ever happened in Canada From his mother s obsession with all things English even the marmalade to his own love for American music like Rhapsody in Blue Canada seemed too small too parochial for his ambitions Moving to Britain in his mid twenties MacNeil was suddenly exposed to a country with thousands of years of history extraordinary theatre and culture But it was in America that MacNeil finally found his country America a land of contrasts and possibilities A journalist for NBC and later for PBS on the MacNeil Lehrer NewsHour MacNeil was a witness to many of the current events that shaped the last century the erection of the Berlin Wall Kennedy s election and assassination the Cuban Missile Crisis Watergate and finally September 11 2001 As the well respected and trenchant news reporter brought world issues to the American public he discovered that his Canadian values and upbringing allowed him some valuable detachment and perspective And when MacNeil returned to Nova Scotia after 40 years he found his country of birth much changed multiculturalism and diversity had caused Canadian culture to blossom in his absence With charm and warmth but also with a piercing eye on the century MacNeil looks at the meanings of patriotism nationalism and home and explains why he finally made the decision to become an American citizen Excerpt from Looking for My Country I grew up in a nation trying to build a distinctive culture in an environment that constantly threatens extinction physical from the north and political cultural from the south Each fear in its own way reinforces the other The inhospitality of the northern climate induces Canadians to drift southwards and the magnet of American material prosperity and opportunity reinforces that urge Yet the fear of being swallowed ingested by the American leviathan makes Canadians draw back shrinking from the smothering embrace to find a source of national pride and identity in overcoming the natural human fear of perishing in frozen wastes Peter Gzowski the late beloved CBC radio host once ran a contest which produced this inspired response As Canadian as possible under the circumstances     **A Conversation with my Country** Alan Duff,2019-07-02 A fresh personal account of New Zealand now from one of our hardest hitting writers Following Once Were Warriors Alan Duff wrote Maori The Crisis and the Challenge His controversial comments shook the country A quarter of a century later New Zealand and Maoridom are in a very different place And so is Alan he has published many more books had two films made of his works founded the Duffy Books in Homes literacy programme and endured some less inspiring moments including bankruptcy Returned from living in France he views his country with fresh eyes as it is now homing in on the crises in parenting our prisons education and welfare systems and a growing culture of entitlement that entraps Pakeha and Maori alike Never one to shy away from being a whetstone on which others can sharpen their own opinions Alan tells it how he sees it     *Steam Shovel and Dredge* ,1920
