

THE REPUBLIC ★ ★ ★ OF ★ ★ ★ CONSCIENCE

"A thought-provoking analysis of modern American democracy and how powerful special interests have impacted our national security and civil society. It's a must-read from one of the brightest minds of his generation."

— SENATOR JOHN MCCAIN

GARY HART

"If you're inspired by the pleas-for-change speeches by Bernie Sanders or Elizabeth Warren, or for that matter by Marco Rubio, by all means read this book." — JAMES FALLOWS, *THE ATLANTIC*

Online Book Republic Conscience Gary Hart:

The Republic of Conscience Gary Hart, 2016-02-02 This book is a meditation on the growing gap between the founding principles of the United States Constitution and our current political landscape Going back as early as 400 BC the idea of a true republic has been threatened by narrow special interests taking precedence over the commonwealth The U S Constitution was drafted to protect against such corruption but as this book shows America is nowhere near the republic it set out to be almost 250 years ago falling to the very misconduct it hoped to avoid The New Republic Herbert David Croly, 2003 Our Man George Packer, 2019-05-07 Finalist for the Pulitzer Prize for Biography Winner of the Los Angeles Times Prize for Biography Winner of the 2019 Hitchens Prize Portrays Holbrooke in all of his endearing and exasperating self-willed glory Both a sweeping diplomatic history and a Shakespearean tragicomedy If you could read one book to comprehend American s foreign policy and its quixotic forays into quicksands over the past 50 years this would be it Walter Isaacson The New York Times Book Review By the end of the second page maybe the third you will be hooked There never was a diplomat activist quite like Holbrooke and there seldom has been a book quite like this sweeping and sentimental beguiling and brutal catty and critical much like the man himself David M Shribman The Boston Globe Richard Holbrooke was brilliant utterly self-absorbed and possessed of almost inhuman energy and appetites Admired and detested he was the force behind the Dayton Accords that ended the Balkan wars America s greatest diplomatic achievement in the post Cold War era His power lay in an utter belief in himself and his idea of a muscular generous foreign policy From his days as a young adviser in Vietnam to his last efforts to end the war in Afghanistan Holbrooke embodied the postwar American impulse to take the lead on the global stage But his sharp elbows and tireless self promotion ensured that he never rose to the highest levels in government that he so desperately coveted His story is thus the story of America during its era of supremacy its strength drive and sense of possibility as well as its penchant for overreach and heedless self confidence In Our Man drawn from Holbrooke s diaries and papers we are given a nonfiction narrative that is both intimate and epic in its revelatory portrait of this extraordinary and deeply flawed man and the elite spheres of society and government he inhabited *Senate History* United States. Congress. Senate. Historical Office, 1978 American Jewish History Gary Phillip Zola, Marc Dollinger, 2014-11-04 Presenting the American Jewish historical experience from its communal beginnings to the present through documents photographs and other illustrations many of which have never before been published this entirely new collection of source materials complements existing textbooks on American Jewish history with an organization and pedagogy that reflect the latest historiographical trends and the most creative teaching approaches Ten chapters organized chronologically include source materials that highlight the major thematic questions of each era and tell many stories about what it was like to immigrate and acculturate to American life practice different forms of Judaism engage with the larger political economic and social cultures that surrounded American Jews and offer assistance to Jews in need around the world At the beginning of each

chapter the editors provide a brief historical overview highlighting some of the most important developments in both American and American Jewish history during that particular era Source materials in the collection are preceded by short headnotes that orient readers to the documents historical context and significance **Forthcoming Books** Rose Army,2002

The Achievement of American Liberalism William H. Chafe,2002-12-18 The New Deal established the contours and character of modern American democracy It created an anchor and a reference point for American liberal politics through the struggles for racial gender and economic equality in the five decades that followed it Indeed the ways that liberalism has changed in meaning since the New Deal provide a critical prism through which to understand twentieth century politics From the consensus liberalism of the war years to the strident liberalism of the sixties to the besieged liberalism of the eighties and through the more recent national debates about welfare reform and Social Security privatization the prominent historians gathered here explore the convoluted history of the complex legacy of the New Deal and its continuing effect on the present In its scope and variety of subjects this book reflects the protean quality of American liberalism Alan Brinkley focuses on the range of choices New Dealers faced Alonzo Hamby traces the Democratic Party s evolving effort to incorporate New Deal traditions in the Cold War era Richard Fried offers a fresh look at the impact of McCarthyism Richard Polenberg situates Robert Oppenheimer the father of the atomic bomb in a tradition of liberal thought And Melvin Urofsky shows how the Roosevelt Court set the legal dimensions within which the debate about the meaning of liberalism would be conducted for decades Other subjects include the effect of the Holocaust on relations between American Jews and African Americans the limiting effects of racial and gender attitudes on the potential for meaningful reform and the lasting repercussions of the tumultuous 1960s Provocative illuminating and sure to raise questions for future study *The Achievement of American Liberalism* testifies to a vibrant and vital field of inquiry Canadian Periodical Index ,1998 *America, History and Life* ,1991 **Lying in State** Eric Alterman,2020-08-11 This definitive history of presidential lying reveals how our standards for truthfulness have eroded and why Trump s lies are especially dangerous If there s one thing we know about Donald Trump it s that he lies But he s by no means the first president to do so In *Lying in State* Eric Alterman asks how we ended up with such a pathologically dishonest commander in chief showing that from early on the United States has persistently expanded its power and hegemony on the basis of presidential lies He also reveals the cumulative effect of this deception each lie a president tells makes it more acceptable for subsequent presidents to lie and the media s complicity in spreading misinformation Donald Trump then represents not an aberration but the culmination of an age old trend Full of vivid historical examples and trenchant analysis *Lying in State* is essential reading for anyone seeking to understand how we arrived in this age of alternative facts Arms Control Today ,1982 **The Catholic Periodical and Literature Index** ,2002 Religion in the Oval Office Gary Scott Smith,2015-02-27 Continuing the work of *Faith and the Presidency* OUP 2006 Gary Scott Smith takes on eleven more US presidents and examines the role religion played in their policies personal
