Faith in the Public Square Rowan Williams, 2012-11-08 Rowan Williams on critical contemporary issues in his final book as Archbishop of Canterbury *Rowan Williams* Andrew Goddard, 2013-01-02 Rowan Williams has served as Archbishop of Canterbury through one of the most turbulent periods in the history of global Anglicanism He has also faced numerous challenges within the Church of England How has he coped with the huge issues of a divided church and a rapidly changing world What has he done as archbishop when parts of the church are campaigning for an inclusive church with gay partnered clergy and women bishops while others are determined to resist these developments How has he related to other Christian traditions and those of other faiths What has he said about the Iraq war the financial crash Sharia Law In this fascinating assessment Andrew Goddard surveys Archbishop Rowan's time in office Goddard draws on Williams' speeches and writings as well as interviews and comments from those who have worked with him This book shows the pressures faced by an academic scholar who only took on this demanding role because he believed it to be God's call What sort of leader has he been and what sort of legacy does he leave for his successor Justin Welby *A Companion to Public Theology*, 2017-01-23 Winner of the 2017 Choice Outstanding Academic Title Award Public theology has emerged in the twentieth and twenty-first centuries as theologians have increasingly entered the public square to engage complex issues This Companion to Public Theology brings a much needed resource to this relatively new field The essays contained here bring a robust and relevant faith perspective to a wide range of issues as well as foundational biblical and theological perspectives which equip theologians to enter into public dialogue Public theology has never been more needed in public discourse whether local or global In conversation across disciplines its contribution to the construction of just policies is apparent in this volume as scholars examine the areas of political social and economic spheres as well as issues of ethics and civil societies and draw on contexts from six continents Contributors are Chris Baker Andrew Bradstock Luke Bretherton Lisa Sowle Cahill Letitia M Campbell Cludio Carvalhaes Katie Day Frits de Lange Jolyon Mitchell Elaine Graham Paul Hanson Nico Koopman Sebastian Kim Esther McIntosh Clive Pearson Scott Paeth Larry L Rasmussen Hilary Russell Nicholas Sagovsky Dirk J Smit William Storrar David Tombs Rudolf von Sinner Jenny Anne Wright and Yvonne Zimmerman *A New Introduction to Theology* Richard Bourne, Imogen Adkins, 2020-09-17 Encountering theology for the first time is exciting but it can also be daunting Some struggle to connect with doctrinal discussion they perceive to be abstract or abstruse Others may find the scope of theology and the connections between different theological issues dizzying In order to address these difficulties and keep the initial excitement alive *A New Introduction to Theology* offers a range of accessible practical experiential and interactive encounters with the major elements of academic Christian theology The guiding motif of this book is the claim that theology is full-bodied thought The phrase full-bodied shows both the richness of the experience of theology and its nature as a thoroughly embodied encounter with ways of knowing God and God's ways with the world This motif allows the authors to

bring together topics ranging from theology through the arts sexuality and the body and the nature of the church's everyday life to mystical theology spirituality political action and ecology Working imaginatively with the five senses and the notions of loving and resting each chapter provides a range of activities guided discussions and reflections on key theological texts authors and issues This is a unique introduction to the key innovative and interdisciplinary elements from contemporary theology ideal for individual reflection classroom work or flexible and distributed learning

Faith, Politics, and Belonging Ian Geary, 2024-07-19 Drawing on the author's years spent working in and around Westminster this essay collection provides a personal perspective on the themes of faith politics and belonging To understand identity and place we need faith Faith should lead to engagement in the wider world and engagement in the wider world should deepen our faith and sense of purpose In three sections each drawing on his experience Ian Geary reflects on the cognate themes of faith politics and belonging Each section concludes with some questions for discussion and some suggestions for further reading Written from personal experience via immersion in British political life and informed by his understanding of theology the author seeks to animate a generous debate about the key themes not to secure readers' attachment to a cause or political ideology These essays are written in the hope that Christians engaged in politics will find them helpful and that they will also reach a wider audience to show how viewing politics through the lens of faith might yield a fresh perspective Ian Geary would venture to suggest that politics despite its critics is a necessary and good thing

