**Ayahuasca Shamanism in the Amazon and Beyond** Beatriz Caiuby Labate, Clancy Cavnar, 2014-05-21 Beatriz Caiuby Labate and Clancy Cavnar offer an in-depth exploration of how Amerindian epistemology and ontology concerning indigenous shamanic rituals of the Amazon have spread to Western societies and of how indigenous mestizo and cosmopolitan cultures have engaged with and transformed these forest traditions. The volume focuses on the use of ayahuasca, a psychoactive drink essential in many indigenous shamanic rituals of the Amazon. Ayahuasca use has spread to countries far beyond its Amazonian origin, spurring a wide variety of legal and cultural responses. The essays in this volume look at how these responses have influenced ritual design and performance in traditional and non-traditional contexts, how displaced indigenous people and rubber tappers are engaged in the creative reinvention of rituals and how these rituals help build ethnic alliances and cultural and political strategies. These essays explore important classic and contemporary issues in anthropology including the relationship between the expansion of ecotourism and ethnic tourism and recent indigenous cultural revival and the emergence of new ethnic identities. The volume also examines trends in the commodification of indigenous cultures in post-colonial contexts, the combination of shamanism with a network of health and spiritually related services and identity hybridization in global societies. The rich ethnographies and extensive analysis of these essays will allow deeper understanding of the role of ritual in mediating the encounter between indigenous traditions and modern societies.

The Land Beyond Time: Adventure in the Amazon Alexander Molnar, 2000-05 The Land Beyond Time is a non-stop fast-paced action-packed adventure that takes place in the jungles of the Amazon River. It is a story about traitors, sabotage, espionage, greed, hate, love and romance, cold-blooded murder and justice. It is the story about the trials and tribulations of a dozen human beings whose sabotaged aircraft crashes into the Amazon jungle. The crash survivors, 6 men and 6 women, including 2 drug cartel bosses being extradited to the US, now must compete against their individual fears, each other and those unknown, unexplained challenges facing them in the hot, wet, dangerous jungle. The terrifying but strange animals that abound there, like the giant spiders, boars, anacondas and crocodiles, two hostile tribes and the headhunters, a Colombian drug cartel group of professional killers coming to rescue their bosses and a small but elite team of US Marines conducting search and rescue operations for the crash survivors, all are tossed together in the jungles of the Amazon. Our adventure begins during December 1999 in Lima, Peru, when a US military aircraft C-141, preparing to take a number of government passengers back to the US, is commandeered by an Embassy official. He orders the aircraft to take on 10 additional passengers, including two recently captured Colombian drug lords being extradited to the US. Hours into the flight, the plane is sabotaged by

someone onboard and it crashes into the Amazon River dumping the survivors into the hostile terrain north of Manaus Brazil Two of the 12 crash survivors are immediately separated from the main group and have adventures of their own to contend just to remain alive The remaining survivors are captured by one of two hostile tribes the In gou and San gou The survivors are taken to the In gou village and interrogated while second tribe prepares to attack the In gou village to pre empt an escaped prisoner s arrival there who possesses information which could change the delicate balance of power in the jungle Back in Peru an Embassy official is fingered as an espionage agent for the major drug cartel The official gets nervous and runs to his new bosses in Colombia Meanwhile the cartel sends 24 professional killers to retrieve their two drug bosses from the sabotaged aircraft Their additional instructions are to eliminate all the remaining passengers When the aircraft fails to show up at Manaus as planned the cartel s killers immediately begin a search pattern and within hours of finding the crashed aircraft their journey begins Back in Lima the Non Commissioned Officer in Charge NCOIC of the Marine Security Guard MSG Detachment a friend of Al Ranlom a former Marine who is aboard the missing aircraft hears of the espionage and the plane crash Not one to stand by and watch the NCOIC forms an unofficial search and rescue team which picks up the trail of the missing craft and her survivors The dangers to all involved the survivors the cartel s professional killers and the Marine Security Detachment rescuers are found in every turn they take They are all around them in the trees at ground level on under and above the waterways swamps and mangroves These hazards eat away at their self confidence and tears at their moral fabric They are tested continuously passing one test only to encounter another challenge If it isn t attacks by giant spiders anacondas and crocodiles it s tigers flesh eating worms and blood sucking bats Or it s problems from hostile tribes or from the natural environment like earthquakes and lava flows or from the failure of their sophisticated equipment like the GPS systems radios and walkie talk
