Intensified Studies Program,1983 **Loving the Poor, Saving the Rich** Helen Rhee,2012-11-01 The issue of wealth and poverty and its relationship to Christian faith is as ancient as the New Testament and reaches even further back to the Hebrew Scriptures From the beginnings of the Christian movement the issue of how to deal with riches and care for the poor formed an important aspect of Christian discipleship This careful study shows how early Christians adopted appropriated and transformed the Jewish and Greco Roman moral teachings and practices of giving and patronage As Helen Rhee illuminates the early Christian understanding of wealth and poverty she shows how it impacted the formation of Christian identity She also demonstrates the ongoing relevance of early Christian thought and practice for the contemporary church We Have Plenty Lorena M. Parrish,2025-09-23 The Black church often maintains an allegiance to white Western approaches to wealth and material acquisition In doing so it can ignore Jesus s teachings on poverty wealth and materialism The church s ambivalence toward Jesus s understandings of poverty and wealth uniquely impacts the spiritual and material well being of Black women and the Black community As a womanist theologian Lorena Parrish argues that the Black church needs a new liberative way forward In We Have Plenty Parrish traces the history of theologies of prosperity to help scholars and practitioners understand the long standing appearance of prosperity gospels in the Western church In doing so she explores selected sermons and writings of St Augustine John Calvin John Wesley and Walter Rauschenbusch to show how theologies of prosperity have long been embedded in mainline Christianity sometimes imperceptibly so Parrish argues that recognizing these trajectories is critical for the Black church s capacity to foster pathways toward communal liberation and wholeness Parrish offers a womanist theology that hearkens to the liberative work of Fannie Lou Hamer s Freedom Farm Collective and illumines contemporary initiatives that cultivate pathways toward Black communal abundance Parrish shows how equipping Black church pastors and community leaders with tools to build similar strategies better positions the church and community in turn to promote more equitable human relations and communal asset building and sharing We Have Plenty offers a moral imagination for theologians church leaders and community activists to envision Black communal abundance and thriving in light of Jesus s teachings **Missions and Money** Jon Bonk,2006 This revised edition of *Missions and Money* offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the lights of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers of Asians Africans and Latin Americans leaving their homelands to serves as missionaries to other people The
