them and certain subjects were painted with striking frequency But despite the exigencies of patronage and iconography all bear testimony to the extraordinary originality of Rubens's art an originality tempered by his keen awareness of the achievements of Italian art and a deep understanding of the Netherlandish tradition And whatever the role assigned to his assistants in the purely mechanical aspects of the execution of these works we are rarely left in doubt about the fluency of his painting the faultless effectiveness of his drawing and the fertility of his invention Introduction page 28 Olieverfschetsen van Rubens, 1953 **Rubens** Roger Adolf d'.
