

ON THE RUN

Fugitive Life in an American City

ALICE GOFFMAN

PICADOR

"Extraordinary."
—MALCOLM GLADWELL

"Alice Goffman's *On the Run* is the best treatment I know of the wretched underside of neoliberal capitalist America . . . [A] poignant portrait of our fellow citizens who struggle to preserve their sanity and dignity."

—DR. CORNEL WEST

On The Run Fugitive Life In An American City

David Kirk

On The Run Fugitive Life In An American City:

On the Run Alice Goffman, 2014-04-22 A remarkable chronicle related with honesty and compassion this ethnography reveals the impact of probation and parole practices on one community Publisher Weekly The War on Drugs has done almost nothing to prevent drugs from being sold or used but it has created a little known surveillance state in America's most disadvantaged neighborhoods Alice Goffman spent six years living in one such neighborhood in Philadelphia and her observations reveal the effects of this pervasive policing Goffman introduces us to an unforgettable cast of young African American men who are caught up in this web of warrants and surveillance All find the net of presumed criminality built as it is on the very associations and friendships that make up a life nearly impossible to escape We watch as the pleasures of summer evening stoop sitting are shattered by the arrival of a carful of cops looking to serve a warrant we watch as teenagers teach their younger siblings and cousins how to run from the police and we see over and over the relentless toll that the presumption of criminality takes on families and futures Through her gripping accounts of daily life in the forgotten neighborhoods of America's cities Goffman makes it impossible to ignore the very real human costs of our failed response Extraordinary Malcolm Gladwell The New Yorker A remarkable feat of reporting Astonishing and riveting The New York Times Book Review Goffman's lively prose opens a window into a life where paranoia has become routine Baltimore City Paper Goffman gives us a subtle analysis and poignant portrait of our fellow citizens who struggle to preserve their sanity and dignity Cornel West author of Race Matters

On the run Alice Goffman, 2014 The War on Drugs has done almost nothing to prevent drugs from being sold or used but it has created a little known surveillance state in America's most disadvantaged neighbourhoods Arrest quotas and high tech surveillance techniques criminalize entire blocks and transform the very associations that should stabilize young lives family relationships jobs into liabilities as the police use such relationships to track down suspects demand information and threaten consequences The author spent six years living in one such neighbourhood in Philadelphia and her close observations and often harrowing stories reveal the pernicious effects of this pervasive policing 2014

No Place on the Corner Jan Haldipur, 2018-11-27 Winner 2019 Goddard Riverside Stephan Russo Book Prize for Social Justice given by the Goddard Riverside Community Center The impact of stop and frisk policing on a South Bronx community What's it like to be stopped and frisked by the police while walking home from the supermarket with your young children How does it feel to receive a phone call from your fourteen year old son who is in the back of a squad car because he laughed at a police officer How does a young person of color cope with being frisked several times a week since the age of 15 These are just some of the stories in No Place on the Corner which draws on three years of intensive ethnographic fieldwork in the South Bronx before and after the landmark 2013 Floyd v City of New York decision that ruled that the NYPD's controversial stop and frisk policing methods were a violation of rights Through riveting interviews and with a humane eye Jan Haldipur shows how a community endured this aggressive policing regime Though the police mostly

targeted younger men of color Haldipur focuses on how everyone in the neighborhood mothers fathers grandparents brothers and sisters even the district attorney s office was affected by this intense policing regime and thus shows how this South Bronx community as a whole experienced this collective form of punishment One of Haldipur s key insights is to demonstrate how police patrols effectively cleared the streets of residents and made public spaces feel off limits or inaccessible to the people who lived there In this way community members lost the very street corner culture that has been a hallmark of urban spaces This profound social consequence of aggressive policing effectively keeps neighbors out of one another s lives and deeply hurts a community s sense of cohesion No Place on the Corner makes it hard to ignore the widespread consequences of aggressive policing tactics in major cities across the United States

