BLOODY HARVEST, 2016-05-12 The Coalition to Investigate the Persecution of the Falun Gong in China CIPFG has asked us to investigate allegations of organ harvesting of Falun Gong practitioners in China The coalition is a non governmental organization registered in Washington D C U S A with a branch in Ottawa Canada The request came formally by letter dated May 24 2006 attached as an appendix to this report The request was to investigate allegations that state institutions and employees of the government of the People s Republic of China have been harvesting organs from live Falun Gong practitioners killing the practitioners in the process In light of the seriousness of the allegations as well as our own commitment to respect for human rights we accepted the request **Outcome Harvesting** Ricardo

Wilson-Grau, 2018-11-01 Are you a grant maker manager or evaluator who must assess your work to improve as well as be accountable for the use of resources and results Does the project program or organization you fund manage or evaluate contend with substantial uncertainty about what to do and what will be the results Do you thus experience constant change and unexpected and unforeseeable actors and factors in your intervention Do you need to know what you are achieving and how in real time And therefore do you seek an alternative to conventional monitoring and evaluation of social change results If yes then you are the audience for this book Beginning in 2002 working closely with co evaluators and commissioners of evaluations the author developed Outcome Harvesting to enable evaluators grant makers and managers to identify formulate verify and make sense of changes that interventions have influenced in a broad range of cutting edge innovation and development projects and programs around the world Over these years he led Outcome Harvesting evaluative exercises involving almost 500 non governmental organizations networks government agencies funding agencies community based organizations research institutes and university programs In over fifty evaluations with forty co evaluators he has harvested thousands of outcomes on six continents Outcome Harvesting has proven useful in evaluations of a great diversity of initiatives human rights advocacy political economic and environmental advocacy arts and culture health systems information and communication technology conflict and peace water and sanitation taxonomy for development violence against women rural development organic agriculture participatory democracy waste management public sector reform good governance eLearning social accountability and business competition amongst others In this book the author explains the steps of Outcome Harvesting and how to customize them according to the nine underlying principles He shares his experience and gives practical advice on how to work with Outcome Harvesting and remain true to its essential features *The Rebel's Clinic* Adam Shatz, 2024-01-23 One of The New York Times s 100 Notable Books of 2024 One of the Washington Post s 50 Best Nonfiction Books of 2024 Longlisted for the National Book Critics Circle Award for Biography Named a best book of 2024 by The New Yorker Vulture Los Angeles Review of Books Foreign Affairs The New Republic Longlisted for the 2024 Baillie Gifford Prize for Non Fiction Nimble and engrossing An exemplary work of public intellectualism Becca Rothfeld The

Washington Post Undoubtedly the best biography of Fanon A remarkable achievement Robert J C Young Los Angeles Review of Books A revelatory biography of the writer activist who inspired today s movements for social and racial justice In the era of Black Lives Matter Frantz Fanon s shadow looms larger than ever He was the intellectual activist of the postcolonial era and his writings about race revolution and the psychology of power continue to shape radical movements across the world In this searching biography Adam Shatz tells the story of Fanon s stunning journey which has all the twists of a Cold War era thriller Fanon left his modest home in Martinique to fight in the French Army during World War II when the war was over he fell under the influence of Existentialism while studying medicine in Lyon and trying to make sense of his experiences as a Black man in a white city Fanon went on to practice a novel psychiatry of dis alienation in rural France and Algeria and then join the Algerian independence struggle where he became a spokesman diplomat and clandestine strategist He died in 1961 while under the care of the CIA in a Maryland hospital Today Fanon s *Black Skin White Masks* and *The Wretched of the Earth* have become canonical texts of the Black and global radical imagination comparable to James Baldwin s essays in their influence And yet they are little understood In *The Rebel s Clinic* Shatz offers a dramatic reconstruction of Fanon s extraordinary life and a guide to the books that underlie today s most vital efforts to challenge white supremacy and racial capitalism Includes 8 pages of black and white photographs *Forsaken Harvest* Luis G. Cueva,2013-12-18 This historical monograph examines the decline of the hacienda estates within Jalisco Mexico during the early decades of the 20th century The book also explores the impact of the land reform program of President Lazaro Cardenas in transforming the agrarian economic structure of the region This study contributes to an ongoing lively debate about the hacienda system and the meaning of the Cardenas reforms This is an important work because it explores the evolution of a regional socio economic system that promoted urban industrial growth at the expense of the rural poor The model of regional development described is applicable to other areas of Mexico and underdeveloped Third World nations with extensive peasant populations The research for this investigation has wider implications regarding issues of global hunger and malnutrition Exploring Personhood in Contemporary Times Lemuel W. Watson,2023-03-01 With the dawn of research into leader behaviors scholars differentiated between being task oriented which is important and also being people oriented People matter And we tend to guard against leader attitudes that treat persons as objects as passive or inert as instruments as so much clay to be shaped and molded Hannah Arendt 1958 rejected the idea that leadership is like work in which a craftsman picks up the raw materials and the requisite tools in order to create a product according to an image in his head No she said leadership is social action in which we all participate each with his or her unique and creative spontaneity collaborating in an erratic cascade toward the future Leadership is something people do together And to achieve that vision we must acknowledge each other as persons and not as figures in a ledger or pieces on a chessboard This volume is intended as a call to be curious about what we take for granted as individuals educators and leaders In essence to ask ourselves the more difficult questions

