**Revolution to Chaos in Haiti (1804-2019)** Rhodner J Orisma, 2020-01-13 Haiti is a failing state. The country is still unable to provide basic needs such as employment food housing healthcare and education to a majority of its inhabitants in over two centuries after its revolution and Independence of 1804. Relatively incompetent both the nation's government and its opposition ignore moral politics and instead focus on corruption and fighting each other. Though free from French rule the country remains tied to its slave past and violent history. It seems like a socioeconomic and urban consensus cannot be achieved in order to carry out sustainable solutions for the people. This book From Revolution to Chaos in Haiti 1804-2019 Urban Problems and Redevelopment Strategies is an attempt to analyze this situation from a historical perspective. First the Haitian Revolution of 1804 is displayed to show the violent and bloody struggles of outstanding leaders and warriors against colonial powers for the making of a great political and independent nation. Second Haiti's decline is analyzed starting from the assassination of its first leader Jean-Jacques Dessalines in 1806 to the country's bottom rank in the global stratification during the 2010s along with the impact of the catastrophic 2010 earthquake. The main factors noted within this decline are linguistic agricultural urban and HIV AIDS TB healthcare issues and undercapitalization along with ideological confusions capitalism neoliberalism socialism social democracy and political instability **Télé en séries**

*Droit de la finance alternative* Jean-Marc Moulin, 2017-05-11 La finance est en crise mais elle est indispensable la vie des hommes en société. Cependant il serait abusif de considérer la finance comme un tout homogène. En effet loin de la finance conventionnelle qui fait la une de l'actualité il existe une finance dite alternative qui tente de placer et de maintenir l'Homme au centre de son projet et l'horizon de son ambition. Cet ouvrage premier du genre se propose de présenter sous forme d'études réalisées par des spécialistes du droit financier les manifestations de cette finance alternative les outils instruments et techniques juridiques qui existent et qui permettent de concilier finance et humanisme travers l'analyse des critères de développement durable ou religieux appliqués la finance des monnaies alternatives du microcrédit de la notation extra-financière du mutualisme et du coopérativisme en finance du crowdfunding des fonds thématiques du financement associatif du financement alternatif de l'habitat ou du soutien des collectivités publiques aux entreprises ce livre fait en France comme en Espagne au Royaume Uni en Grèce et au Canada un tour d'horizon complet de ce segment du secteur financier souvent mal connu et qui offre non seulement aux Hommes de réaliser leurs projets dans la perspective d'un meilleur collectif Pour rompre avec l'idée que la finance n'est que spéculation et prédation.