No Way Out Waverly Duck,2015-09-19 In 2005 Waverly Duck was called to a town he calls Bristol Hill to serve as an expert witness in the sentencing of drug dealer Jonathan Wilson Convicted as an accessory to the murder of a federal witness and that of a fellow drug dealer Jonathan faced the death penalty and Duck was there to provide evidence that the environment in which Jonathan had grown up mitigated the seriousness of his alleged crimes Duck s exploration led him to Jonathan s church his elementary middle and high schools the juvenile facility where he had previously been incarcerated his family and friends other drug dealers and residents who knew him or knew of him After extensive ethnographic observations Duck found himself seriously troubled and uncertain Are Jonathan and others like him a danger to society Or is it the converse is society a danger to them Duck s short stay in Bristol Hill quickly transformed into a long term study one that forms the core of No Way Out This landmark book challenges the common misconception of urban ghettos as chaotic places where drug dealing street crime and random violence make daily life dangerous for their residents Through close observations of daily life in these neighborhoods Duck shows how the prevailing social order ensures that residents can go about their lives in relative safety despite the risks that are embedded in living amid the drug trade In a neighborhood plagued by failing schools chronic unemployment punitive law enforcement and high rates of incarceration residents are knit together by long term ties of kinship and friendship and they base their actions on a profound sense of community fairness and accountability Duck presents powerful case studies of individuals whose difficulties flow not from their values or a lack thereof but rather from the multiple obstacles they encounter on a daily basis No Way Out explores how ordinary people make sense of their lives within severe constraints and how they choose among unrewarding prospects rather than freely acting upon their own values What emerges is an important and revelatory new perspective on the culture of the urban poor

SAGE Readings for Social Problems Benjamin Drury,2021-02-02 SAGE Readings for Social Problems is a convenient and economical option for instructors who want to introduce students to scholarly literature in their social problems courses It contains 16 short readings on topics covered in typical courses including economic inequality race gender crime substance abuse education health medicine the environment family and the social construction of social problems The articles in this collection were all

chosen because they are accessible to undergraduate avoid complicated statistical analysis and demonstrate the range of methodological approaches to studying social problems

The Chosen Ones Nikki Jones, 2018-05-25 In *The Chosen Ones* sociologist and feminist scholar Nikki Jones shares the compelling story of a group of Black men living in San Francisco's historically Black neighborhood the Fillmore. Against all odds these men work to atone for past crimes by reaching out to other Black men young and old with the hope of guiding them toward a better life. Yet despite their genuine efforts they struggle to find a new place in their old neighborhood. With a poignant yet hopeful voice Jones illustrates how neighborhood politics everyday interactions with the police and conservative Black gender ideologies shape the men's ability to make good and forgive themselves and how the double edged sword of community shapes the work of redemption.

The City in Transgression Benedict Anderson, 2020-07-27 *The City in Transgression* explores the unacknowledged neglected and ill defined spaces of the built environment and their transition into places of resistance and residence by refugees asylum seekers migrants the homeless and the disadvantaged. The book draws on urban and spatial theory socio economic factors public space and architecture to offer an intimate look at how urban sites and infrastructure are transformed into spaces for occupation. Anderson proposes that the varied innovations and adaptations of urban spaces enacted by such marginalized figures for whom there are no other options herald a radical new spatial programming of cities. The book explores cities and sites such as Mexico City and London the Mexican US border the Calais Jungle and Palestinian camps in Beirut and utilizes concepts associated with mobility such as anarchy vagrancy and transgression alongside photography 3D modelling and 2D imagery. From this constellation of materials and analysis a radical spatial picture of the city in transgression emerges. By focusing on the underside of urbanism *The City in Transgression* reveals the potential for new spatial networks that can cultivate the potential for self organization so as to counter the existing dominant urban models of capital and property and to confront some of the major issues facing cities amid an age of global human mobility. This book is valuable reading for those interested in architectural theory modern history human geography and mobility climate change urban design and transformation.

