On Shifting Ground Middle Eastern Women In The Global Era:

On Shifting Ground Fereshteh Nouraie-Simone, 2014-09-15 Thoughtful highly relevant and frequently brilliant essays on the contemporary ideas organization activities and agency of Muslim women Nikki Keddie author of Women in the Middle East Past and Present The world has drastically changed in recent years due to armed conflict economic issues and cultural revolutions both positive and negative Nowhere have those changes been felt more than in the Middle East and Muslim worlds And no one within those worlds has been more affected than women who face new and vital questions Has Arab Spring made life better for Muslim women Has new media empowered feminists or is it simply a tool of the opposition Will the newfound freedoms of Middle Eastern women grow or be taken away by yet more oppressive regimes This provocative volume has been updated with a new introduction and two new essays offering insider views on how Muslim women are navigating technology social media public space the tension between secularism and fundamentalism and the benefits and responsibilities of citizenship Nikki Keddie Professor Emerita of Middle Eastern and Iranian History UCLA the Arab World Nadia Yagub, Rula Quawas, 2017-09-27 Women's transgressive behaviors and perspectives are challenging societal norms in the Arab world giving rise to anxiety and public debate Simultaneously however other Arab women are unwillingly finding themselves labeled bad as authority figures attempt to redirect scrutiny from serious social ills such as patriarchy and economic exploitation or as they impose new restrictions on women s behavior in response to uncertainty and change in society Bad Girls of the Arab World elucidates how both intentional and unintentional transgressions make manifest the social and cultural constructs that define proper and improper behavior as well as the social and political policing of gender racial and class divisions The works collected here address the experiences of women from a range of ages classes and educational backgrounds who live in the Arab world and beyond They include short pieces in which the women themselves reflect on their experiences with transgression academic articles about performance representation activism history and social conditions an artistic intervention and afterwords by the acclaimed novelists Laila al Atrash and Miral al Tahawy The book demonstrates that women s transgression is both an agent and a symptom of change a site of both resistance and repression Showing how transnational forces such as media discourses mobility and confinement globalization and neoliberalism as well as the legacy of colonialism shape women s badness Bad Girls of the Arab World offers a rich portrait of women s varied experiences at the boundaries of propriety in the twenty first century Routledge Handbook on Women in the Middle East Suad Joseph, Zeina Zaatari, 2022-12-30 The Routledge Handbook on Women in the Middle East provides an overview of the key historical social economic political religious and cultural issues which have shaped the conditions and status of women in the region The book is divided into eleven thematic sections providing a comprehensive guide to understanding the current and historical contexts of women in the Middle East each giving ground breaking insights into various aspects of women's movements. The importance of historical context including pre Islamic through post colonial

histories The importance of politics and the state in understanding women in the ME Women's roles in political and social movements The impacts of the formal and informal economies and education on women of the region Women's spaces and the creation of publics and counterpublics The effects of war displacement and other forms of gendered violence Women family and the state Discourses and practices of religion Women and health practices Bodies and sexualities Women and sites of cultural production A unique overview of cutting edge research in the key arenas of pre Islamic to post colonial histories this Handbook will affect the way future generations of scholars engage with and add to the vast repository of socio political studies of the Middle East It will thus be of interest to researchers in gender studies women's studies pre Islamic and post colonial studies feminist studies and socio political and socio economic studies Women in the Middle East Nikki R. Keddie, 2012-08-09 Written by a pioneer in the field of Middle Eastern women s history Women in the Middle East is a concise comprehensive and authoritative history of the lives of the region s women since the rise of Islam Nikki Keddie shows why hostile or apologetic responses are completely inadequate to the diversity and richness of the lives of Middle Eastern women and she provides a unique overview of their past and rapidly changing present The book also includes a brief autobiography that recounts Keddie's political activism as one of the first women in Middle East Studies Positioning women within their individual economic situations identities families and geographies Women in the Middle East examines the experiences of women in the Ottoman Empire and Turkey in Iran and in all the Arab countries Keddie discusses the interaction of a changing Islam with political cultural and socioeconomic developments In doing so she shows that like other major religions Islam incorporated ideas and practices of male superiority but also provoked challenges to them Keddie breaks with notions of Middle Eastern women as faceless victims and assesses their involvement in the rise of modern nationalist socialist and Islamist movements While acknowledging that conservative trends are strong she notes that there have been significant improvements in Middle Eastern women s suffrage education marital choice and health Feminisms: Gender and Equality in the Middle East Jean Makdisi, Noha Bayoumi, Rafif Rida Sidawi, 2014-01-29 Is there a truly Arab feminist movement Is there such a thing as Islamic feminism What does it meant to be a feminist in the Arab World today Does it mean grappling with the main theoretical elements of the movement Or does it mean involvement at the grassroots level with everyday activism This book examines the issues and controversies that are hotly debated and contested when it comes to the concept of feminism and gender in Arab society today It offers explorations of the theoretical issues at play the latest developments of feminist discourse literary studies and sociology as well as empirical data concerning the situation of women in Arab countries such as Iraq and Palestine It is certainly not surprising that when looking at the situation on the ground in many countries of the Arab World particularly Palestine Iraq and Lebanon as well as Sudan issues of war civil conflict military occupation and imperialism often override those of gender The place of feminism in this context is extremely problemati as nationalist sectarian religious and class interests not to mention the interests of

