during World War I this intense mobility resumed in the 1920s and continued through the 1940s under the French Mandate. A significant number of these migrants settled in Mexico building transnational lives. The Mexican Mahjar provides the first global history of Middle Eastern migrations to Mexico. Making unprecedented use of French colonial archives and historical ethnography, Camila Pastor examines how French control over Syria and Lebanon affected the migrants. This study explores issues of class, race, and gender through the decades of increased immigration to Mexico, looking at narratives created by the migrants themselves. Pastor sheds new light on the creation of transnational networks at the intersection of Arab, French, and Mexican colonial modernisms. Revealing how migrants experienced mobility as conquest, diaspora, exile, or pilgrimage, The Mexican Mahjar tracks global history on an intimate scale. Winner of the 2018 Khayrallah Prize in Migration Studies. *The Rough Guide to Cancun and the Yucatan* Rough Guides, 2011-09-01. This interest in ethnic food and places fueled by media attention and capitalized on by developers contributes to gentrification and the very

people who produced these vibrant foodscapes are increasingly excluded from them Drawing on extensive fieldwork geographer Pascale Joassart Marcelli traces the transformation of three urban San Diego neighborhoods whose foodscapes are shifting from serving the needs of longtime minoritized residents who face limited food access to pleasing the tastes of wealthier and whiter newcomers The 16 Taco illustrates how food can both emplace and displace immigrants shedding light on the larger process of gentrification and the emotional cultural economic and physical displacement it produces It also highlights the contested food geographies of immigrants and people of color by documenting their contributions to the cultural food economy and everyday struggles to reclaim ethnic foodscapes and lead flourishing and hunger free lives Joassart Marcelli offers valuable lessons for cities where food related development projects transform neighborhoods at the expense of the communities they claim to celebrate *The Flavor Journey: Cultural Immersion Through Food* S