Big House on the Prairie John M. Eason, 2017-03-06 For the past fifty years America has been extraordinarily busy building prisons. Since 1970 we have tripled the total number of facilities adding more than 1 200 new prisons to the landscape. This building boom has taken place across the country but is largely concentrated in rural southern towns. In 2007 John M Eason moved his family to Forrest City Arkansas in search of answers to key questions about this trend. Why is America building so many prisons? Why now? And why in rural areas? Eason quickly learned that rural demand for prisons is complicated. Towns like Forrest City choose to build prisons not simply in hopes of landing jobs or economic wellbeing but also to protect and improve their reputations. For some rural leaders fostering a prison in their town is a means of achieving order in a rapidly changing world. Taking us into the decision making meetings and tracking the impact of prisons on economic development poverty and race Eason demonstrates how groups of elite whites and black leaders share

power Situating prisons within dynamic shifts that rural economies are undergoing and showing how racially diverse communities lobby for prison construction Big House on the Prairie is a remarkable glimpse into the ways a prison economy takes shape and operates

The Routledge Handbook of Anthropology and the City Setha Low, 2018-10-03 The Routledge Handbook of Anthropology and the City provides a comprehensive study of current and future urban issues on a global and local scale Premised on an engaged approach to urban anthropology the volume adopts a thematic approach that covers a wide range of modern urban issues with a particular focus on those of high public interest Topics covered include security displacement social justice privatisation sustainability and preservation Offering valuable insight into how anthropologists investigate make sense of and then address a variety of urban issues each chapter covers key theoretical and methodological concerns alongside rich ethnographic case study material The volume is an essential reference for students and researchers in urban anthropology as well as of interest for those in related disciplines such as urban studies sociology and geography

Mothering from the Field Bahiyyah M. Muhammad, Melanie-Angela Neuilly, 2019-06-14 The heated national conversation about gender equality and women in the workforce is something that women in academia have been concerned with and writing about for at least a decade Overall the conversation has focused on identifying how women in general and mothers in particular fair in the academy as a whole as well as offering tips on how to maximize success Aside from a long standing field specific debate in anthropology rare are the volumes focusing on the particulars of motherhood s impacts on how scientific research is conducted particularly when it comes to field research Mothering from the Field offers both a mosaic of perspectives from current women scientists experiences of conducting field research across a variety of sub disciplines while raising children and an analytical framework to understand how we can redefine methodological and theoretical contributions based on mothers experiences in order not just to promote healthier more inclusive nurturing and supportive environments in physical life and social sciences but also to revolutionize how we conceptualize research

Ballad of the Bullet Forrest Stuart, 2021-05-04 Drawing on two years of ethnographic fieldwork and over 150 interviews with gang affiliated youth in the Taylor Park neighborhood on Chicago's South Side *Ballad of the Bullet* reveals that those coming of age in America's poorest neighborhoods are developing new creative and online strategies for making ends meet Dislocated by the erosion of the crack economy and the splintering of corporatized gangs these young people exploit the unique affordances of digital social media to capitalize on an emerging online market for urban violence or more accurately a market for the representation of urban violence In the past violence functioned primarily as a means of social control allowing urban youth to compete in illegal street markets and defend the social statuses otherwise denied to them by mainstream society Today with the rise of platforms like YouTube Instagram and Twitter violence has become a premier cultural commodity in and of itself By amassing millions of clicks views and followers these young people convert their online displays of violence into vital offline resources including cash housing drugs sex and for a very select few a ticket out of poverty

Chocolate Cities Marcus Anthony Hunter, Zandria Robinson, 2018-01-16 When you think of a map of the United States what do you see Now think of the Seattle that begot Jimi Hendrix The Dallas that shaped Erykah Badu The Holly Springs Mississippi that compelled Ida B Wells to activism against lynching The Birmingham where Martin Luther King Jr penned his most famous missive Now how do you see the United States *Chocolate Cities* offers a new cartography of the United States a Black Map that more accurately reflects the lived experiences and the future of Black life in America Drawing on cultural sources such as film music fiction and plays and on traditional resources like Census data oral histories ethnographies and health and wealth data the book offers a new perspective for analyzing mapping and understanding the ebbs and flows of the Black American experience all in the cities towns neighborhoods and communities that Black Americans have created and defended Black maps are consequentially different from our current geographical understanding of race and place in America And as the United States moves toward a majority minority society *Chocolate Cities* provides a broad and necessary assessment of how racial and ethnic minorities make and change America's social economic and political landscape

