**Once Were Warriors** Emiel Martens, 2007 In 1990 unknown Maori author Alan Duff suddenly became both famous and notorious in New Zealand for his first novel Once Were Warriors The violent story of a poor urban Maori family aroused much controversy in New Zealand society and the Maori community in particular Many Maori commentators condemned the novel for its negative and allegedly racist portrayal of the indigenous Maori people accusing Duff for hanging out the dirty linen and blaming the victim Four years later the homonymous film by Maori director Lee Tamahori led to similar fame and controversy On the one hand critics strongly disapproved of the commercial indigenous film on social political and aesthetic grounds On the other hand however Once Were Warriors became the most successful motion picture in the history of New Zealand cinema grossing over 6.7 million NZ dollars in the national box office and reaching a large international audience Once Were Warriors was not just a novel or film but a powerful cultural representation which had a significant impact on New Zealand society In this richly illustrated book Emiel Martens examines the impact of Once Were Warriors in Aotearoa New Zealand by exploring the two cultural representations with a specific emphasis on the film and

their aftermath in postcolonial New Zealand society Why did *Once Were Warriors* cause such a controversy within the Maori community Which were the underlying metaphors of the public debate on both the novel and the film in New Zealand society And what did the heated reception of *Once Were Warriors* say about the position and identity of the indigenous Maori people within modern New Zealand Bringing together a wide variety of popular and academic texts the author discusses these urgent questions in relation to timely New Zealand and wider postcolonial issues such as racial stereotypes cultural politics ethnic relations indigenous media and Maori identity As an interdisciplinary Cultural Studies endeavour this book is surprisingly accessible and will prove interesting reading for anyone who wishes to know more about cultural identity postcolonial representation and indigenous filmmaking in Aotearoa New Zealand [The Representation of Maori Women in the Novels "Once Were Warriors" by Alan Duff and "Baby No-eyes" by Patricia Grace](#) Friederike Börner, 2016-04-25 Seminar paper from the year 2012 in the subject English Language and Literature Studies Literature grade 2.7 University of Potsdam Institut fuer Anglistik course Historiography and Trauma in Recent Maori Literature language English abstract This essay explores the representation of Maori women in two novels written by Maori authors One book is the highly controversial and bestselling novel of Alan Duff *Once Were Warriors* which was first published in 1990 and later turned into a movie adaption by Lee Tamahori The other book I will focus on is written by the famous author Patricia Grace who is known for creating stories with powerful women characters The title of the book is *Baby Noeyes* and it was first published in 1998 Both novels deal with resistance and social change and we can find representations of strong Maori having a positive influence on their family and their environment The main struggles with effects of colonialism and imperialism after the English settlers arrived are topics in both books The main characters Te Paania and Beth Heke seem to be very different at the beginning but both represent the ideal of a Maori women being a leader and a warrior In the next chapters I want to give a short introduction to the social status of Maori women in New Zealand before the colonization and after the English settlers arrived Then I will compare the characters of Beth Heke from the novel *Once were Warriors* and Te Paania from the novel *Baby Noeyes* I want to focus mainly on their struggles and the finding of solutions for their own wellbeing and the wellbeing of their family Finally in the last chapters I want to draw a conclusion and find out in how far the representation of the Maori women serve each novel's wider political project **The Circle & the Spiral** Eva Rask Knudsen, 2021-11-01 In Aboriginal and M ori literature the circle and the spiral are the symbolic metaphors for a never ending journey of discovery and rediscovery The journey itself with its indigenous perspectives and sense of orientation is the most significant act of cultural recuperation The present study outlines the fields of indigenous writing in Australia and New Zealand in the crucial period between the mid 1980s and the early 1990s particularly eventful years in which postcolonial theory attempted to centre the margins and indigenous writers were keen to escape the particular centering offered in search of other positions more in tune with their creative sensibilities Indigenous writing relinquished its narrative preference for social realism in favour of traversing old territory in

new spiritual ways roots converted into routes Standard postcolonial readings of indigenous texts often overwrite the difference they seek to locate because critical orthodoxy predetermines what difference can be Critical evaluations still tend to eclipse the ontological grounds of Aboriginal and M ori traditions and specific ways of moving through and behaving in cultural landscapes and social contexts Hence the corrective applied in Circles and Spirals to look for locally and culturally specific tracks and traces that lead in other directions than those catalogued by postcolonial convention This agenda is pursued by means of searching enquiries into the historical anthropological political and cultural determinants of the present state of Aboriginal and M ori writing principally fiction Independent yet interrelated exemplary analyses of works by Keri Hulme and Patricia Grace and Mudrooroo and Sam Watson Australia provided the thick description that illuminates the author s central theses with comparative side glances at Witi Ihimaera Heretaunga Pat Baker and Alan Duff New Zealand and Archie Weller and Sally Morgan Australia

