NFL Confidential Johnny Anonymous, 2016-01-05 Meet Johnny Anonymous No that's not his real name But he is a real honest to goodness pro football player A member of the League A slave if you will to the NFL For the millions of you out there who wouldn't know what to do on Sundays if there wasn't football who can't imagine life without the crunch of helmets ringing in your ears or who look forward to the Super Bowl more than your birthday Johnny Anonymous decided to tell his story Written during the 2014 2015 season this is a year in the life of the National Football League This is a year in the life of a player not a marquee name but a guy on the roster gutting it out through training camp up to the end of the season wondering every minute if he's going to get playing time or get cut Do you want to know how players destroy their bodies and their colons to make weight Do you wonder what kind of class and racial divides really exist in NFL locker rooms Do you want to know what NFL players and teams really think about gay athletes or how the League is really dealing with crime and violence against women by its own players Do you wonder about the psychological warfare between players and coaches on and off the field About how much time players spend on Tinder or sexting when not on the field About how star players degrade or humiliate second and third string players What players do about the headaches and memory loss that appear after every single game This book will tell you all of this and so much more Johnny Anonymous holds nothing back in this whip smart commentary that only an insider and a current player could bring Part truth telling personal narrative part darkly funny expos *NFL Confidential* gives football fans a look into a world they'd give anything to see and nonfans a wild ride through the strange quirky and sometimes disturbing realities of America's favorite game Here is a truly unaffiliated look at the business guts and glory of the game all from the perspective of an underdog who surprises everyone especially himself JOHNNY ANONYMOUS is a four year offensive lineman for the NFL Under another pseudonym he's also a contributor for the comedy powerhouse *Funny Or Die* You can pretty much break NFL players down into three categories Twenty percent do it because they're true believers They're smart enough to do something else if they wanted and the money is nice and all but really they just love football They love it they live it they believe in it it's their creed They would be nothing without it Hell they'd probably pay the League to play if they had to These guys are obviously psychotic Thirty percent of them do it just for the money So they could do something else sales desk jockey accountant whatever but they play football because the money is just so damn good And it is good And last of all 49.99 percent play football because frankly it's the only thing they know how to do Even if they wanted to do something normal they couldn't All they've ever done in their lives is play football it was their way out either of the hood or the deep woods country They need football If football didn't exist they'd be homeless in a gang or maybe in prison Then there's me I'm part of my own little weird minority that final 0.01 percent We're such a minority we don't even count as a category We're the professional football players who flat out hate professional football
