rewarding adventure yet becoming The Better Mom The Homeschool Journey Susan Card, Michael Card, 1997 Susan and Michael Card answer your questions about the practical responsibilities of homeschooling including choosing curriculum teaching children at different levels and planning creative and educational lessons Kingdom of Children Mitchell Stevens, 2009-02-09 More than one million American children are schooled by their parents As their ranks grow home schoolers are making headlines by winning national spelling bees and excelling at elite universities The few studies conducted suggest that homeschooled children are academically successful and remarkably well socialized Yet we still know little about this alternative to one of society's most fundamental institutions Beyond a vague notion of children reading around the kitchen table we don't know what home schooling looks like from the inside Sociologist Mitchell Stevens goes behind the scenes of the homeschool movement and into the homes and meetings of home schoolers What he finds are two very different kinds of home education one rooted in the liberal alternative school movement of the 1960s and 1970s and one stemming from the Christian day school movement of the same era Stevens explains how this dual history shapes the meaning and practice of home schooling today In the process he introduces us to an unlikely mix of parents including fundamentalist Protestants pagans naturalists and educational radicals and notes the core values on which they agree the sanctity of childhood and the primacy of family in the face of a highly competitive bureaucratized society Kingdom of Children aptly places home schoolers within longer traditions of American social activism It reveals that home schooling is not a random collection of individuals but an elaborate social movement with its own celebrities networks and characteristic lifeways Stevens shows how home schoolers have built their philosophical and religious convictions into the practical structure of the cause and documents the political consequences of their success at doing so Ultimately the history of home schooling serves as a parable about the organizational strategies of the progressive left and the religious right since the 1960s Kingdom of Children shows what happens when progressive ideals meet conventional politics demonstrates the extraordinary political capacity of conservative Protestantism and explains the subtle ways in which cultural sensibility shapes social movement outcomes more generally Take Heart (in)courage, 2020-10-20 The in courage community of writers invite you to experience 100 days of a deeper relationship with God no matter what you are going through

Toys for Tots **Power Perfected in Weakness** Christopher Klicka, 2010-09-01 The message in this book is simple God can sustain you through anything Chris Klicka illustrates this truth in this personal journal that he kept during the final years of his life detailing how the Lord showed His grace as Chris lived with the increasing debilitation of multiple sclerosis In Power Perfected In Weakness Chris challenges us to be bold in sharing the Gospel and he points us to the Lord as the source of all our strength and satisfaction Power Perfected in Weakness is the story of one man's suffering through the final battle from this life to life in the presence of God While Chris Klicka the author was a friend and a man whom I respected and loved the value of this book is not the story of Chris Klicka It is the story of how suffering is the Refiner's fire that burns off the dross and brings forth the fine gold of Christ in the believer's life The book will teach you about how to suffer and how Christ's power is perfected in weakness Tedd Tripp author of *Shepherding a Child's Heart*
