One Hundred Poems from the Chinese Kenneth Rexroth, 1969 **One Hundred Poems from the Chinese** Kenneth Rexroth, 2014-06-10 The lyrical world of Chinese poetry in faithful translations by Kenneth Rexroth The lyric poetry of Tu Fu ranks with the greatest in all world literature Across the centuries Tu Fu lived in the Tang Dynasty 711-770 his poems come through to us with an immediacy that is breathtaking in Kenneth Rexroth's English versions They are as simple as they are profound as delicate as they are beautiful Thirty five poems by Tu Fu make up the first part of this volume The translator then moves on to the Sung Dynasty 10th-12th centuries to give us a number of poets of that period much of whose work was not previously available in English Mei Yao Chen Su Tung Po Lu Yu Chu Hsi Hsu Chao and the poetesses Li Chiang Chao and Chu Shu Chen There is a general introduction biographical and explanatory notes on the poets and poems and a bibliography of other translations of Chinese poetry **One Hundred More Poems from the Chinese**, 2014-04-10 An assemblage of delicate Chinese verse which delicately explore the worlds of love nature and meditation **Love and the Turning Year** includes a selection from the Yueh Fu folk songs from the Six Dynasties Period fourth-fifth centuries A.D. Most of the songs are simple erotic lyrics Some are attributed to legendary courtesans while others may have been sung at harvest festivals or marriage celebrations In addition to the folk songs Rexroth offers a wide sampling of Chinese verse works by 60 different poets from the third century to our own time Rexroth always translated Chinese poetry as he said solely to please myself And he created with remarkable success English versions which stand as poems in their own right **Love and the Turning Year** Kenneth Rexroth, 1970 An assemblage of delicate Chinese verse which delicately explore the worlds of love nature and meditation **One Hundred Poems from the Chinese**, 2022 A broad selection of Classical Chinese poetry translated into English Original Chinese text included [101] Shih Shun Liu, 1967 *Classical Chinese Literature: From antiquity to the Tang dynasty* John Minford, Joseph S. M. Lau, 2002 Contains English translations of Chinese writings drawn from throughout a period of four hundred years including poems drama fiction songs biographies and early works of philosophy and history arranged chronologically and by genre with introductory quotes and comments **One Hundred and Seventy Chinese Poems**, 1928 **A Hundred and Seventy Chinese Poems** Arthur Waley, 2021-04-26 Excerpt from **A Hundred and Seventy Chinese Poems** In making this book I have tried to avoid poems which have been translated before A hundred and forty of those I have chosen have not been translated by any one else The remaining thirty odd I have included in many cases because the previous versions were full of mistakes in others because the works in which they appeared are no longer procurable Moreover they are mostly in German a language with which my readers may not all be acquainted With some hesitation I have included literal versions of six poems three of the Seventeen Old Poems Autumn Wind Li Fu jen and On the Death of his Father already skilfully rhymed by Professor Giles in *Chinese Poetry in English Verse* They were too typical to omit and a comparison of the two renderings may be of interest Some of these translations have appeared in the

Bulletin of the School of Oriental Studies in the New Statesman in the Little Review Chicago and in Poetry Chicago *Ezra Pound and the Appropriation of Chinese Poetry* Ming Xie, 2021-12-12 First published in 1999 The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century The author explores the be concerned as much with English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century Encyclopedia of Literary Translation Into English: A-L O. Classe, 2000 **Chinese Literature** William McNaughton, 2012-11-13 Almost three thousand years of Chinese literature have been gathered together in Chinese Literature An Anthology from the Earliest Times to the Present Day The earliest preserved folk songs of the peasantry the major works of the Golden Age of Chinese philosophy the prose songs and the later skillful poems of the T ang dynasty the short stories and plays the novels and the poems and stories of men who have made modern China all these are represented in this anthology in complete works or in excerpts Editor William McNaughton presents Chinese literature as an organic development so that the student as well as the general reader can see how genre evolved into genre and form developed into form He has based this presentation on work by Chinese critics and scholars that until recently has not been available outside China In addition to classical writings the poems and stories by twentieth century writers most of which have been newly translated into English give new insights into modern Chinese society and individuals and make this the most complete one volume anthology ever published

Chicorel Index to Poetry in Anthologies and Collections in Print Marietta Chicorel, 1974 *Gary Snyder and the Pacific Rim* Timothy Gray, 2006-10 In Gary Snyder and the Pacific Rim Timothy Gray draws upon previously unpublished journals and letters as well as his own close readings of Gary Snyder s well crafted poetry and prose to track the early career of a maverick intellectual whose writings powered the San Francisco Renaissance of the 1950s and 1960s Exploring various aspects of cultural geography Gray asserts that this west coast literary community seized upon the idea of a Pacific Rim regional structure in part to recognize their Orientalist desires and in part to consolidate their opposition to America s cold war ideology which tended to divide East from West The geographical consciousness of Snyder s writing was particularly influential Gray argues because it gave San Francisco s Beat and hippie cultures a set of physical coordinates by which they could chart their utopian visions of peace and love Gray s introduction tracks the increased use of Pacific Rim discourse by politicians and business leaders following World War II Ensuing chapters analyze Snyder s countercultural invocation of this regional idea concentrating on the poet s migratory or creaturely sensibility his gift for literary translation his physical

embodiment of trans Pacific ideals his role as tribal spokesperson for Haight Ashbury hippies and his burgeoning interest in environmental issues Throughout Gray s citations of such writers as Allen Ginsberg Philip Whalen and Joanne Kyger shed light on Snyder s communal role providing an amazingly intimate portrait of the west coast counterculture An interdisciplinary project that utilizes models of ecology sociology and comparative religion to supplement traditional methods of literary biography Gary Snyder and the Pacific Rim offers a unique perspective on Snyder s life and work This book will fascinate literary and Asian studies scholars as well as the general reader interested in the Beat movement and multicultural influences on poetry *Big Little Man* Alex Tizon,2014 A journalist presents an intimate assessment of the mythology experience and psyche of the Asian American male that traces his own experiences as an immigrant under the constraints of American cultural stereotypes Chinese Fairy Tales Herbert Allen Giles,1911 Convergence of East-West Poetics Zhanghui Yang,2024-07-23 The present book examines William Carlos Williams s negotiation with cultural modes and systems of the Chinese landscape tradition in his landscape writing Focusing on Walliams s landscape modes of landscape with out infused emotions the book builds a linkage between their interactions with Chinese landscape aesthetics and shows how these conversations helped shape Williams s cross cultural landscape poetics The exploration of Williams s experiment with the Chinese serene interplay of self and landscape the interfusion of scene and emotion an idea of seeing from the perspective of Wang Guowei s theory of jingjie and the poetic space of frustration and completion in the context of space and human geography expand the understanding of a cross cultural landscape tradition developed by Williams through bringing into focus the convergence of East West poetics Kenneth Rexroth and James Laughlin Kenneth Rexroth,1991 Frankly H Miller was defended by me only because he spoke against the War and I think that was the main reason for his fame Now I do not believe what with Palmistry Chirography Phrenology and the Great Cryptogram he will survive the retooling period I honestly think he is the most insufferable snob I have ever met but all reformed pandhandlers are like that in a letter from Kenneth Rexroth to James Laughlin **A Hundred and Seventy Chinese Poems** ,1918 **Reconstructing Cultural Memory** International Comparative Literature Association.