Prayer and Embodiment in Nineteenth-Century Women's Writing Elizabeth Ludlow, 2025-02-20 In the 19th century an era that saw a reconfiguration of the relationship between the self the world and the divine women writers probed the theological depths of embodied faith in new ways through poetry fiction devotional prose and life writing Elizabeth Ludlow explores how through this process they articulated what it means to pray and thereby understand one's place in a world of individual and communal bodies The eight women writers discussed Elizabeth Barrett Browning Josephine Butler George Eliot Elizabeth Gaskell Dora Greenwell Felicia Hemans Adelaide Procter and Christina Rossetti provide accounts of prayer that stress that the only way to experience and respond to something of the transcendent is through embracing lived experience and through a recognition of the connectedness of all bodies In detailing how these writers engage with new ways of thinking about faith desire and the material world Ludlow argues that they offer models for ethical modes of being in the world and pave the way for later theologies of embodiment

Post-Liberal Religious Liberty Joel Harrison, 2020-07-09 Why should we care about religious liberty Leading commentators United Kingdom courts and the European Court of Human Rights have de-emphasised the special importance of religious liberty They frequently contend it falls within a more general concern for personal autonomy In this liberal egalitarian account religious liberty claims are often rejected when faced with competing individual interests the neutral secular state must protect us against the liberty-constraining acts of religions Joel Harrison challenges this account He argues that it is rooted in a theologically derived narrative of secularisation rather than being neutral it rests on

a specific construction of secular and religious spheres This challenge makes space for an alternative theological political and legal vision Drawing from Christian thought from St Augustine to John Milbank Harrison develops a post liberal focus on association Religious liberty he argues facilitates creating communities seeking solidarity fraternity and charity goals that are central to our common good Religious Rules, State Law, and Normative Pluralism - A Comparative Overview Rossella Bottoni,Rinaldo Cristofori,Silvio Ferrari,2016-07-07 This book is devoted to the study of the interplay between religious rules and State law It explores how State recognition of religious rules can affect the degree of legal diversity that is available to citizens and why such recognition sometime results in more individual and collective freedom and sometime in a threat to equality of citizens before the law The first part of the book contains a few contributions that place this discussion within the wider debate on legal pluralism While State law and religious rules are two normative systems among many others the specific characteristics of the latter are at the heart of tensions that emerge with increasing frequency in many countries The second part is devoted to the analysis of about twenty national cases that provide an overview of the different tools and strategies that are employed to manage the relationship between State law and religious rules all over the world

Theology in the Public Square Gavin D'Costa,2013-04-10 This imaginative study rethinks the nature of theology and its role in universities The author sketches out a fascinating project using examples from US and UK institutions whereby theology becomes a transformative force within universities Imagines what a Christian university in which all disciplines have been theologized would look like Feeds into discussions about the religious identity of denominationally linked colleges and universities Forms part of a wider attempt to imagine a vital public role for theology that enables it to serve both the Church and the wider community *The Desecularisation of the City* David Goodhew,Anthony-Paul Cooper,2018-09-21 Major cities have long been seen as centres of secularisation However the number of congregations in London grew by 50% between 1979 and the present London s churches have been characterised more by growth than by decline in the decades since 1980 The Desecularisation of the City provides the first academic survey of churches in London over recent decades linking them to similar developments in other major cities across the West Produced by a large team of scholars from a range of disciplines this volume offers a striking and original portrait of congregational life in London since 1980 Seventeen chapters explore the diverse localities ethnicities and denominations that make up the church in contemporary London The vitality of London s churches in the last four decades shows that secularisation is far from inevitable in the cities of the future This study necessitates a significant reassessment of the dominant academic portrayal of Christianity in Britain and the West which has mostly depicted cities as secular spaces within a secularising culture It will be of great interest to scholars working across a wide range of disciplines including history sociology religious studies and theology **Breaking and Entering** Liz R. Goodman,2016-04-18 When Elizabeth Goodman first arrived at the tiny congregation that would become her home as a pastor a congregation of about seven people in a town of just under a thousand the longest standing member told

her that though the congregation was small her preaching need not be In this collection of sermons readers will witness a mind at work amidst a faithful congregation whose numbers are now around thirty mutually nurtured and together having no small amount of fun Meanwhile the ramifications of the gospel in the world will sneak up and surprise Guided always by a spirit of play and by scripture as it is in conversation with life Goodman illuminates both the quiet suggestions that undo what we think we know and the startling demands that are to be both feared and desired This congregation has a tagline It is not what you think They are probably right

