Old Mortality Tales Of My Landlord 1st Series:

Old Mortality Walter Scott, 1816 Old Mortality is a novel by Sir Walter Scott set in the period 1679-89 in south west Scotland. It forms along with *The Black Dwarf* the 1st series of Scott's *Tales of My Landlord*. The two novels were published together in 1816. Old Mortality is considered one of Scott's best novels. After an Introduction to the *Tales of My Landlord* supposedly written by the novel's fictional editor Jedediah Cleishbotham, an introduction by the author describes Robert Paterson, a Scotsman of the 18th century who late in life decided to travel around Scotland re-engraving the tombs of 17th century Covenanter martyrs and who Scott met at Dunottar. In the first chapter of the novel Cleishbotham describes at length meeting Paterson, hearing his anecdotes, and finding other stories of the events to present an unbiased picture.

English Fiction of the Romantic Period 1789-1830 Gary Kelly, 2016-04-15 English Fiction of the Romantic Period 1789-1830 is the first comprehensive historical survey of fiction from that period for many decades. It combines a clear awareness of the period's social history with recent developments in literary criticism theory and history and explains the astounding variety of forms in Romantic fiction in terms of the various cultural, political, social, regional, and gender conflicts of the time. It provides a broad-ranging survey from the major authors and works through to the sub-genres of the period. Jane Austen and Sir Walter Scott are discussed alongside the Gothic Romance, political and feminist fiction, social satire, and regional, rural, and historical novels. It also provides a comparison of the methods of distribution and marketing and the availability of books then and now, examines cheap popular fiction and children's fiction, and considers the recent debate about the place of prose fiction in a Romantic literature hitherto dominated by poetry. **Catalogue of Books in the Boston Library, June, 1830**
