**On the Threshold of Transformation** Richard Rohr, 2010-09-01 Deep personal pain is very real for men So is the power to transform it In one of the opening meditations of this book male spirituality expert Richard Rohr writes We need to fail to fall to jump into the central mystery of our own existence or well have no way of finding our true path. Those words serve as the starting point for a potentially transformative experience one in which men come to grips with the fact that some form of suffering or letting go is essential to achieving wholeness holiness and happiness With nearly every man dealing with some form of hurt in his life On the Threshold of Transformation acknowledges the pain and deals with it directly and redemptively While much of our culture today would have us believe that failure and suffering are inherently bad Fr Rohr helps men see that pain in whatever form it takes is a primary doorway through which they can pass to reach their authentic best selves which is where they will truly encounter God Ultimately this book of 366 daily meditations helps men learn how to transform their pain so they don't pass it on With Fr Rohr as their guide the path to male spiritual transformation can be found and **Torrent of Grace** Williams, Mark Joseph, 2024-12-18 Materialism, Spirituality, & Democracy Stephen V. followed Riley, 2011-06-03 The purpose of this book is about the guest for spiritual maturity as it applies to the Catholic faith and American democracy It is meant to engage the imagination of small church faith communities and bible study groups in light of Vatican II and what it means to carry forward the work of Christ under the lead of the Holy Spirit Vatican II encourages the Church to be a more prophetic and contemplative faith that leads to greater spiritual discernment Discernment of the Spirits is more important than ever to overcome an imbalance between specialized human activity and a comprehensive view of reality that directs the mind to solutions which are fully human This was the mind of Christ In summary small church faith communities and Bible study groups are encouraged to consider scrutinizing the signs of the time by way of critical social analysis spiritual discernment and the work of the Holy Spirit We the faithful are Cathedral Builders never to see the end of our work This is an evolutionary movement As followers of Christ we can learn to see ourselves as ongoing co creators with God for the goodness of the entire human race Losing Your Faith, Finding Your Soul David Robert Anderson, 2013-09-17 Losing Your Faith Finding Your Soul is for those of us who have come to the end of traditional beliefs and wonder if we have reached the end of faith as well It is for the day when assumptions about God and the religious teachings we trusted in the past no longer apply to life When your old beliefs die is it possible to hold onto faith David Robert Anderson answers this question with a resounding yes With Anderson as friend and guide we discover that what once seemed an ending is actually a promising beginning an invitation into a more authentic and very different spiritual experience

<u>Unmasking the Male Soul</u> Wilmer G. Villacorta,2019-09-23 Unmasking the Male Soul is about freedom that confronts the innate and enslaving obsession for power and control in destructive ways At the core of this liberating process we must acknowledge that we cannot escape the sociocultural matrix in which every human being emerges In denying their fallen

