Report to the Board of Regents ... University of Michigan,1929 *Staff Bulletin* University of Michigan. School of Education,1956 Bound volumes of the University of Michigan School of Education Staff bulletin **The Right to Maim** Jasbir K. Puar,2017-10-11 In *The Right to Maim* Jasbir K Puar brings her pathbreaking work on the liberal state sexuality and biopolitics to bear on our understanding of disability Drawing on a stunning array of theoretical and methodological frameworks Puar uses the concept of debility bodily injury and social exclusion brought on by economic and political factors to disrupt the category of disability She shows how debility disability and capacity together constitute an assemblage that states use to control populations Puar s analysis culminates in an interrogation of Israel s policies toward Palestine in which she outlines how Israel brings Palestinians into biopolitical being by designating them available for injury Supplementing its right to kill with what Puar calls the right to maim the Israeli state relies on liberal frameworks of disability to obscure and enable the mass debilitation of Palestinian bodies Tracing disability s interaction with debility and capacity Puar offers a brilliant rethinking of Foucauldian biopolitics while showing how disability functions at the intersection of imperialism and racialized capital

Teaching Outside the Box Mai Abdul Rahman,2018-10-01 In its totality this book explores subjects that are rarely available in primary literature publications and brings diverging fields together that are generally addressed separately in specialty journals The book argues that past school failures are instructive The author identifies the structural and emotional triggers that make it difficult for educators to overcome the social constructs that control the progress of Black students reproduce inequities subvert the socio economic progress of the nation and threaten the legitimacy of the U S public school system One failure is informative successive school failures are

chock full of must avoid school policies and instructional practices The book analyzes the lessons learned from a list of school imposed policies that have molded and determined the academic progress of Black students The author argues that much can be discerned from that which undermined the performance of schoolteachers and public school systems The quantifiable outcomes of past school practices can better inform educators and future teachers and school leaders The book carefully analyzes the organic evolution of educators social constructs that regenerated inequities to reveal the road map for rebuilding genuinely inclusive and equitable public school systems that serve the interests of students and society The book also provides in depth analysis of various disciplines that identify the best methodologies to improve the teaching and learning of Black students homeless students and all other students The book aims to offer a unique perspective by carefully unfolding the built in school structures that obstruct the abilities of school administrators and teachers to bridge the student achievement gaps and meet the objectives of consecutive school reform initiatives The author s distinctive approach stimulates the thinking of the entire field of education and challenges accepted propositions commonly assumed about African American students In short this book offers a perspective that is rarely shared or understood by educators and practitioners in the field of education

Crisis, Chaos and Organizations Daniel J. Svyantek,2022-01-01 The COVID 19 pandemic provides an illustration of how chaotic changes to large systems are caused by small seemingly insignificant environmental events such as the initial case s of COVID 19 in China From this small starting point for the pandemic there have been and continue to be millions of lives lost and trillions of dollars spent trying to alleviate the effects of the COVID 19 pandemic World government and corporate leaders are striving to deal with this pandemic but uncertainty is felt across the globe Unprecedented strategies e g the United States government s multi trillion dollar stimulus package s have been used to halt the spread of COVID 19 These small events cascade throughout larger and larger systems leading to unforeseeable consequences Organizations must experiment and make decisions on how to react Decisions must be made and implemented to see what the effects of these decisions are The chapters in this volume provide important insights for all organizations during this time

of crisis The chapters express bottom up and top down approaches to a crisis initiating environmental change by organizations The chapters provide insight into the way organizations perceive the effect of COVID 19 as 1 a permanent or transitory change in the organization s environment and 2 as a crisis or opportunity Taken together the chapters provide both scientists and practitioners with a starting point for understanding the impact of COVID 19 on organizational theory and on management practice for readers

Sick Schools David V. Anderson,2020-01-10 Who s afraid of for profit education Those who work in non profit or government owned and operated schools Many parents and other stakeholders have been made fearful by this education establishment What s more important to humans nutrition or education Nutrition is more important because it is the prerequisite for other human activities including education What organizations provide food and who pays for the food Food is provided by for profit farmers for profit processors for profit wholesalers and for profit retailers Most food is purchased with the consumers own money but a significant amount is purchased by low income individuals using food stamps Why can t education be provided similarly using education stamps We trust for profit enterprises to provide our food Why can t we trust for profit enterprises to provide K 12 education Fearmongers have frightened us and made us into gullible compliant socialists who despise commercial activities in education Go to the supermarket and ponder its marvelous array of foods and then contemplate how a for profit K 12 education sector would please and amaze its customers

The Death of Public School Cara Fitzpatrick,2023-09-12 A Pulitzer Prize winning journalist shows how conservatives have pushed for a revolution in public education one that threatens the existence of the traditional public school America has relied on public schools for 150 years but the system is increasingly under attack With declining enrollment and diminished trust in public education policies that steer tax dollars into private schools have grown rapidly To understand how we got here The Death of Public School argues we must look back at the turbulent history of school choice Cara Fitzpatrick uncovers the long journey of school choice a story full of fascinating people and strange political alliances She shows how school choice evolved from a segregationist tool in the South in the 1950s to a policy embraced by advocates for educational equity in the North to a conservative strategy for securing government funds for private schools in the twenty first century As a result education is poised to become a private commodity rather than a universal good The Death of Public School presents the compelling history of the fiercest battle in the history of American education one that already has changed the future of public schooling
