On Liberty And Other Essays Oxford Worlds Classics:

On Liberty, Utilitarianism and Other Essays John Stuart Mill, 2015-07-09 it is only the cultivation of individuality which produces or can produce well developed human beings Mill's four essays *On Liberty* *Utilitarianism* *Considerations on Representative Government* and *The Subjection of Women* examine the most central issues that face liberal democratic regimes whether in the nineteenth century or the twenty first They have formed the basis for many of the political institutions of the West since the late nineteenth century tackling as they do the appropriate grounds for protecting individual liberty the basic principles of ethics the benefits and the costs of representative institutions and the central importance of gender equality in society These essays are central to the liberal tradition but their interpretation and how we should understand their connection with each other are both contentious In their introduction Mark Philp and Frederick Rosen set the essays in the context of Mill's other works and argue that his conviction in the importance of the development of human character in its full diversity provides the core to his liberalism and to any defensible account of the value of liberalism to the modern world ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

On Liberty and Other Essays John Stuart Mill, 1998-03-05 Collected here in a single volume for the first time *On Liberty* *Utilitarianism* *Considerations on Representative Government* and *The Subjection of Women* show Mill applying his liberal utilitarian philosophy to a range of issues that remain vital today issues of the nature of ethics the scope and limits of individual liberty the merits of and costs of democratic government and the place of women in society In his Introduction John Gray describes these essays as applications of Mill's doctrine of the Art of Life as set out in *A System of Logic* Using the resources of recent revisionist scholarship he shows Mill's work to be far richer and subtler than traditional interpretations allow ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

The Cambridge Companion to Democracy in America Richard Boyd, 2022-03-24 This collection of essays is an invaluable companion for understanding the composition reception and contemporary legacy of Alexis de Tocqueville's classic work *Democracy in America* Chapters by political theorists intellectual historians economists political scientists and community organizers explore the major intellectual influences on Tocqueville's thought the book's reception in its own day and by subsequent political thinkers and its enduring relevance for some of today's most pressing issues Chapters tackle Tocqueville's insights into liberal democracy civil society and civic engagement social

reform religion and politics free markets constitutional interpretation the history of slavery and race relations gender literature and foreign policy The many ways in which Tocqueville's ideas have been taken up sometimes at cross purposes by subsequent thinkers and political actors around the world are also examined This volume demonstrates the enduring global significance of one of the most perceptive accounts ever written about American democracy and the future prospects for self government *The idea of freedom in Vargas Llosa's fiction* Friedrich Ahnert,2023-10-04 Mario Vargas Llosa's intellectual transformations from socialism to pragmatism and liberalism are reflected in his political and historical fiction From Sartrean anti authoritarianism in *La ciudad y los perros* to an increasingly liberal world view in *Cinco esquinas* *El hroe discreto* or *Travesuras de la ni a mala* this monograph documents the Peruvian Nobel Prize winner's philosophical and literary journey

Nationality, Citizenship and Ethno-Cultural Belonging C. Dumbrava,2014-08-13 This book challenges mainstream arguments about the de ethnicization of citizenship in Europe offering a critical discussion of normative justifications for ethno cultural citizenship and an original elaboration of principles of membership suitable for contemporary liberal democratic states Natural Law Liberalism and the Malaise of Modernity Stephen Boulter,2024-07-22 This book examines modernity itself A single overarching policy recommendation is defended namely that the West ought not to defect from modernity's core commitments to the sciences market economics and liberal democracy despite the litany of complaints that have been and continue to be levelled against it But in addition to this overarching recommendation numerous policy suggestions are made The reader will find discussions as wide ranging as electoral regimes and judicial procedure banking regulations and the ethics of a modern civil service What binds these disparate subsidiary recommendations together is that they are designed to meet the challenges facing modernity while remaining true to its core commitments These subsidiary policy recommendations in turn are not developed in an ad hoc manner but are themselves motivated by a distinct philosophy of modernity which is termed natural law liberalism **Deforming the Reform** Luana Martin-Russu,2022-09-21 This open access book presents an actor centered study on Europeanization based on the assumption that EU driven reforms are highly dependent on the behavior and interests of the key domestic actors Whether or not a state pursues a European and democratic agenda depends on domestic lawmakers Further political elites are pre eminent in deciding on the nature form and content of any law and on the extent to which the rule of law is actually enforced Elites can overcome structural or institutional barriers that stand in the way of achieving their goals The empirical study on Romania presented here lends this observation a more profound meaning it shows how in contexts where high level corruption is the norm rather than the exception self serving political elites cannot be expected to genuinely commit to adopting sound anti corruption reform The book is an inquiry into the motivations that drive legislators to make particular decisions but also into the structural characteristics and dynamics of the elite that invite a selfish rather than responsible and responsive behaviour This publication was supported by funds from the Publication Fund for Open Access Monographs of the Federal State of