occupation authorities and the resistance movements that oppose them supersede feminism as a public concern even among many women Arab feminists are thus either co opted by these interests or find themselves in the frustrating position of negotiating their way through a minefield of contradictory imperatives and loyalties Arab Feminisms examines these contexts and sheds light upon the difficult position in which feminists often find themselves It looks at different social and political situations such as the development of Palestinian feminist discourse in a post Oslo world the impact of the civil war in Lebanon on women and Kuwaiti women s struggles for equality This book therefore offers valuable theoretical analysis as well as indispensable first hand accounts of feminism in the Arab World for those researching gender relations in the Middle The Power and the People Charles Tripp,2013-02-25 This book is about power The power wielded over others by absolute monarchs tyrannical totalitarian regimes and military occupiers and the power of the people who resist and deny their rulers claims to that authority by whatever means The extraordinary events in the Middle East in 2011 offered a vivid example of how non violent demonstration can topple seemingly invincible rulers Drawing on these dramatic events and parallel moments in the modern history of the Middle East from the violent uprisings in Algeria against the French in the early twentieth century to revolution in Iran in 1979 and the Palestinian intifada the book considers the ways in which the people have united to unseat their oppressors and fight against the status quo to shape a better future The book also probes the relationship between power and forms of resistance and how common experiences of violence and repression create new collective identities Nowhere is this more strikingly exemplified than in the art of the Middle East its posters and graffiti and its provocative installations which are discussed in the concluding chapter This brilliant yet unsettling book affords a panoramic view of the twentieth and twenty first century Middle East through occupation oppression and political resistance

Women's Movements in the Global Era Amrita Basu,2018-05-15 This book provides a path breaking study of the genesis growth gains and dilemmas of women s movements in countries throughout the world Its focus is on the global South where women s movements have engaged in complex negotiations with national and international forces It challenges widely held assumptions about the Western origins and character of local feminisms The authors locate women s movements within the terrain from which they emerged by exploring their relationships with the state civil society and other social movements This fully revised second edition contains six new chapters by leading scholars of women and gender studies on both individual countries and on several major regions of the world Europe Africa Latin America and the Maghreb This balanced coverage enables readers to identify regional patterns and also learn from in depth case studies Women s Movements in the Global Era is essential reading for anyone interested in the global scope and implications of feminism

The Oxford Handbook of Islam and Women offers authoritative contributions from well known scholars whose sophisticated and cutting edge research explores the diversity of Muslim women s lives and their accomplishments challenging common stereotypes that are particularly prevalent in the West