about who we are as we recognize our need for others within a community What does it mean to be a person and to recognize another's personhood Nathan Harter 2021 draws us into a space to dialogue with ourselves about the notion of personhood as leaders So what does it mean to be a person And what does it mean to treat someone as a person What does anyone owe another person p 4 In what way then do leaders contend with such questions as they are becoming becoming better leaders becoming better individuals becoming their sacred selves A person centered ethic would be universal in scope yet adapted to local conditions that many leaders must deal with on a daily basis Nearly every religion already addresses both what it means to become a person and what one owes a person ethically regardless of race ethnicity nationality or other affiliation Regardless if organizations deal directly with the notion of personhood leaders deal with the workplace challenges of which the human bring him or her entire self to the unit Hence a comprehensive and integrate context forces us to revisit our assumptions about who exactly is a person and what they might deserve This volume would bring those voices into conversation In addition we intend to complicate the question by extending similar questions into emerging areas of increasing relevance in a technological age that crosses geographic boundaries such as online presences corporate entities and the prospects of Artificial Intelligence If anything an expanded interdisciplinary and global context makes this volume relevant and timely for leaders and leadership studies across multiple fields of study and professions

Just Price Theory Joaquín Reyes, 2023-08-10 This book presents an original theory of the just price and it is a welcome addition to scholarship on a radically underdeveloped field This work reassesses the age old idea that there is a just price of things one that goes beyond the Scholastic tradition of the just price and its exclusive concern with commutative justice There is more to just price theory than the concern for keeping equality of value between goods exchanged Modern concerns over efficiency autonomy and distributive justice can also find a place within a theory of the just price The book Presents a new approach to just price theory through a broad analysis of different values and the incorporation of those conceptions into a wider normative framework Argues that these different values ground varied conceptions of the just price and Promotes a virtue based approach to price justification as an adequate framework for meeting the challenges that stem from each conception Perfect for scholars and students in the fields of jurisprudence philosophy of private law contract law and political theory this book makes a significant contribution to legal theory and the emerging field of the philosophy of economics

The Killer Trail, 2009-10-22 The Killer Trail tells the tale of one of the most notorious atrocities to take place during the European scramble for Africa a real life story of insane violence in the heart of an exotic continent that eerily prefigures fictional accounts such as The Heart of Darkness and Apocalypse Now The Voulet Chanoine mission left Dakar in 1898 for the centre of Africa and the region of Lake Chad with the aim of establishing effective borders between the French and British empires while pacifying a notoriously belligerent region Wreaking havoc as it went along the mission degenerated into an extraordinary display of colonial violence and cruelty leaving a trail of pillage murder and enslavement of the local

