Om Welvaart En Gerechtigheid:

The Oxford Handbook of Christianity and Economics Paul Oslington, 2014 The new interdisciplinary field of Christianity and economics deals with the important and difficult questions that cluster at the boundary of these disciplines drawing on contemporary theory and empirical findings in both fields with roots in older discourses This landmark volume surveys the field and advances the discussion It deploys historical economic and theological analysis to search for answers

Repertoires of Slavery Sarah Adams, 2025-10-01 Through the lens of a hitherto unstudied repertoire of Dutch abolitionist theatre productions *Repertoires of Slavery* prisms open the conflicting ideological functions of antislavery discourse within and outside the walls of the theatre and examines the ways in which abolitionist protesters wielded the strife ridden question of slavery to negotiate the meanings of human rights subjecthood and subjection The book explores how dramatic visions of antislavery provided a site for re mediating a white metropolitan and at times a specifically Dutch identity It offers insight into the late eighteenth and early nineteenth century theatrical modes tropes and scenarios of racialised subjection and considers them as materials of the Dutch cultural archive or the Dutch reservoir of sentiments knowledge fantasies and beliefs about race and slavery that have shaped the dominant sense of the Dutch self up to the present day

Staging Slavery Sarah J. Adams, Jenna M. Gibbs, Wendy Sutherland, 2023-03-16 This international analysis of theatrical case studies illustrates the ways that theater was an arena both of protest and simultaneously racist and imperialist exploitations of the colonized and enslaved body By bringing together performances and discussions of theater culture from various colonial powers and orbits ranging from Denmark and France to Great Britain and Brazil this book explores the ways that slavery and hierarchical notions of race and civilization manifested around the world At the same time against the backdrop of colonial violence the theater was a space that also facilitated reformist protest and served as evidence of the agency of Black people in revolt *Staging Slavery* considers the implications of both white penned productions of race and slavery performed by white actors in blackface makeup and Black counter theater performances and productions that resisted racist structures on and off the stage With unique geographical perspectives this volume is a useful resource for undergraduates graduates and researchers in the history of theater nationalism and imperialism race and slavery and literature

behoeften van zijn schepselen in alle stadia van hun ontwikkeling Volgens de auteur wordt alles wat we nodig hebben
 voorzien in overeenstemming met onze inspanning en behoefte van de meest basale tot spirituele behoeften allemaal
 afkomstig van een primordiale spirituele substantie die transformeert in overeenstemming met de richting en wil van de
 operator Het boek beschrijft deze substantie als een universeel zaad dat in staat is om op een bijna magische manier te
 reageren op de actieve geest van de mens en het geloof te belonen met concrete vruchten van zijn arbeid De auteur
 benadrukt het belang van de Geest en benadrukt dat alle groei en vermenigvuldiging afhankelijk zijn van deze vitale kracht
 Met een benadering die spirituele concepten combineert met inzichten uit de moderne wetenschap belooft de tekst te
 onthullen hoe de menselijke geest kan worden afgestemd om toegang te krijgen tot en gebruik te maken van deze energie n
 die onze ruimte doordringen waarbij idee n en potentialiteiten worden genoemd die aanwezig zijn in de ether ondanks
 onenigheid over het bestaan ervan Het spirituele perspectief wordt verbreed met de interpretatie dat Jezus vooruitliep op
 veel moderne wetenschappelijke ontdekkingen door te verwijzen naar de ether als het koninkrijk van de hemel toegankelijk
 hier en nu en niet alleen na de dood De auteur stelt dat we in plaats van gegijzeld te worden door blinde mechanische
 krachten door geloof en het bewuste gebruik van onze geest de vitale energie die het universum doordringt kunnen sturen
 ten gunste van onszelf en de wereld Tot slot is de centrale boodschap van het boek een uitnodiging om deze leringen te
 begrijpen en toe te passen waarbij we onze geest gebruiken om een directe verbinding tot stand te brengen met de
 goddelijke supergeest die de voortdurende voorziening in onze dagelijkse behoeften garandeert A R Ribeiro Bibliotheek van
