance of class as a theoretical category in our world today arguing that leading traditions of class analysis have missed major elements of what class is and how it operates It combines intersectional theory and materialism to show that culture economics ideology and consciousness are all factors that go into making class meaningful Using a historical lens it studies the experiences of working class peoples from migrant farm workers in California s central valley to the factory girls of New England and black workers in the South to explore the variety of working class experiences It investigates how the concepts of racial capitalism and black feminist thought when applied to class studies and popular movements allow us to walk and chew gum at the same time to recognize that our movements can be diverse and particularistic as well as have elements of the universal experience shared by all

workers Ultimately it argues that class is made up of all of us it is of ourselves in all our contradiction and complexity

Counterterrorism Ronald Crelinsten, 2013-04-17 Terrorism has emerged as one of the most problematic issues facing national governments and the international community in the 21st century But how is it possible to counter terrorism in a world in which governance is still dominated by the nation state Are we seeing new forms of terrorist activity in the wake of 9 11 Are pre 9 11 approaches still valid How can we combat and control diverse threats of multiple origin Who should be responsible for countering terrorism and in what circumstances In this incisive new book Ronald Crelinsten seeks to provide answers to these pressing questions challenging readers to think beyond disciplinary and jurisdictional boundaries He presents an up to date and comprehensive introduction to the difficulties and obstacles related to countering terrorism in democratic societies The counterterrorism framework that he develops in this book reflects the complex world in which we live The different approaches to counterterrorism provide the organizing theme of the book and help the reader to understand and to appreciate the full range of options available The book includes a host of contemporary examples and further readings compares and contrasts pre and post 9 11 approaches critically evaluates the post 9 11 war on terror moves beyond a purely state centric focus to include non state actors and institutions combines hard and soft power approaches considers prevention preparedness response and recovery Counterterrorism will be an indispensable guide for students researchers practitioners and general readers wanting to broaden their knowledge of the possibilities and limitations of counterterrorism today

Defending the Arsenal Adam B. Lowther, Stephen J. Cimbala, 2016-09-19 This volume takes an unashamed pro nuclear modernization position and argues for designing and fielding new nuclear warheads and delivery systems submarine ICBM and bomber while also arguing against signing the Comprehensive Test Ban Treaty or agreeing to further reductions in the nuclear arsenal It also argues that nuclear deterrence remains as relevant today perhaps more than it was during the Cold War

Hegemony or Empire? David Grondin, 2016-04-29 American power has been subjected to extensive analysis since September 11 2001 While there is no consensus on the state of US hegemony or even on the precise meaning of the term it is clear that under George W Bush the US has not only remained the lone superpower but has increased its global military supremacy At the same time the US has become more dependent on its economic financial and geopolitical relationships with the rest of the world than at any other time in its history markedly since the events of 9 11 The distinguished scholars in this volume critically interpret US hegemony from a range of theoretical and topical perspectives They discuss the idea of empire in the age of globalization critique the Bush doctrine analyze the ideologies underpinning a new American imperialism and examine the influence of neo conservatism on US foreign and domestic policy

The Spectre of Defeat in Post-War British and US Literature David Owen, Cristina Pividori, 2021-01-22 It is a commonplace belief that history is written by the victorious However less recognised but equally common is the idea that the defeated also write history even if their particular account is rather different This collection looks at these matters from a novel and

distinct perspective It essentially presents the idea that victors often perceive themselves as defeated by examining the ways in which the idea of defeat comes to dominate the victors own sense of superiority and achievement thereby undermining the certainties that victory is conventionally thought to create The contributions here discuss fiction mostly UK and US published since the First World War Through the frameworks of experience memory and post memory they examine this subliminal defeat basically as seen in conflict itself in the societies that it affects and in the individual lives of those who it destroys The result is an innovative literary account of the victorious yet somehow defeated *Rosa Luxemburg* Frank Jacob,Albert Scharenberg,Jörn Schütrumpf,2021-02-24 Rosa Luxemburg war eine der bedeutendsten Intellektuellen des langen 19 Jahrhunderts und ihr Wirken in der Politik sowie innerhalb der europäischen Arbeiterbewegung u erst facettenreich Sozialismus verstand sie vor allem zum Unmut der Bolschewiki als Einheit von politischen und sozialen Freiheiten Bis heute ist sie deshalb eine Identifikationsfigur ihre Schriften besitzen eine ungebrochene Aktualit t Luxemburgs vielgestaltiges Leben reichte von der Entstehung des Deutschen Kaiserreiches bis kurz nach dessen Ende 1871 1919 und wird im Jubil umsjahr 2021 mit einer zweib ndigen Ausgabe gew rdigt Band 1 vermittelt einen berblick ber Biografisches und liefert eine Bestandsaufnahme ihres politischen Wirkens **In Search of Monsters to Destroy** Christopher J. Coyne,2022-12-08 Imperialism and militarism build empires not liberalism So says Christopher Coyne Senior Fellow at the Independent Institute and professor of economics at George Mason University in this eye opening must read book on America s recent foreign policy failures The attempt by the United States since 9 11 to establish liberal political regimes in the Middle East and in the mountains of Afghanistan was doomed to fail And the logic is simple illiberal means can lead only to illiberal ends What else are the hundreds of thousands of dead and mutilated civilians the US military left behind from 2003 to 2021 in these regions The destroyed ancient cultures and nearly obliterated nation states Coyne also points out that the illiberal perpetrators also can end up not only nearly bankrupt and humiliated but also profoundly less secure If we do not absorb these hard truths says Coyne the rest of the twenty first century will be a repeat of its bloodstained unstable beginning But Coyne is no isolationist A vocal champion of global engagement Coyne insists there are workable proven alternatives to imperialism militarism and empire ones deeply rooted in human experience that preserve freedom promote security and foster mutually enriching friendship among the nations of the earth Read *In Search of Monsters to Destroy* and you ll never look at the nation state or international relations the same again *Political Science Quarterly* Columbia University. Faculty of Political Science,2002 A review devoted to the historical statistical and comparative study of politics economics and public law [Through with Kings and Armies](#) Rhonda Mawhood Lee,2012-11-02 In an era of seemingly endless war and similarly endless debates about the nature of marriage *Through with Kings and Armies* offers a fresh look at what both war and marriage might mean for Christians This is a love story the tale of a sixty three year marriage grounded in the love of Jesus Christ and shaped by the conviction that his disciples must witness publicly to their faith in him As a Presbyterian ministerial

student in 1941 George Edwards renounced a draft deferment to register as a conscientious objector serving at home and abroad for five years Jean his childhood friend turned against war when the Battle of the Bulge left her a widow at twenty three After George and Jean fell in love overnight at the end of the war their pacifist beliefs became the foundation for their life together A pastor and biblical scholar yoked to a Christian educator their gifts complemented each other as they organized communities of witnesses against war and racial violence while raising three children and remaining active in the church that rarely supported their witness