inhabitants in its wake When the story of its outrages reached Paris in 1899 there was a public uproar and a second mission was dispatched to investigate Eventually on July 14 1899 the two missions met and confronted each other in a dramatic shootout which led Voulet and Chanoine to declare their independence from France and their desire to establish an African kingdom under their own rule But their mad dreams of kingship were soon cut short when they fell prey to a mutiny among the African soldiers under their command in which they were both killed The whole bizarre tale of Voulet and Chanoine's mission sharply divided opinion back home in France but was eventually explained away as the action of two deranged minds Yet as Bertrand Taithe shows it was not simply a tale of individual insanity In many ways the actions of Voulet and Chanoine and their men simply took the violence of European colonialism to a logical extreme while the way in which the whole affair was soon forgotten is highly revealing of western attitudes to imperial excess in Africa and elsewhere

A Political Psychoanalysis for the Anthropocene Age Ryan LaMothe,2023-09-11 A Political Psychoanalysis for the Anthropocene Age presents an evaluation of the politics of climate change and considers how psychoanalysis can contribute to this discourse Presented in two parts the book first uses a psychoanalytic approach to interrogate political economic realities and their impact on shaping Western political selves in the Anthropocene age Ryan LaMothe identifies core illusions of the Western psyche and how they shape behavior and relations as well as how they are implicated in various emotional responses to climate change like eco mourning and eco denial Topics such as political dwelling sovereignty political violence and change climate obstacles such as capitalism nationalism and imperialism and the problem of hope are explored using psychoanalytic and philosophical perspectives LaMothe then considers the role of psychoanalysis in the public political realm as well as how a psychoanalytic political perspective invites reforming the education and practice of psychoanalysis A Political Psychoanalysis for the Anthropocene Age will be thought provoking reading for psychoanalysts and psychotherapists as well as anyone interested in the politics of climate change

Articulating Security Isobel Roele,2022-03-10 We live in a world of mobile security threats and endemic structural injustice but the United Nations go to solution of strategic management fails to stop threats and perpetuates injustice Articulating Security is a radical critique of the UN's counter terrorism strategy A brilliant new reading of Foucault's concept of disciplinary power and a daring foray into psychoanalysis combine to challenge and redefine how international lawyers talk about security and management It makes a bold case for the place of law in collective security for if law is to help tackle injustice in security governance then it must relinquish its authority and embrace anger The book sounds an alarm to anyone who assumes law is not implicated in global security and cautions those who assume that it ought to be

Choice and conscience: Lessons from South Africa for a global debate Satang Nabaneh,2023-11-08 Choice and Conscience offers a fresh and insightful perspective on the highly debated issue of conscientious objection in abortion care Satang Nabaneh's socio legal approach which draws on both traditional legal scholarship and African feminist intellectual traditions provides a nuanced understanding of how legal norms construct and

Undoing Modernity Catherine R Rhodes, 2025-01-07 An ethnography of the decolonization of Maya ness [Australian Television](#) Graeme Turner, 2020-07-28 Media communications and cultural studies form a rapidly growing part of secondary and tertiary education in Australia yet there have been few books dealing specifically with Australian television This is the first wide ranging study of television in Australia and includes a coverage of the cultural and institutional history of Australian television as well as examining a wide range of television programming Prisoner Perfect Match Hey Hey It s Saturday A

Country Practice Vietnam and Beyond 2000 are some of the programs described and analysed. Issues are raised such as the relationship between children and television, the role of the television documentary and the function television serves in constructing communities. The contributors to Australian Television Programs Pleasures and Politics include some of the leading researchers in Australian television and cultural studies and their articles employ a wide range of methods from semiotic analyses to cultural histories. Despite their dealing with often quite sophisticated problems, the chapters are written in an accessible and lively manner. This is an important collection which opens out space for more informed and challenging discussions of Australia's television culture, its programs, its meanings, its pleasures and its politics. It will be an invaluable text for all tertiary television media studies, communications studies, Australian studies and cultural studies programs. **The Palestinians** Cheryl Rubenberg, 2003. A forceful penetrating critique of the Oslo Accords and their devastating aftermath.

