girls remains a big piece of the unfinished business of the twenty first century While there s a lot of work to do we know that throughout history and around the globe women have overcome the toughest resistance imaginable to win victories that have made progress possible for all of us That is the achievement of each of the women in this book So how did they do it The answers are as unique as the women themselves Civil rights activist Dorothy Height LGBTQ trailblazer Edie Windsor and swimmer Diana Nyad kept pushing forward no matter what Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before Historian Mary Beard used wit to open doors that were once closed and Wangari Maathai who sparked a movement to plant trees understood the power of role modeling Harriet Tubman and Malala Yousafzai looked fear in the face and persevered Nearly every single one of these women was fiercely optimistic they had faith that their actions could make a difference And they were right To us they are all gutsy women leaders with the courage to stand up to the status quo ask hard questions and get the job done So in the moments when the long haul seems awfully long we hope you will draw strength from these stories We do Because if history shows one thing it s that the world needs gutsy women