Brandenburg Germany **Dialogues on Democracy** Julia Maskivker, 2024-12-03 Dialogues on Democracy offers a panoramic overview of recent and classical debates on the meaning of democracy as a philosophical ideal. It features some of the most central discussions that exist in the literature regarding its value, its purpose, and its possible flaws. Accessibly written and efficiently organized, the book is structured around a fictional conversation involving four participants: a teacher of philosophy and political theory and three of her most notable and dedicated students. Their dialogues capture the essence of some of the most powerful objections and counter objections to democracy and its institutions, allowing the reader to understand the origins and logic of much philosophical thinking concerned with political life. Maskivker provides succinct but highly informative arguments in defense of democracy while deftly addressing serious questions regarding its legitimacy coming from diverse corners of the ideological spectrum. The discussion addresses issues concerned with the justification and institutional plausibility of collective government, citizen equality, political representation, citizen action, civic virtue, and many other themes. Perfectly suited for a first introduction to the philosophical analysis of democracy, the book covers extensive ground in an instructive and dynamic way. In the book, Maskivker also offers her own novel insights regarding the value of democracy and its distinct interpretations, a contribution that makes the book all the more interesting and complete.

Key Features: Introduces important thinkers in the contemporary debate about theories of democracy. Assumes no background knowledge of philosophy or political theory. Written in an engaging dialogue format between four fictional characters: a teacher of philosophy and political theory and three of her most notable and dedicated students.

Reading Political Philosophy Derek Matravers, Jonathan Pike, Nigel Warburton, 2014-05-01 This clear and thorough introduction provides students with the skills necessary to understand the main thinkers' texts and arguments of political philosophy and thought. Each chapter comprises a brief overview of a major political thinker followed by an introduction to one or more of their most influential works and an introduction to key secondary readings. Key features include exercises, reading notes, guides for further reading. The book introduces and assesses Machiavelli's Prince, Hobbes' Leviathan, Locke's Second Treatise on Government, Rousseau's Social Contract, Marx and Engels' German Ideology, Part 1, Mill's On Liberty, and The Subjection of Women. Reading Political Philosophy requires no previous knowledge of philosophy or politics and is ideal for newcomers to political philosophy and political thought.

Readings in the Philosophy of Law Keith Culver, 1999-12-07

Understanding Legitimacy Philip D. Shadd, 2016-12-13 In recent years, political theorists have increasingly focused on the question of legitimacy rather than on justice. The question of legitimacy asks even if legal coercion falls short of being perfectly just, what nonetheless makes it morally legitimate. Yet legitimacy remains poorly understood. According to the regnant theory of justificatory liberalism, legitimate legal coercion is based on reasons all reasonable persons can accept and is conceived in terms of a hypothetical procedure. Philip Shadd argues that this view would effectively de-legitimize all laws given its requirement of unanimity; it wrongly suggests that basic rights are outcomes of political procedures rather than

checks on such procedures and it is paternalistic as it substitutes hypothetical persons for actual persons Where should theorists turn Shadd's perhaps surprising proposal is that they turn to neo Calvinism Founded by the Dutch politician theologian and social theorist Abraham Kuyper 1837-1920 neo Calvinism is a specific variant of Reformed social thought unique for its emphasis on institutional pluralism It has long theorized themes such as church state separation religious diversity and both individual and institutional liberty Out of this tradition Shadd reconstructs an alternative framework for legitimacy The central neo Calvinist insight is this legitimacy is a function of preventing basic wrongs The book develops this insight in terms of three ideas First the wrongs that legitimate regimes must prevent are violations of objective natural rights Second these rights and wrongs presuppose some or another view of basic human flourishing Third Shadd suggests we understand these rights and wrongs as being exogenous That is they are not social constructions but arise outside of human societies even while applying to them While based in a religious tradition of thought religious intolerance is no part of this neo Calvinist theory of legitimacy and in fact runs contrary to neo Calvinism's distinctive institutional pluralism But only by theorizing legitimacy along the lines Shadd suggests can we make sense of convictions such as that some legal coercion is legitimate even amidst disagreement and that paternalistic coercion is illegitimate Neo Calvinism offers a better framework for understanding legitimacy This book will be of particular interest to secular theorists focusing on themes of political legitimacy public reason justificatory or political liberalism or the work of John Rawls and to religious theorists focused on theories of church state separation institutional pluralism and religious diversity