Educational,

Psychological, and Behavioral Considerations in Niche Online Communities Venkatesh, Vivek, Wallin, Jason, Castro, Juan Carlos, Lewis, Jason Edward, 2014-02-28 Online communities continue to evolve as more people take on a virtual presence This shift in online communities and the diversity of individuals populating the web has allowed for the emergence of virtual communities centered on niche topics of interests ranging from heavy metal music to indigenous and native culture Educational Psychological and Behavioral Considerations in Niche Online Communities examines the presence of online communities centered around niche topics of interest and the impact of these virtual spaces on community members Taking perspectives from interdisciplinary fields such as sociology psychology and education this publication will appeal to educators psychologists behaviorists students and researchers interested in the impact of virtual communities on individuals as well as the opportunities these online communities present Women, Leadership, and Mosques Masooda Bano, Hilary Kalmbach, 2011-11-25 This volume is the first to bring together analysis of contemporary female religious leadership in ideologically diverse Muslim communities in the Middle East Asia Africa Europe and North America with chapters discussing the emergence consolidation and impact of female Islamic authority Women Rising Rita Stephan, Mounira M. Charrad, 2020-06-09 Groundbreaking essays by female activists and scholars documenting women s resistance before during and after the Arab Spring Images of women protesting in the Arab Spring from Tahrir Square to the streets of Tunisia and Syria have become emblematic of the political upheaval sweeping the Middle East and North Africa In Women Rising Rita Stephan and Mounira M Charrad bring together a provocative group of scholars activists artists and more highlighting the first hand experiences of these remarkable women In this relevant and timely volume Stephan and Charrad paint a picture of women s political resistance in sixteen countries before during and since the Arab Spring protests first began in 2011 Contributors provide insight into a diverse range of perspectives across the entire movement focusing on often marginalized voices including rural women housewives students and artists Women Rising offers an on the ground understanding of an important twenty first century movement telling the story of Arab women's activism Freedom without Permission Frances S. Hasso, Zakia Salime, 2016-09-22 As the 2011 uprisings in North Africa reverberated across the Middle East a diverse cross section of women and girls publicly disputed gender and sexual norms in novel unauthorized and often shocking ways In a series of case studies ranging from Tunisia s 14 January Revolution to the Taksim Gezi Park protests in Istanbul the contributors to Freedom without Permission reveal the centrality of the intersections between body gender sexuality and space to these groundbreaking events Essays include discussions of the blogs written by young women in Egypt the Women2Drive campaign in Saudi Arabia the reintegration of women into the public sphere in Yemen the sexualization of female protesters encamped at Bahrain's Pearl Roundabout and the embodied performative and artistic spaces of Morocco s 20 February Movement Conceiving of revolution as affective embodied spatialized and aesthetic forms of upheaval and transgression the contributors show how women activists imagined inhabited and deployed new spatial

arrangements that undermined the public private divisions of spaces bodies and social relations continuously transforming them through symbolic and embodied transgressions Contributors Lamia Benyoussef Susanne Dahlgren Karina Eileraas Susana Galan Banu G kariksel Frances S Hasso Sonali Pahwa Zakia Salime Women and Politics in the Islamic Republic of Iran Sanam Vakil, 2011-04-21 Women and Politics in the Islamic Republic of Iran looks at the rise and role of female activism in Iran since the 1979 Revolution Since 1979 women have played a decisive role in elections and assumed political posts This study assesses this role as well as the impact of domestic and international policies on women s activism highlighting the contradictions between politics and religion within the Islamic Republic It also seeks to evaluate political and economic developments and the transformations in civil society including the development of a gender conscious society Women and Politics in the Islamic Republic of Iran features original research by Sanam Vakil an Iranian American scholar who conducted interviews with women activists politicians journalists clerics and students in Iran Europe and the U S and used primary sources to specifically links women s activism to the domestic political changes in Iran The book will be an essential resource for anyone studying Iranian politics and seeking to understand better the internal political and social dynamics in Iran and the critical role that women play The Politics of Women's Rights in Iran Arzoo Osanloo, 2009-03-09 In The Politics of Women's Rights in Iran Arzoo Osanloo explores how Iranian women understand their rights After the 1979 revolution Iranian leaders transformed the state into an Islamic republic At that time the country's leaders used a renewed discourse of women's rights to symbolize a shift away from the excesses of Western liberalism Osanloo reveals that the postrevolutionary republic blended practices of a liberal republic with Islamic principles of equality Her ethnographic study illustrates how women s claims of rights emerge from a hybrid discourse that draws on both liberal individualism and Islamic ideals Osanloo takes the reader on a journey through numerous sites where rights are being produced including Qur anic reading groups Tehran's family court and law offices as she sheds light on the fluid and constructed nature of women s perceptions of rights In doing so Osanloo unravels simplistic dichotomies between so called liberal universal rights and insular local culture The Politics of Women's Rights in Iran casts light on a contemporary non Western understanding of the meaning behind liberal rights and raises questions about the misunderstood relationship between modernity and Islam Palestine and the Palestinians in the 21st Century Rochelle Davis, Mimi Kirk, 2013-10-07 Specialists on Palestinian politics history economics and society examine the continuities that bind the twentieth and twenty first centuries Recent developments in Palestinian political economic and social life have resulted in greater insecurity and diminishing confidence in Israel s willingness to abide by political agreements or the Palestinian leadership s ability to forge consensus This volume examines the legacies of the past century conditions of life in the present and the possibilities and constraints on prospects for peace and self determination in the future These historically grounded essays by leading scholars engage the issues that continue to shape Palestinian society such as economic development access to resources