The Public Realm and the Public Self Shiraz Dossa, 2006-01-01. From the time she set the intellectual world on fire with her reflections on Eichmann, 1963, Hannah Arendt has been seen essentially as a literary commentator who had interesting things to say about political and cultural matters. In this critical study, Shiraz Dossa argues that Arendt is a political theorist in the sense in which Aristotle is a theorist and that the key to her political theory lies in the twin notions of the public realm and the public self. In this work, the author explains how Arendt's unconventional and controversial views make sense on the terrain of her political theory. He shows that her judgement on thinkers, actors and events as diverse as Plato, Marx, Machiavelli, Freud, Conrad, Hobbes, Hitler, the Holocaust, the French Revolution and European colonialism flow directly from her political theory. Tracing the origins of this theory to Homer and Periclean Athens, Dossa underlines Arendt's unique contribution to reinventing the idea and the ideal of citizenship, reminding us that the public realm is the locus of friendship, community, identity and in a certain sense, humanity. Arendt believes that no one who prefers his or her private interest to public affairs in the old sense can claim to be fully human or truly excellent. **Reconceptualizing Security in the**

Americas in the Twenty-First Century Bruce M. Bagley, Hanna Samir Kassab, Jonathan D. Rosen, 2015-02-19. *Reconceptualizing Security in the Americas in the Twenty-First Century* illustrates the various security concerns in the Americas in the twenty-first century. It presents the work of a number of prolific scholars and analysts in the region. The book offers new theoretical and analytical perspectives. Within the Americas, we find a number of important issues, security issues. Most important are the threats that supersede borders: drug trafficking, migration, health and environmental. These threats change our understanding of security and the state and regional process of neutralizing or correcting these threats. This volume evaluates these threats within contemporary security discourse. Preacher and Homiletic Monthly, 1884.

Homiletic Review, 1884. **Digital Technologies, Elections and Campaigns in Africa** Duncan Omanga, Admire Mare, Pamela Mainye, 2023-11-15. This book looks at how digital technologies are revolutionizing electoral campaigns and democratization struggles in Africa. Digital technologies are giving voice and civic agency to a cross-section of African voters.

providing important spaces for political engagement and debate Drawing on cases from Kenya Uganda Mozambique Nigeria Ethiopia and Zimbabwe amongst others this book traces the shifts and tensions in this changing electoral communications landscape In doing so the book explores themes such as hate speech and disinformation decolonisation surveillance internet shutdowns influencers bots algorithms and election observation and looks beyond Facebook Twitter WhatsApp and YouTube to the increasingly important role of visual platforms such as Instagram and TikTok Particularly highlighting the contribution of African scholars this book is an important guide for researchers across the fields of African politics media studies and electoral studies as well as to professionals and policymakers in political communication

All Power to the Lamb James R. Johnson, 2010-12 Book Summary If you were God writing a book you wanted men to understand would you write it in such a way that men would have to make up meaning in order to understand it or would you write it in such a way that those that seek to understand could actually come to a knowledge of its truth Mt 7 7 The present commentary takes the position that God wrote Revelation in such a way that with sufficient effort and intellectual honesty readers can understand it Certainly there are symbols in Revelation but when God does use symbols He provides inspired interpretations of the symbols This commentary seeks to avoid the mistakes of the views that use the symbolical approach to Revelation preterist continuous historical spiritualist and idealist These approaches suffer from two basic flaws assuming the text is symbolical when it is not and making up meaning regarding the text based on stream of consciousness word association much as one would do looking at Rorschach inkblots This commentary seeks to avoid telling God what He should have said and strives to understand what God actually meant Of all the approaches to understanding Revelation this commentary is most closely aligned with the dispensationalist premillennialist view in that it views Revelation from a literalist futurist perspective It is different from the typical dispensationalist schema in that it views the seven seals as the powers of the Lamb understands the exercise of the powers of the seven seals to be simultaneous processes and casts chapters 8 22 as three parallel prophecies of the Lamb s power over the course of the histories of Israel the nations and the saints This commentary also makes use of many of the non canonical works that provide insight into the spirit world and detail regarding the end of the present age