Philosophy Bites Back David Edmonds, Nigel Warburton, 2012-11-22 An original tour through 2 500 years of Western thought 27 of today's leading philosophers each introduce and explore ideas from history's greatest minds

The Authority of Virtue Tristan J. Rogers, 2020-11-09 This book provides a unified account of the connection between justice and the good life It argues that the virtues of character require institutions while good institutions enable persons to live together virtuously Although virtue ethics and political philosophy are rich and sophisticated philosophical traditions there has been an unfortunate divergence in theory and practice between the virtues of character and the virtues of institutions This book has two primary purposes First it reorients political philosophy around the concept of the good life To do so the author addresses the problem of political authority from a virtue ethics perspective He also considers whether a political theory oriented around the good life is compatible with Rawls's notion of reasonable pluralism Second the book explains the relationship between the virtues of institutions and the virtues of character The author shows how institutions support the development and exercise of the virtues of character while examining specific other regarding virtues such as justice and friendship The Authority of Virtue will appeal to scholars and advanced students working in virtue ethics social and political philosophy ancient philosophy and political theory

The Struggle for Development and Democracy: A General Theory Alessandro Olsaretti, 2023-03-13 In *The Struggle for Development and Democracy* Alessandro Olsaretti argues that we need significantly new theories of

development and democracy to answer the problem posed by neoliberalism and the populist backlash namely uneven development and divisive politics heightened by the 9 11 attacks This volume proposes a general theory of development and democracy as part of a unified theory of power emphasizing that development needs markets civil society and the state and also the proper networks and interactions amongst markets civil society and the state Imperialism undermines these interactions and turns countries into providers of cheap land or labour This book begins to sketch the mechanisms at work and to answer one question how did imperialist elites build their power All royalties from sales of this volume will go to GiveWell org in honour of Alessandro Olsaretti s memory

The Right to Equality in European Human Rights Law Charilaos Nikolaidis, 2014-07-25 A right to equality and non discrimination is widely seen as fundamental in democratic legal systems But failure to identify the human interest that equality aims to uphold reinforces the argument of those who attack it as morally empty or unsubstantiated and weakens its status as a fundamental human right This book argues that an understanding of the human interest which equality aims to uphold is feasible within the jurisprudence of the European Court of Human Rights ECtHR and the European Court of Justice ECJ In comparing the evolution of the prohibition of discrimination in the case law of both Courts Charilaos Nikolaidis demonstrates that conceptual convergence within the European Convention on Human Rights ECHR and the EU on the issue of equality is not as far as it might appear initially While the two bodies of equality law are extremely divergent as to the requirements they impose their interpretation by the international judiciary might be properly analysed under a common light to emphasise the substantive dimension of equality in European Human Rights law The book will be of great use and interest to scholars and students of human rights discrimination law and European politics

Free Speech and Democracy in Ancient Athens Arlene W.

Saxonhouse, 2005-12-19 This book illuminates the distinctive character of our modern understanding of the basis and value of free speech by contrasting it with the very different form of free speech that was practised by the ancient Athenians in their democratic regime Free speech in the ancient democracy was not a protected right but an expression of the freedom from hierarchy awe reverence and shame It was thus an essential ingredient of the egalitarianism of that regime That freedom was challenged by the consequences of the rejection of shame *aidos* which had served as a cohesive force within the polity Through readings of Socrates s trial Greek tragedy and comedy Thucydides s History and Plato s Protagoras this volume explores the paradoxical connections between free speech democracy shame and Socratic philosophy and Thucydidean history as practices of uncovering

Why Plato Matters Now Angie Hobbs, 2025-08-28 Professor Angie Hobbs proves in this persuasive and intelligent book that Plato is more relevant than ever Does Plato matter An ancient philosopher whose work has inspired and informed countless thinkers and poets across the centuries his ideas are no longer taught as widely as they once were But as Angie Hobbs argues in this clear sighted book that is a mistake If we want to understand the world we live in from democracy autocracy and fake news to celebrity cancel culture and what money can and cannot do there is no

better place to start than Plato Exploring the intersection between the ancient and the modern Professor Hobbs shows how Plato can help us address key questions concerning the nature of a flourishing life and community healthcare love and friendship heroism reality art and myth making She also shows us how Plato s adaptation of the Socratic method and dialogue form can enable us to deal with contested issues more constructively Plato s methodology arguments ideas and vivid images are explained with a clarity suitable both for readers familiar with his work and for those approaching Plato for the first time This book shows why Plato really matters now more than ever

