On The Scene II Status Check:

On the Scene II George O. Love, 2009-10-13 The Wright family continues with their lives in *On The Scene II Status Check*. After the tragic shooting on the Texas Tower, Stacy finds herself in a struggle to help her father save the life of her mother, taken down by a would-be suitor. Stacy and Kimberly continue their quest for gymnastic titles while tragedies they deal with their chaotic and exciting home life. Kevin's work remains a constant source of controversy between him and Helen, but Helen's brush with death opens her eyes to her past actions and the family she has betrayed. New experiences open to all our characters as they deal with day-to-day life and death situations and more complicated societal issues. Kevin rescues a child for the second time during *On The Scene II*. A tragedy brings the Wright family together yet ambitions threaten to tear them apart. Sit back and ride along. More emergency calls place stress on Kevin, his staff, and his family. Hamlet, 1964 **Law**

Despite various poststructuralist rejections of the idea of a singular author-genius, the question of a textual archetype that can be assigned to a named author is still a common scholarly phantasm. The Romantic idea that an author created a text or even a work autonomously is transferred even to pre-modern literature today. This ignores the fact that the transmission of medieval and early modern literature creates variances that could not be justified by means of singular authorships. The present volume offers new theoretical approaches from English, German, and Scandinavian studies to provide a historically more adequate approach to the question of authorship in premodern literary cultures. Authorship is no longer equated with an extra-textual entity but is instead considered a narratological, inner, and intertextual function that can be recognized in the retrospectively established beginnings of literature as well as in the medial transformation of texts during the early days of printing. The volume is aimed at interested scholars of all philologies, especially those dealing with the Middle Ages or Early Modern Period.
