Project Brief: Project Brief

Project Brief: Project Brief

The project brief is a document that provides a clear and concise overview of the project's goals, objectives, and scope. It is a key document that guides the project team throughout the project lifecycle.

- Project Purpose:** The project's purpose is the primary reason for its existence. It is a clear statement of the project's goals and objectives, and it serves as the foundation for the project's strategy and execution.
- Project Scope:** The project's scope is the range of activities and tasks that are included in the project. It is a clear statement of the project's boundaries and the specific tasks that will be performed.
- Project Objectives:** The project's objectives are the specific, measurable, achievable, relevant, and time-bound (SMART) goals that the project team aims to achieve. They are the key performance indicators (KPIs) that will be used to measure the project's success.
- Project Deliverables:** The project's deliverables are the tangible outputs or products that the project team will produce. They are the results of the project's activities and tasks, and they are the final outcome of the project.

10

Before using your project brief, you should first understand the project's goals and objectives. This will help you to identify the key areas of focus and to ensure that the project brief is aligned with the project's overall strategy and vision.

Before you begin

Before you begin your project, you should first understand the project's goals and objectives. This will help you to identify the key areas of focus and to ensure that the project brief is aligned with the project's overall strategy and vision.