Beyond the Case Corey M. Abramson, Neil Gong, 2020 The social sciences have seen a substantial increase in comparative and multi sited ethnographic projects over the last three decades Yet at present researchers seeking to design comparative field projects have few scholarly works detailing how comparison is conducted in divergent ethnographic approaches In *Beyond the Case* Corey M Abramson and Neil Gong have gathered together several experts in field research to address these issues by showing how practitioners employing contemporary iterations of

ethnographic traditions such as phenomenology grounded theory positivism and interpretivism use comparison in their works The contributors connect the long history of comparative and anti comparative ethnographic approaches to their contemporary uses By honing in on how ethnographers render sites groups or cases analytically commensurable and comparable Beyond the Case offers a new lens for examining the assumptions payoffs and potential drawbacks of different forms of comparative ethnography Going Public Arlene Stein, Jessie Daniels, 2017-02-21 At a time when policy discussions are dominated by I feel instead of I know it is more important than ever for social scientists to make themselves heard When those who possess in depth training and expertise are excluded from public debates about pressing social issues such as climate change the prison system or healthcare vested interests can sway public opinion in uninformed ways Yet few graduate students researchers or faculty know how to do this kind of work or feel empowered to do it While there has been an increasing call for social scientists to engage more broadly with the public concrete advice for starting the conversation has been in short supply Arlene Stein and Jessie Daniels seek to change this with Going Public the first guide that truly explains how to be a public scholar They offer guidance on writing beyond the academy including how to get started with op eds and articles and later how to write books that appeal to general audiences They then turn to the digital realm with strategies for successfully building an online presence cultivating an audience and navigating the unique challenges of digital world They also address some of the challenges facing those who go public including the pervasive view that anything less than scholarly writing isn't serious and the stigma that one's work might be dubbed journalistic Going Public shows that by connecting with experts policymakers journalists and laypeople social scientists can actually make their own work stronger And by learning to effectively add their voices to the conversation researchers can help make sure that their knowledge is truly heard above the digital din **Contemporary Society** John A Perry, Erna K Perry, 2016-04-14 This best selling text emphasizes why social and cultural changes are the pervasive realities of our time A key theme of Contemporary Society is that the transition from an industrial to a post industrial order in today's world is fraught with difficulties as was the transition from an agricultural to an industrial order in an earlier era Within this framework we can observe the increasing fragmentation of the social order today which tends to lead people away from community and a common purpose more often bringing conflict and disunity Still countervailing social forces are also at work providing some stability some shelter in a sea of change Ever more societies are faced with the rapid and transformative power of information technology which helps propel separate groups of people into a global entity This introduction to the social sciences shows what the authors have learned from such disciplines as anthropology geography history sociology psychology political science and economics and how to apply social science approaches to an ever faster tempo of change The authors cover family life interaction with others racial and ethnic diversity education religion population environment and many other topics analyzed in a student friendly approach New to this Edition The integration and flow of the text has been improved for better student

comprehension Expanded selection of Web Links to many more sites for student research many relevant to their interests and entertainment choices Enriched focus on applying social science knowledge to current events transcending a complete reliance on assumptions from the media New expanded coverage on topics throughout the book including New findings from global warming research and its implications for social life and policy New developments in race relations in an integrated approach throughout many chapters Deepening inequality and the implications that threaten family education and student futures nationally and globally Gender including new developments in legal gay marriage and transgender Expanded coverage of genetics and the medical potential of human genome sequencing New developments in astrophysics and their potential implications for society Updated Statistics throughout

