On Fire Shadow Stalkers Book 4:

Appropriating History Matthias Schwartz, Nina Weller, 2024-09-03 Popular media play an important role in reconstructing collective imaginations of history Dramatic events and ruptures of the 20th century provide the material for playful as well as neo imperialist and nationalist appropriations of the past The contributors to the volume investigate this phenomenon using case studies from Belarusian Russian and Ukrainian popular cultures They show how in mainstream films TV series novels comics and computer games the reference to Soviet history offers role models action patterns and even helps to justify current political and military developments The volume thus presents new insights into the multi layered and explosive dynamics of popular culture in Eastern Europe **Catalogue of Books in English, French and German** ,1876

Catalogue of the Books in the Department of English Prose Fiction which Belong to the Public Library of Cincinnati Public Library of Cincinnati and Hamilton County, 1876 Nuclear Holocausts Paul Briens, 1987 The anxiety caused by the thought of nuclear war causes some people to avoid the topic altogether some to despair and others to place unwarranted confidence in scientific or governmental control However the vivid characters and realistic settings of fiction can bring home the impact of a nuclear war in a way that makes the topic difficult to avoid and allows readers to confront their fears and phobias This bibliography study is the only compilation of its kind to deal exclusively with nuclear war in fiction The first five chapters provide a historical survey of the development of the nuclear war theme and a study of the causes and aftermath of nuclear war as treated in literature In addition Briens considers the significant failure of some works to confront the subject and the success of others as educational tools With a clear focus on the subject of war this work does not deal with such related topics as nuclear accidents reactor disasters or near war situations The bulk of the book is given over to the detailed annotated bibliography which consists of over 800 entries with associated checklists Intended to provide scholars librarians and general readers with ready access to a great variety of information about his body of writing the bibliography lists both hardcover and paper editions of books and the reprinting of each short story and corrects several errors in other standard reference works In his critical analysis and through the annotations in the bibliography Briens attempts to improve our understanding of cultural attitudes toward the dangers posed by the ever present reality of nuclear weaponry Jacket *"The"* Athenaeum ,1862 *Kliatt Young Adult Paperback Book Guide* ,1993 **Forthcoming Books** Rose Army, 1984 *Science Fiction and Fantasy Literature, 1975-1991* R.
