Most Dangerous Daniel Ellsberg And The Secret History Of The Vietnam War:

Most Dangerous Steve Sheinkin, 2015-09-22 *Most Dangerous* Daniel Ellsberg and the Secret History of the Vietnam War is New York Times bestselling author Steve Sheinkin's award winning nonfiction account of an ordinary man who wielded the most dangerous weapon the truth. Easily the best study of the Vietnam War available for teen readers. Kirkus Reviews starred review. A YALSA Excellence in Nonfiction Award winner. A National Book Award finalist. A Bulletin of the Center for Children's Books Blue Ribbon book. A Los Angeles Times Book Prize for Young Adult Literature finalist. Selected for the Notable Social Studies Trade Books for Young People List. In 1964 Daniel Ellsberg was a U.S. government analyst helping to plan a war in Vietnam. It was the height of the Cold War and the government would do anything to stop the spread of communism with or without the consent of the American people. As the fighting in Vietnam escalated, Ellsberg turned against the war. He had access to a top secret government report known as the Pentagon Papers and he knew it could blow the lid off of years of government lies. But did he have the right to expose decades of presidential secrets? And what would happen to him if he did it? A lively book that interrogates the meanings of patriotism, freedom, and integrity. The National Book Award finalist. *Most Dangerous* further establishes Steve Sheinkin as a leader in children's nonfiction. This thoroughly researched and documented book can be worked into multiple aspects of the common core curriculum. Gripping. New York Times Book Review. Whistleblowing Nation sheds new light on the tension of secrecy and transparency security and civil liberties and the politics of truth and falsehood *The Obliteration Doctrine* Dan Steinbock,2025-08-01 The Obliteration Doctrine tackles the deadliest canon of 21st century warfare It addresses the abject devastation that this military doctrine has wrought how it was done and those responsible It puts the Genocide Convention s failure to punish and prevent this crime under close scrutiny The Obliteration Doctrine combines lethal forms of warfare scorched earth military tactics collective punishment and civilian victimization with indiscriminate area bombing and counterinsurgency operations What s new about this form of warfare is the chilling mix of artificial intelligence and genocidal atrocities in violation of international law the very foundations of international society and all human life This book shows how the doctrine s implementation in Gaza was facilitated by the United States with Germany the UK Italy and Canada as strategic partners While Israel pulled the trigger in Gaza the weaponry and financial and diplomatic support came from the US led West Hence their complicity in the fatal carnage The rise of this deadly doctrine has been enabled by the West s long opposition to genocide prevention which Raphael Lemkin s quest for effective legislation failed to overcome Fearful of its vulnerability the West succeeded in excluding and diluting core parts of the Genocide Convention addressing colonial atrocities cultural genocide political killings and ethnic cleansing Enforcement was repressed throughout the Cold War and the few tribunals afterward soon proved inadequate The West undermined genocide prevention by shunning preparatory attacks early warnings and incitement prosecution Ex post facto justice records but doesn t preempt genocides Stunningly the Obliteration Doctrine was largely perfected institutionally by Israel two decades before October 7 2023 yet the international community failed to prevent its further implementation which its proponents openly pledged to deploy in the next war That said a broad variety of legal efforts have been launched against Israel and its complicit Western allies in international and domestic courts by many activists and countries increasingly in and by the Global South The erasure of Gaza reflects the tragic inability of the Genocide Convention to prevent the genocides it was created to identify preempt and punish The Obliteration Doctrine has set a horrendous precedent providing a template for new and far worse final solutions to be unleashed on entire nations What Caused the Vietnam War? A Lie Too Big to Fail Lisa Pease, 2018-12-18 In *A Lie Too Big to Fail*, longtime Kennedy researcher of both JFK and RFK, Lisa Pease lays out in meticulous detail how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department, how evidence was deliberately altered and in some instances destroyed, and how the justice system and the media failed to present the truth of the case to the public. Pease reveals how the trial was essentially a sham and how the prosecution did not dare to follow where the evidence led. *A Lie Too Big to Fail* asserts the idea that a government can never investigate itself in a crime of this magnitude. Was the convicted Sirhan Sirhan a willing participant? Or was he a mind-controlled assassin? It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner, allowing readers to form their theories about this event. Pease places the history of this event in the context of the era and provides shocking overlaps between other high-profile murders and attempted murders of the time. Lisa Pease goes further than anyone else in proving who likely planned the assassination, who the assassination team members were, and why Kennedy was deemed such a threat that he had to be taken out before he became President of the