religious transformation and political movements The multidisciplinary essays in this volume portray a nation contemplating the possibility of stalemate hemmed in and searching for outlets to express its self determination Davis and Kirk divide the book thematically into three sections focusing broadly on colonialism and its effects politics and law in the Palestinian territories and the future of the Palestinian state and its place in the international system Publishers Weekly Opposition in the Middle East Dara Conduit, Shahram Akbarzadeh, 2018-09-27 This book uses a Contentious Politics lens to examine patterns of contestation since 2009 and 2011 among the Middle East's most important opposition actors The volume is comprised of seven chapters that ask questions in relation to the responsiveness of opposition groups to their political environments the long term legacies of authoritarianism and whether the post 2009 2011 political environment is better or worse for Middle Eastern oppositions It interrogates the ways in which oppositions have morphed in relation to this changed operating environment subjectively interpreting the costs and benefits of contestation in order to maximise political opportunities To some oppositions changes in the power balance between regime structures and opposition agents led to unprecedented opportunity for political action while for others structures were galvanised to restrict opposition activities In total the volume shows that even though the Arab Uprisings and Green Movement achieved few of their overt goals the events unleashed smaller shifts across the region that have led to a fundamental change in the politics of contestation amongst the region s oppositions These patterns echo experiences in other parts of the world including the coloured revolutions in post Soviet states and the political environment in Chile after Pinochet Hamas and Israel Sherifa Zuhur, 2008 This monograph considers the changing fortunes of the Palestinian movement HAMAS and the recent outcomes of Israeli strategies aimed against this group and Palestinian nationalism external to the Fatah faction of the Palestinian Authority The example of HAMAS challenges much of the current wisdom on insurgencies and their containment As the author Dr Sherifa Zuhur demonstrates efforts have been made to separate HAMAS from its popular support and network of social and charitable organizations. These have not been effective in destroying the organization nor in eradicating the will to resist among a fairly large segment of the Palestinian population It is important to consider this Islamist movement in the context of a region wide phenomenon of similar movements with local goals which can be persuaded to relinquish violence or which could move in the opposite direction becoming more violent Certainly an orientation to HAMAS and its base must be factored into new and more practical and effective approaches to peacemaking At the same time HAMAS offers a fascinating instance of the dynamics of strategic reactions and the modification of Israeli impulses towards aggressive deterrence as well as evolution in the Islamist movements planning and operations As well the Palestinian Israeli conflict bears similarities to a long standing civil conflict even as it has sparked inter Palestinian hostilities in its most recent phase The need for informed and critical discussion of the future of Islamism in the region continues today We offer this monograph to those who wish to consider this particular aspect of the Palestinian Israeli Arab conflict Foreword **Social Dynamics 2.0: Researching**

Change in Times of Media Convergence Nadja-Christina Schneider, Bettina Gräf, 2011-05-01 Mediated forms of communication increasingly influence the social relations and different spheres of life in the region of South Asia Southeast Asia and in the Arab speaking region This volume has a strong focus on the internet and on the diversity of internet based **Islamic Feminisms** Roja Fazaeli,2016-11-10 This communication in the three regions mentioned above P 4 of cover book explores the contentious topic of women's rights in Muslim majority countries with a specific focus on Iran and the Iranian women's movement from 1906 to the present The work contextualizes the authorial self through the use of personal narrative and interviews A new critique of Islamic law is produced through an in depth study of the Iranian Constitution civil and criminal codes The work presents a novel reconceptualization of the term Islamic feminism by revisiting the arguments of various scholars and through analysis of interviews with Iranian women's rights activists It is contended that the feminist movements can play a critical role in Islamic law reform and consequently the eventual implementation of international human rights law in Muslim majority countries What emerges from this study is not only a feminist critique of two major regimes of law but also the identification of possibilities for reform in the future The study transitions from the Iranian national context to the international by way of a comparative legal study of international human rights laws and Islamic laws The book will appeal both to academics and human rights practitioners Routledge Handbook of Political Islam Shahram Akbarzadeh, 2012-03-12 The Routledge Handbook of Political Islam provides a multidisciplinary overview of the phenomenon of political Islam one of the key political movements of our time Drawing on the expertise from some of the top scholars in the world it examines the main issues surrounding political Islam across the world from aspects of Muslim integration in the West to questions of political legitimacy in the Muslim world Bringing together an international team of renowned and respected experts on the topic the chapters in the book present a critical account of Theoretical foundations of political Islam Historical background Geographical spread of Islamist movements Political strategies adopted by Islamist groups Terrorism Attitudes towards democracy Relations between Muslims and the West in the international sphere Challenges of integration Gender relations Presenting readers with the diversity of views on political Islam in a nuanced and dispassionate manner this handbook is an essential addition to the existing literature on Islam and politics It will be of interest across a wide range of disciplines including political science Islamic studies sociology and history