nature human beings set aside their dependency on God and become self centered and self reliant It is from their self centered hearts that human beings foster dynamics of coercion domination competition and distorted self realization at the expense of others This cycle of shame and guilt is well disguised behind a mask which enables them to enact these dynamics in subtle ways At times even in the name of religion men followed the illusion of their internal insecurities and became dependent on masks of power and control It is time to break away from the chains of exclusion and devaluation of women in Christian leadership Masculinities have only perpetrated a narrative of exceptionalism as the apex of humankind and often they have contrasted to subservient expectations of women in leading others Each chapter responds to the implicit male silence on the issue in a multidisciplinary way with historical sociocultural theological and scriptural implications In this book I will endeavor to challenge the masks of masculinities and dismantle several mental models that foment a gender divide in Christ like leadership in the twenty first century Falling Upward, Revised and Updated Richard Rohr, 2023-11-14 An update to the bestselling Falling Upward from Franciscan Father Richard Rohr In the revised and updated edition of Falling Upward Richard Rohr seeks to help readers come to terms with the two halves of life In this book Rohr teaches us that we can t understand the meaning of up until we have fallen down More importantly Rohr describes what up can look like in the second half of life Most of us tend to think of the second half of life in chronological terms but this book proposes a different paradigm Spiritual maturity is found when we begin to pay attention and seek integrity through a shift from our outer task to the inner task What looks like falling down can be experienced as falling upward and is not necessarily connected with aging This new edition focuses on practical guidance that you can use to live a life of love and meaning in a world of suffering and challenge Falling Upward is an invitation to living the gospel and a call to ongoing transformation Gain a spiritual perspective on the the common sequencing staging and direction of life s arc and learn how to bring forth your gifts in the second half of life Grapple with difficult feelings fears and emotions associated with great love and great suffering Learn how we grow spiritually much more by doing it wrong than by doing it right Understand why so many of us resist falling into the second half of life Readers of Rohrs previous works and those new to the remarkable teachings of this Franciscan priest will find comfort and inspiration in this guide to lifelong spiritual growth Surfing for God Michael John Cusick, 2012-06-04 Discover how the barrier built by porn addiction can become a bridge to abundant life Using personal examples scriptural illustrations and 20 years of counseling experience Cusick will help you understand how to break free from the prison of sexual addiction What if lust for porn is really a search for true passion In a world where there are 68 million searches for pornography every day and where over 70 percent of Christian men report viewing porn in the last year it s no surprise that more and more men struggle with an addiction to this false fantasy Common wisdom says if they just had more willpower or more faith their fight would be over But is the answer really that simple According to counselor and ministry leader Michael John Cusick the answer is no but the big truth may be much more freeing Backed by scripture Cusick uses examples from his

own life and from his twenty years of counseling experience to show us how the pursuit of empty pleasure is really a search for our heart's deepest desire and the real key to resistance is discovering and embracing the joy we truly want Cusick discusses the origins of sexual addiction the need for affirmation and the heart that aches for God while falling into relapse Handling a difficult topic with grace mercy and honesty Cusick's insights will help you understand How porn struggles begin What to do to prevent those struggles How to overcome compulsions once they begin An essential resource centered on the sustaining love of Christ this book will help guide anyone battling sex addiction or those in ministry seeking to provide encouragement to those struggling Designing A Program To Nurture Great Men of Faith, Character and Service in the Local Church Rev. Dr. Charles Falcone, 2014-03-05 This thesis is written to investigate the gender gap that exists in current church membership throughout Western Christianity Numerous studies have established that throughout all Christian churches in the United States women outnumber men in attendance and membership This paper is written with the hope of understanding the causes for disproportional involvement of men in the local church We will investigate the factors of theological climate in the mainline church sociological factors revolving around the Christian family changing notions of work vocation and gender roles and sociological factors of heath and longevity Our goal is to see an awakening in the masculine spirit at the church where the author currently serves Quiet Wisdom in Loud Times Kayta Curzie Gajdos, 2014-04-20 In The Girl Who Played with Fire the second story of the Larsson trilogy Lisbeth Salander the protagonist is shot by her father and buried by her half brother But at dawn her hand rises from the grave Stunning Here it is the rise of the wounded feminine despite patriarchy s destructive violence Quiet Wisdom in Loud Times considers her attempted murder by a brutal father and her resurrection despite it to be the resounding metaphor of our times we are in a global crisis of an old order of the patriarchy that wants to maintain the status quo of wealth and power Yet the feminine principle so wounded by the violence against it continues to rise up The wounded feminine principle refers to both women and men Women have come a long way since the 1960 s but that really isn t the whole story In fact the story is not even about women only It is about men also It is about something in fact beyond both men and women and that is the rise of the wounded feminine soul energy that needs to be part and parcel of all of us Why now We are at a very important time where there are huge psychic upheavals happening Right now life is still in patriarchal dominator mode But this is not about gender Women can be daughters of a rigid patriarchal structure as much as men can be its sons Likewise men as well as women can carry the collaborative partnership model that attends to the feminine relational aspects of life Quiet Wisdom in Loud Times explores the rise of the wounded feminine principle as well as its burials in relation to the environment money politics and the media with particular attention to the Larsson trilogy By addressing the rise of the wounded feminine Quiet Wisdom in Loud Times can help us face courageously the powers that be while not collapsing into the indifference and apathy that define letting the patriarchy continue its violent way This book elucidates how in relationship to one another and to the earth the wounded feminine shall
