the United Nations, 1996-01-01 *Irrigation Scheme Operation and Maintenance* is the tenth in the series of training manuals  
on irrigation prepared jointly with ILRI International Institute for Land Reclamation and Improvement The manual presents  
some of the difficulties that irrigation organizations confront in undertaking their duties and provides some orientations on  
how to resolve them The paper then proceeds to discuss the methods of operating an irrigation network and the working  
principles involved The maintenance tasks are discussed To draw similarities and differences the maintenance of a  
motorcycle is used as a reference for the corresponding activities in an irrigation scheme Finally a reference is made to the  
need for having an effective financial control whereby the management of the system has enough resources to undertake the  
operation and maintenance tasks The manual is addressed to small and medium schemes and assumes that the management
