The SAGES Manual of Fluorescence-Guided Surgery Nova Szoka, David Renton, Santiago Horgan, 2023-11-27

Fluorescence guided surgery FGS is defined as a medical imaging technique that uses a fluorescent dye or a near infrared emitting light source to identify anatomic structures during surgical procedures In 2020 alone over 1200 academic articles were published on the topic of fluorescence guidance surgery a sign that this modality is making significant inroads into surgical practice The use of near infrared imaging and FGS is a rapidly growing modality allowing surgeons to see more intraoperatively enhance surgical precision and improve surgical decision making and patient outcomes This manual provides a comprehensive state of the art review of this field and will serve as a valuable resource for clinicians surgeons and researchers with an interest in fluorescence guided surgery guiding patient management and stimulating investigative efforts After initial chapters discussing the history of FGS and the current platforms and devices it presents the most up to date data regarding the use of FGS in multiple surgical fields colorectal hepatic endocrine reconstructive pediatric among others as well as in the treatment of specific conditions such as burns Chapters are generously illustrated with full color figures and intraoperative photographs and selected chapters include video segments Access to a comprehensive resource such as this is currently limited by the relatively new inroads that fluorescence guided technology has made into surgery The SAGES Manual of Fluorescence Guided Surgery fills this gap in the literature

Winning Images with Any Underwater Camera Paul Colley, 2014-05-29 This book will arm and inspire you to transform your underwater photographs whatever camera you use Alex Mustard from the Foreword The best underwater images don't just capture the subject well they also capture mood emotion and atmosphere Unlike most other underwater photography books *Winning Images with Any Underwater Camera* focuses on composition and techniques rather than the all consuming camera technology that people tend to chase first This makes it a supremely cost effective tool for improving images and there is no discrimination between users of different camera systems this truly is a book for all International award winner and instructor Paul Colley reveals the short cuts and shows the vital bits of artistic theory as it applies to underwater photography grappling with composition in much greater depth than in other books He also includes easy to remember reference models for underwater composition pre planned concepts for twelve typical underwater scenes with the principal considerations boiled down to those essentials that will help you achieve great results time and again

Popular Photography, 1991-01 **Hesiod** Apostolos N. Athanassakis, 2022-08-02 This best selling translation of Hesiod's the *Theogony* the *Works and Days* and the *Shield* has been updated into the most indispensable edition yet for students of Greek mythology and literature Next to the works of Homer Hesiod's poems are foundational texts for students of the classics His two major surviving works the *Theogony* and the *Works and Days* address the divine and the mundane

respectively The Theogony traces the origins of the Greek gods and recounts the events surrounding the crowning of Zeus as their king while the Works and Days is a manual of moral instruction in verse addressed to farmers and peasants Though modern scholars dispute the authorship of the Shield ancient texts treat this final poem about the shield of Herakles as unquestionably Hesiodic Introducing his celebrated translations of Hesiod Apostolos N Athanassakis positions the philosopher poet as heir to a long tradition of Hellenic poetry Hesiod s poems demonstrate the author s passionate interest in the governance of human society through justice and a tangible work ethic As a physicist and a materialist Hesiod avoided such subjects as honor and the afterlife His works contain the oldest fundamentals on law and Greek economy making Hesiod the first great thinker of Western civilization Athanassakis s contextual notes offer both comparison to Biblical and Norse mythologies as well as anthropological connections to modern Greece The third edition of this classic undergraduate text includes a thoroughly updated bibliography reflecting the last two decades of scholarship The introductions and notes have been enriched clarifying contextual history and the meaning of Hesiod s own language and themes and notes have been newly added to the Shield Athanassakis has lightly improved his translation throughout the text expertly balancing the natural flow of the verse while adhering closely to the literal Greek