**Writing Along Broken Lines** Otto Heim,1998 Covering the two decades from 1972 Swiss scholar Otto Heim presents detailed readings of the novels and short fiction by Heretaunga Pat Baker Alan Duff Patricia Grace Keri Hulme Witi Ihimaera Bruce Stewart J C Sturm Apirana Taylor and Ngahuia Te Awekotuku His book places the fiction by Maori writers in the context of a culture of survival and traces its textual engagement with violence between empathy and sacrifice from the privacy of domestic violence to the public arenas of systemic violence and war He argues that out of this confrontation with violence emerges a distinctive ethnic world view created by the construction of individual experience the development of an ideological stance and the expression of a spiritual orientation Heim s analysis shows works of fiction by contemporary Maori writers as challenging explorations of the constraints placed on the literary imagination by the urgent facts of the human condition and the imperatives of culture

**A Conversation with my Country** Alan Duff,2019-07-02 A fresh personal account of New Zealand now from one of our hardest hitting writers Following *Once Were Warriors* Alan Duff wrote *Maori The Crisis and the Challenge* His controversial comments shook the country A quarter of a century later New Zealand and Maoridom are in a very different place And so is Alan he has published many more books had two films made of his works founded the Duffy Books in Homes literacy programme and endured some less inspiring moments including bankruptcy Returned from living in France he views his country with fresh eyes as it is now homing in on the crises in parenting our prisons education and welfare systems and a growing culture of entitlement that entraps Pakeha and Maori alike Never one to shy away from being a whetstone on which others can sharpen their own opinions Alan tells it how he sees it

**Reading Pakeha?** Christina Stachurski,2009 Aotearoa New Zealand a tiny Pacific country is of great interest to those engaged in postcolonial and literary studies throughout the world In all former colonies myths of national identity are vested

with various interests Shifts in collective Pakeha or New Zealand European identity have been marked by the phenomenal popularity of three novels each at a time of massive social change Late colonialism anti imperialism and the collapse of the idea of a singular nation can be traced through the reception of John Mulgan's *Man Alone* 1939 Keri Hulme's *The Bone People* 1983 and Alan Duff's *Once Were Warriors* 1990 Yet close analysis of these three novels also reveals marginalization and silencing in claims to singular Pakeha identity and a linear development of settler acculturation Such a dynamic resonates with that of other settler cultures the similarities and differences telling in comparison Specifically *Reading Pakeha Fiction and Identity in Aotearoa New Zealand* explores how concepts of race and ethnicity intersect with those of gender sex and sexuality This book also asks whether Pakeha is still a meaningful term

**Futilitarianism** Neil Vallelly, 2021-11-16 A proposal for countering the futility of neoliberal existence to build an egalitarian sustainable and hopeful future If maximizing utility leads to the greatest happiness of the greatest number of people as utilitarianism has always proposed then why is it that as many of us currently maximize our utility by working endlessly undertaking further education and training relentlessly marketing and selling ourselves we are met with the steady worsening of collective social and economic conditions In *Futilitarianism* social and political theorist Neil Vallelly eloquently tells the story of how neoliberalism transformed the relationship between utility maximization and the common good Drawing on a vast array of contemporary examples from self help literature and marketing jargon to political speeches and governmental responses to the COVID 19 pandemic Vallelly coins several terms including the futilitarian condition *homo futilitus* and *semio futility* to demonstrate that in the neoliberal decades the practice of utility maximization traps us in useless and repetitive behaviors that foreclose the possibility of collective happiness This urgent and provocative book chimes with the mood of the time by at once mapping the historical relationship between utilitarianism and capitalism developing an original framework for understanding neoliberalism and recounting the lived experience of uselessness in the early twenty first century At a time of epoch defining disasters from climate emergencies to deadly pandemics countering the futility of neoliberal existence is essential to building an egalitarian sustainable and hopeful future