Sex Money Murder: A Story of Crack, Blood, and Betrayal Jonathan Green, 2018-05-15 Nominated for an Edgar Award Exceptionally authentic Jill Leovy The New York Times Book Review In the late 1980s and early 1990s the Bronx had one of the country's highest per capita homicide rates As crack cocaine use surged dealers claimed territory through intimidation and murder while families were fractured by crime and incarceration Chronicling the rise and fall of Sex Money Murder one of the era's most notorious gangs reporter Jonathan Green creates a visceral and devastating portrait of a New York City borough and the dedicated detectives and prosecutors struggling to stem the tide of violence Drawing on years of research and extraordinary access to gang leaders law enforcement and federal prosecutors Green delivers an engrossing work of gritty urban reportage Magisterial in its scope Sex Money Murder offers a unique perspective on the violence raging in modern day America and the battle to end it

Handbook of Sociological Science Gërxhani, Klarita, de Graaf, Nan D., Raub, Werner, 2022-06-10 22 out of the 26 Chapters will be available Open Access on Elgaronline when the book is published The Handbook of Sociological Science offers a refreshing integrated perspective on research programs and ongoing developments in sociological science It highlights key shared theoretical and methodological features thereby contributing to progress and cumulative growth of sociological knowledge

Urban Criminology Rowland Atkinson, Gareth Millington, 2018-11-08 Urban Criminology offers an accessible analysis of our urban condition viewed through the prism of crime disorder and social harm This book gathers cutting edge treatments research field reports and critical examinations of crime and harm in cities from the disciplines of urban studies and criminology The social economic and political composition of cities and the various inequalities that mark out and drive the problem of crime in many cities today are foregrounded Readers follow a series of thematic engagements generating a deeper understanding of a range of key areas that include problems of violence social and spatial divisions housing policing and the role of the urban economy in issues of financial crime This book comes at a time of rising crime in many cities and complex responses by city administrations and communities It presents a critical political thesis that crime in cities must be understood with reference to the varying social structures political forces and economic opportunities of cities These influences intersect to produce dramatic variations in victimisation and attempts at social control often felt most strongly

around class and gender divisions To understand crime we must better understand the life of the city Urban Criminology seeks to present an integrated framework that brings to life these key issues and seeks to enthuse students of our urban condition to locate the harms within it and to identify ways of reducing the risk of crime This book is ideal reading for all students with an interest in cities crime community life urban sociology and urban cultures Funk the Clock Rahsaan Mahadeo, 2024-05-15 Funk the Clock is about those said to be emblematic of the future yet denied a place in time Hence this book is both an invitation and provocation for Black youth to give the finger to the hands of time while inviting readers to follow their lead In revealing how time is racialized how race is temporalized and how racism takes time Rahsaan Mahadeo makes clear why conventional sociological theories of time are both empirically and theoretically unsustainable and more importantly why they need to be funkyed up with Through his study of a youth center in Minneapolis Mahadeo provides examples of Black youth constructing alternative temporalities that center their lived experiences and ensure their worldviews tastes and culture are most relevant and up to date In their stories exists the potential to stretch the sociological imagination to make the familiar i e time strange Funk the Clock forges new directions in the study of race and time by upending what we think we know about time while centering Black youth as key collaborators in rewriting knowledge as we know it

This is likewise one of the factors by obtaining the soft documents of this **On The Run Fugitive Life In An American City** by online. You might not require more time to spend to go to the book launch as with ease as search for them. In some cases, you likewise accomplish not discover the proclamation On The Run Fugitive Life In An American City that you are looking for. It will entirely squander the time.

However below, similar to you visit this web page, it will be therefore enormously easy to acquire as skillfully as download guide On The Run Fugitive Life In An American City

It will not understand many time as we tell before. You can attain it even if put-on something else at home and even in your workplace. for that reason easy! So, are you question? On The Run Fugitive Life In An American City Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free On The Run Fugitive Life In An American City PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within

seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free On The Run Fugitive Life In An American City PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of On The Run Fugitive Life In An American City free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About On The Run Fugitive Life In An American City Books

1. Where can I buy On The Run Fugitive Life In An American City books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
