

# On the Flyleaf

Poetry is a different kind of conversation.  
I am standing in a purple olive grove.  
I scratch my body against the earth of escape.  
I am seeking a secret space where I can breathe  
sun, digest air, soak water, eat fire with my teeth  
and tongue, smell a country I have never traveled.  
I am an exile from slavery. There is darkness in  
my bones. The hellness in my blood runs away.

## On The Flyleaf Poems:

*On the Flyleaf* Herbert Woodward Martin, 2013 Here is Herbert Woodward Martin's ninth book of poems a revelation and celebration of endurance and love It isn't easy to write with a gentle voice that's also stiletto sharp but Herb Martin has done it He is a national treasure *On the Flyleaf* is filled with gems ones you'll want to share with loved ones Ralph Keyes author of *The Courage to Write*

**On the Flyleaf** Ken Cockburn, 2007 In this new collection Ken Cockburn beautifully expresses the interplay between landscape and literature Separated into two complementary sections personal observances of settings in Scotland and abroad mingle with reflections on favourite books encyclopaedias comics and ancient poetry included The first section conveys humankind's need to leave a mark on the world the second looks at how books influence personal experiences It is a worthy addition to any poetry collection

**Tennyson's Poems** R. H. Winnick, 2019-04-18 In Tennyson's *Poems New Textual Parallels* R H Winnick identifies more than a thousand previously unknown instances in which Tennyson phrases of two or three to as many as several words are similar or identical to those occurring in prior works by other hands discoveries aided by the proliferation of digitized texts and the related development of powerful search tools over the three decades since the most recent major edition of Tennyson's poems was published Each of these instances may be deemed an allusion meant to be recognized as such and pointing for definable purposes to a particular antecedent text an echo conscious or not deliberate or not meant to be noticed or not meaningful or not or merely accidental Unless accidental Winnick writes these new textual parallels significantly expand our knowledge both of Tennyson's reading and of his thematic intentions and artistic technique Coupled with the thousand plus textual parallels previously reported by Christopher Ricks and other scholars he says they suggest that a fundamental and lifelong aspect of Tennyson's art was his habit of echoing any work ancient or modern which had the potential to enhance the resonance or deepen the meaning of his poems The new textual parallels Winnick has identified point most often to the King James Bible and to such canonical authors as Shakespeare Milton Dryden Pope Thomson Cowper Shelley Byron and Wordsworth But they also point to many authors rarely if ever previously cited in Tennyson editions and studies including Michael Drayton Richard Blackmore Isaac Watts Erasmus Darwin John Ogilvie Anna Letitia Barbauld Letitia Elizabeth Landon John Wilson and with surprising frequency Felicia Hemans Tennyson's *Poems New Textual Parallels* is thus a major new resource for Tennyson scholars and students an indispensable adjunct to the 1987 edition of Tennyson's complete poems edited by Christopher Ricks

**The Complete Poetry of Robert Herrick** Tom Cain, Ruth Connolly, 2013-11-21 Robert Herrick has long been one of the best loved of English lyric poets Known through the centuries as the author of *Gather ye rosebuds* he also wrote as this new edition shows hundreds of songs epigrams and longer poems equally worthy of attention Volume I of this new edition of Herrick's work contains *Hesperides* Herrick's only published collection As well as the commentary on *Hesperides* volume II contains the fifty nine surviving manuscript poems which can be firmly attributed to Herrick and on which his reputation was based

before 1648 It is an ambitious and original attempt to recover for the first time the history of Herrick's corpus of manuscript poetry and to identify how his poems circulated and who his copyists and readers were By establishing the type of sources to which they had access and the nature and quality of the poems these sources contained and through the histories of transmission that accompany every poem this volume offers a significant body of evidence that deepens our critical understanding not only of Herrick's poetry but of the mechanics of scribal publication and the culture of reading writing and performing poetry and music in early modern England Where as is often the case a musical setting survives this is also printed along with a commentary on the setting in a form which is designed to encourage the performance of the lyrics

*The Canon of Sir Thomas Wyatt's Poetry* Richard C. Harrier, Sir Thomas Wyatt, 1975 Thomas Wyatt is the finest English poet between Chaucer and the Elizabethans Many poems have been wrongly attributed to him however and the authenticity of different versions of his lyrics has been a matter of dispute Richard Harrier makes a significant contribution both by establishing accurate texts and by determining the canon itself The only solid foundation for the Wyatt canon is his personal copybook the Egerton MS here reproduced in a diplomatic text The apparatus records all changes within the manuscript and all contemporary variants explanatory notes are provided This volume which includes a detailed and comprehensive analysis of the sources will stand as the ultimate authority for the text and canon of Wyatt's poems

**The Middle English Lyric and Short Poem** Rosemary Greentree, 2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love carols and songs and rhymes of everyday life

Decadent Conservatism Alex Murray, 2023-06-14

British Decadent literature was a radical attack on conventional morality and middle class taste its insistence on the autonomy of art and its exploration of sexuality dissipation and depravity at odds with the literary and social establishment Yet this counter cultural narrative has obscured the often reactionary and elitist tendencies of Decadent writers and artists of the fin de siècle Decadent Conservatism offers the first in depth examination of the intersection of Decadence and conservatism arguing that underpinning both was the desire to find alternatives to liberal modernity Both Decadents and conservatives turned to the past to uncover values and models of social organisation that could offer stability in a chaotic world From well known figures such as Oscar Wilde and W B Yeats through to the forgotten editors of short lived periodicals important female aesthetes such as Michael Field and politicians such as Arthur Balfour Decadent Conservatism challenges conventional understandings of the relationship between aesthetics politics and the past in late Victorian Britain Through a series of thematic chapters exploring the alternative communities created by little magazines the politics of Individualism investments in monarchy and religion Folk Decadence and jingoistic and nationalist responses to the Second Anglo Boer war this study offers a new and much messier picture of fin de siècle literary politics It will be of interest to those working on Victorian literature and modernism as well as social political and cultural history of the period 1880 1920