Self-Realization and Justice Julia

Maskivker,2013-03-01 In this book Maskivker argues that there ought to be a right not to participate in the paid economy in a new way not by appealing to notions of fairness to competing conceptions of the good but rather to a contentious but defensible normative ideal namely self realization In so doing she joins a venerable tradition in ethical thought initiated by Aristotle and developed in the work of important eighteenth and nineteenth century thinkers including Smith Hume and Marx The book engages on going debates in both philosophical and real world political and social policy circles about the provision of basic income grants necessary to make the possibility of self realization real for all Traditional defenses of unconditional welfare benefits emphasize ideals of state neutrality when they claim that society should not discriminate against preferences for leisure in favor of preferences for work According to these views the state ought not to interfere with people s choices about what constitutes the good life In contradistinction Maskivker offers an innovative argument in defense of a particular ideal of the good life namely life goals directed at the pursuit of self realization However her understanding of self realization appeals to modern and contemporary values of freedom and pluralism In a refreshingly new light the book strikes a balance between fascinating debates on the conditions of human flourishing on the one hand and heated discussions about the Welfare State on the other

A New History of Western Philosophy Anthony Kenny,2012-08-16

This book is no less than a guide to the whole of Western philosophy the ideas that have undergirded our civilization for two and a half thousand years Anthony Kenny tells the story of philosophy from ancient Greece through the Middle Ages and the Enlightenment into the modern world He introduces us to the great thinkers and their ideas starting with Plato Aristotle and the other founders of Western thought In the second part of the book he takes us through a thousand years of medieval philosophy and shows us the rich intellectual legacy of Christian thinkers like Augustine Aquinas and Ockham Moving into the early modern period we explore the great works of Descartes Hobbes Locke Leibniz Spinoza Hume and Kant which remain essential reading today In the nineteenth and twentieth centuries Hegel Mill Nietzsche Freud and Wittgenstein again transformed the way we see the world Running though the book are certain themes which have been constant concerns of philosophy since its early beginnings the fundamental questions of what exists and how we can know about it the nature of humanity the mind truth and meaning the place of God in the universe how we should live and how society should be ordered Anthony Kenny traces the development of these themes through the centuries we see how the questions asked and answers

offered by the great philosophers of the past remain vividly alive today Anyone interested in ideas and their history will find this a fascinating and stimulating read ZAP Gerard Casey, 2019-11-18 We re all in favour of free speech except when we re not Often it s a case of free speech for me but not for thee The regulation of speech is a matter that is typically dealt with arbitrarily without there being any obvious principled basis for the decisions that are made Is hate speech so called a form of free speech What of blasphemy in either its ancient or contemporary forms Should certain forms of speech be mandatory As with free speech we re all in favour of tolerance except when we re not Tolerance is increasingly coming to seem well intolerable and new and improved forms of intolerance are everywhere on the rise not least as embodied in the currently fashionable doctrines of diversity inclusion and equality In ZAP Gerard Casey presents a critical and unified approach to both free speech and tolerance based on the Zero Aggression Principle keeping the critical discussion topical and grounded by reference to current events

Whispering the Strategies of Language: An Psychological Journey through **On Liberty And Other Essays Oxford Worlds Classics**

In a digitally-driven earth where displays reign supreme and instant connection drowns out the subtleties of language, the profound strategies and psychological nuances hidden within phrases usually get unheard. On Liberty And Other Essays Oxford Worlds Classics Introduction

In today's digital age, the availability of On Liberty And Other Essays Oxford Worlds Classics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of On Liberty And Other Essays Oxford Worlds Classics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of On Liberty And Other Essays Oxford Worlds Classics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing On Liberty And Other Essays Oxford Worlds Classics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, On Liberty And Other Essays Oxford Worlds Classics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing On Liberty And Other Essays Oxford Worlds Classics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over

60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Liberty And Other Essays Oxford Worlds Classics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Liberty And Other Essays Oxford Worlds Classics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Liberty And Other Essays Oxford Worlds Classics books and manuals for download and embark on your journey of knowledge?

FAQs About On Liberty And Other Essays Oxford Worlds Classics Books

1. Where can I buy On Liberty And Other Essays Oxford Worlds Classics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
