Conversations with a Masked Man John Hadden, 2016-02-09 For forty years John Hadden and his father of the same name fought at the dinner table over politics art and various issues concerning America One was haunted by what he had witnessed during his long CIA career from Berlin to Tel Aviv the other retreated to the Vermont woods to direct Shakespeare until finally he confronted his father at the table one last time with a tape recorder Conversations with a Masked Man is a series of conversations Hadden had with his father about the older man's thirty year career as a CIA officer and how American policy affected the family and the world Father and son talk about John senior's early life as a kid in Manhattan his training at West Point the stench of bodies in Dresden after the war Berlin and Vienna in the late forties and fifties at the height of the Cold War the follies of the Cuban missile crisis how he disobeyed orders to bomb Cairo while he was station chief in Israel during the Six Day War and treacherous office politics in Washington The story unfolds in dialogue alternating with the writer's own memories and reflections What emerges is hilarious unexpectedly candid and deeply personal Combining the candid descriptions of the world of the CIA with intimate conversations between a father and son this book is written for the political junkie the psychologist the art lover or anybody who wonders who the hell their father really is

Words on Cassette ,1993 **Unholy Trinity** Mark Aarons, John Loftus, 1998-06-15 Written in riveting fashion by the coauthors of The Secret War Against the Jews Mark Aarons and John Loftus's Unholy Trinity tells one of the darkest tales of World War II After the war had ended fearing a surge of Soviet growth the Papacy entered into an espionage alliance with British and American intelligence agents Subsuming justice to the nascent Cold War ideology these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism The Vatican's Nazi smuggling network was penetrated by Prince Anton Turkul the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin Unholy Trinity exposes Turkul's Red Nazi operation for the first time and shows how Kim Philby the infamous British Soviet double agent and his network were nearly sacrificed to preserve Turkul's Vatican operation Exploring the Vatican's role in aiding Nazi criminals to escape punishment for their crimes this book originally published in 1991 first revealed the Vatican Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi Germany Since its publication major revelations about the role of Swiss banks have confirmed Unholy Trinity's expose of the flight of the Nazi's stolen treasures the new introduction and new final chapters written by Aarons and Loftus for this edition bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss bank story Among other things the authors demonstrate that U S and British code breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press that the code breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U S intelligence chief Allen Dulles and that the Australian British and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them

Covering all these topics and more Unholy Trinity is the definitive history of a series of profoundly disturbing cover ups involving the Holy See Allen Dulles the Swiss banks and the remnants of the Third Reich Radical Islam in America Chris Heffelfinger, 2011-04-30 The radicalization of Muslims and Islamic institutions in the United States Europe and across the Islamic world has fostered a new generation of Islamist activists many of them willing to use violence to achieve their aims In Radical Islam in America Chris Heffelfinger describes the development of the Islamist movement examines its efforts and influence in the West and suggests strategies to reduce or eliminate the threat of Islamist terrorism The book distinguishes Islamism the fundamentalist political movement based on Islamic identity and values from the Muslim faith and explores Islamists substantial inroads with Muslims and Muslim educational institutions in the West since the 1960s as well as the larger relationship between Islamist political activism and militancy Heffelfinger argues that the West has often mischaracterized jihadists as a nihilistic irrational force desiring nothing but death and destruction Instead we need to recognize that Islamists are part of a much broader struggle over the political social economic and legal direction of Muslims around the world Our failure to understand the motives behind terrorist tactics has resulted not only in ineffective counterterrorism strategies but also in the proliferation of Islamist militants and sympathizers Among the hundreds of terrorism related arrests since 9 11 a large number were young socially alienated Muslims who were moved by the jihadist message but not directed by jihadist networks overseas That phenomenon and the ideology behind it is what Western society and governments must fully understand in order to construct a viable policy to confront it This book will appeal to scholars and general readers interested in global politics current affairs Middle East terrorism and counterterrorism Time ,1997
