On the True Doctrine: a Discourse Against the Christians Aulus Cornelius Celsus, 1987 *On the True Doctrine: a Discourse Against the Christians* Aulus Cornelius Celsus, 1987 Hope's Reason: A Journal of Apologetics Vol. 1 No. 1 Stephen J. Bedard (editor), 2011-02-05 In an increasingly skeptical world there is now more of a need than ever for quality apologetic resources defending the Christian faith The purpose of this journal is to bridge the gap between the academy and the church equipping pastors and interested laypeople to present the Christian faith to an unbelieving world **Studia Patristica** Jane Baun, 2010 Papers presented at the Fifteenth International Conference on Patristic Studies held in Oxford 2007 see also *Studia Patristica* 44 46 47 48 and 49 The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the *Nachleben* of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject **Emotions in Ancient and Medieval Philosophy** Simo Knuuttila, 2004 The first part of the book covers the theories of the emotions of Plato and Aristotle and later ancient views from Stoicism to Neoplatonism Ch 1 and their reception and transformation by early Christian thinkers from Clement and Origen to Gregory of Nyssa Cassian and Augustine Ch 2 The basic ancient alternatives were the compositional theories of Plato and Aristotle and their followers and the Stoic judgement theory These were associated with different conceptions of philosophical therapy Ancient theories were employed in early Christian discussions of sin Christian love mystical union and other forms of spiritual experience The most influential theological themes were the monastic idea of supernaturally caused feelings and Augustine's analysis of the relations between the emotions and the will The first part of Ch 3 deals with the twelfth century reception of ancient themes through monastic theological medical and philosophical literature The subject of the second part is the theory of emotions in Avicenna's faculty psychology which to a great extent dominated the philosophical discussion of emotions in early thirteenth century This approach was combined with Aristotelian ideas in later thirteenth century particularly in Thomas Aquinas extensive taxonomical theory The increasing interest in psychological voluntarism led many Franciscan authors to abandon the traditional view that emotions belong only to the lower psychosomatic level John Duns Scotus William Ockham and their followers argued that there are also emotions of the will Chapter 4 is about these new issues introduced in early fourteenth century discussions with some remarks on their influence on early modern thought **A History of the Quests for the Historical Jesus, Volume 1** Colin Brown, Craig A.

Evans,2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today s biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer s famous Old Quest to today s ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates The Mosaic of Christian Belief Roger E. Olson,2016-03-21 In this second edition of Roger E Olson s classic work he thematically traces the contours of Christian belief down through the ages revealing a pattern of both unity and diversity He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either or alternatives