In the Midst of Much-Doing Charles R. Ringma, 2023-05-31 How are we to sustain activism and compassion amidst the

never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to transform the world from within Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation

The Problem of the Christian Master Matthew Elia,2024-05-28 A bold rereading of Augustinian thought for a world still haunted by slavery Over the last two decades scholars have made a striking return to the resources of the Augustinian tradition to theorize citizenship virtue and the place of religion in public life However these scholars have not sufficiently attended to Augustine s embrace of the position of the Christian slaveholder To confront a racialized world the modern Augustinian tradition of political thought must reckon with its own entanglements with the afterlife of the white Christian master Drawing Augustine s politics and the resources of modern Black thought into extended dialogue Matthew Elia develops a critical analysis of the enduring problem of the Christian master even as he presses toward an alternative interpretation of key concepts of ethical life agency virtue temporality against and beyond the framework of mastery Amid democratic crises and racial injustice on multiple fronts the book breathes fresh life into conversations on religion and the public square by showing how ancient and contemporary sources at once clash and converge in surprising ways It imaginatively carves a path forward for the enduring humanities inquiry into the nature of our common life and the perennial problem of social and political domination

Uncommon Prayer Michael Plekon,2016-09-15 In Uncommon Prayer Prayer in Everyday Experience Michael Plekon wants to change our minds on what constitutes prayer In doing so he makes a theological claim that commonplace aspects of the Christian life are best understood as prayer whereby encouraging us to see that everyday

life carries religious import prayer and the religious life are not restricted to special places and times but are open to all believers at all times Plekon examines the works of diverse authors including many who have challenged the status quo of institutional churches He asks us to listen to what poets writers activists and others tell us about how they pray at work and at home with colleagues family and friends in all the experiences of life from joy to suffering sadness to hope Among them are Sarah Coakley Rowan Williams Heather Havrilesky Sara Miles Thomas Merton Mary Oliver Christian Wiman Mary Karr Barbara Brown Taylor Dorothy Day Maria Skobtsova Paul Evdokimov Seraphim of Sarov and Richard Rohr Plekon argues that prayer encompasses a much wider variety of activity than formal and liturgical prayers and that by recognizing such aspects of prayer the believer is made more receptive to transformative aspects of prayerful attitudes

Why the Gospel of Thomas Matters Gethin Abraham-Williams, 2015-07-31 By setting selected sayings from the Gospel of Thomas alongside the disciple's own words from the Fourth Gospel this book challenges the myth of doubting Thomas arguing that uncertainty is an essential element of

any authentic faith experience In an age of increasing anti semitism and religious intolerance it also affirms the importance of the Gospel of Thomas in recovering the essential Jewishness of Jesus Far from undermining the Christian tradition of the Church and its canonical scriptures this book shows how the Gospel of Thomas complements both inviting the reader to reconsider the healthy significance of the Apostle of the Enquiring Mind **Eucharist Shaping and Hebert's Liturgy and Society** Andrew Bishop,2016-03-31 The contemporary Church of England is wrestling with issues around the relationship between its worship and mission and relating both to wider society Much of this hinges on an understanding of the nature of the Church Gabriel Hebert s seminal book Liturgy and Society 1935 took as its subtitle The Function of the Church in the Modern World For many this book inspired engagement with Eucharistic worship with new patterns emerging paving the way for further liturgical reform in the second half of the twentieth century Eucharist Shaping and Hebert s Liturgy and Society re examines Hebert s work doing so uniquely in the light of the current dialogue about Church liturgy and mission Andrew Bishop argues that Hebert s contribution has been overlooked latterly and that a re appreciation opens up fruitful ways of thinking and acting making this book a distinctive contribution to a lively debate If the options are reaction or novelty Eucharist Shaping and Hebert s Liturgy and Society shows how Hebert s thinking subtly undermines both
