On The Unity Of Christ:

On the Unity of Christ Saint Cyril (Patriarch of Alexandria),1995 This text is one of the most important and yet approachable works produced by Cyril It was written after the Council of Ephesus 431 to explain his doctrine to an international audience Cyril argues for the single divine subjectivity of Christ and describes how it encompasses a full and authentic humanity in Jesus a human experience that is not overwhelmed by the divine presence but fostered and enhanced by it Christology becomes then for St Cyril a paradigm for the transfigured and redeemed life of the Christian There is an introduction to the historical and theological background of the time of the text and to St Cyril himself On the Unity of Christ St. Cyril of Alexandria,1995

The Unity of Christ Christopher A. Beeley,2012-09-25 No period of history was more formative for the development of Christianity than the patristic age when church leaders monks and laity established the standard features of Christianity as we know it today Combining historical and theological analysis Christopher Beeley presents a detailed and far reaching account of how key theologians and church councils understood the most central element of their faith the identity and significance of Jesus Christ Focusing particularly on the question of how Christ can be both human and divine and reassessing both officially orthodox and heretical figures Beeley traces how an authoritative theological tradition was constructed His book holds major implications for contemporary theology church history and ecumenical discussions and it is bound to revolutionize the way in which patristic tradition is understood *Unity in the Faith* Bradford Mark Rosenquist Ph.D.,2018-07-31 Churches all over the world work to spread the gospel of Christ but this work is done in many different ways by many different denominations Jesus and Paul were quite clear that the church of God was to be in total unity especially with regard to the teachings of the gospel So how do we bring the many denominations into a unity that will enhance a genuine team effort to present the true gospel to the world In *Unity in the Faith* author Bradford Mark Rosenquist shows why church unity across all denominations is an absolutely necessary work that must be accomplished for gospel success First outlining what church unity is and what has been a historical obstacle to this unity Rosenquist goes on to show how integral unity is to the gospel message of Christ In the end *Unity in the Faith* provides both an analysis of unity as well as a roadmap that Christians and church leaders can use to promote true unity in their congregations It takes a cooperative effort to reach the world with the truth about Jesus and the kingdom of God The universal body of Christ must therefore overcome the current disunity so that as one we can live up to Christs admonition to go into all the world and preach the gospel

Ecce Homo Aaron Riches,2016-05-10 Interacting with theologians throughout the ages Riches narrates the development of the church s doctrine of Christ as an increasingly profound realization that the depth of the difference between the human being and God is realized in fact only in the perfect union of divinity and humanity in the one Christ He sets the apostolic proclamation in its historical theological philosophical and mystical context showing that as the starting point of orthodoxy it forecloses every theological attempt to divide or reduce

the one Lord Jesus Christ **Primacy in the Church from Vatican I to Vatican II** Maximos Vgenopoulos,2013-10-01 The primacy of the bishop of Rome the pope as it was finally shaped in the Middle Ages and later defined by Vatican I and II has been one of the thorniest issues in the history of the Western and Eastern Churches This issue was a primary cause of the division between the two Churches and the events that followed the schism of 1054 the sack of Constantinople by the crusaders in 1204 the appointment by Pope Innocent III of a Latin patriarch of Constantinople and the establishment of Uniatism as a method and model of union Always a topic in ecumenical dialogue the issue of primacy has appeared to be an insurmountable obstacle to the realization of full unity between Roman Catholicism and the Orthodox Christianity In this timely and comprehensive work Maximos Vgenopoulos analyzes the response of major Orthodox thinkers to the Catholic understanding of the primacy of the pope over the last two centuries showing the strengths and weaknesses of these positions Covering a broad range of primary and secondary sources and thinkers Vgenopoulos approaches the issue of primacy with an open and ecumenical manner that looks forward to a way of resolving this most divisive issue between the two Churches For the first time here the thought of Greek and Russian Orthodox theologians regarding primacy is brought together systematically and compared to demonstrate the emergence of a coherent view of primacy in accordance with the canonical principles of the Orthodox Church In looking at crucial Greek language sources Vgenopoulos makes a unique contribution by providing an account of the debate on primacy within the Greek Orthodox Church Primacy in the Church from Vatican I to Vatican II is an invaluable resource on the official dialogue taking place between the Orthodox Church and the Roman Catholic Church today This important book will be of broad interest to historians theologians seminarians and all those interested in Orthodox Catholic relations **Care and Serve** Missionary Upholders Trust,2018-08-06 Care Serve is the magazine that connects the Friend of MUT Published every quarter this provides updates on every project of MUT and recent happenings You can download the latest issue or browse through the past issue *The Church Cyclopaedia* A. inspiring and equipping listeners to respond to the call of justice Ideal for pastors and church leaders Preaching as Resistance also provides the opportunity to experience hopeful welcoming Christian voices rooted in the gospel values of love solidarity and justice In these challenging times when Christianity is so often misrepresented misunderstood and misused for unjust agendas take heart and find your own voice in this collection of resistance sermons from everyday pastors across the country *Unity* Francis Frangipane,2015-03-05 This is the fourth of four training manuals used by In Christ s Image Training ITIC online training courses The vision of ICIT is to train and release hundreds of thousands of Christlike pastors leaders and intercessors to stand before God on behalf of the world around them It is strongly recommended that these manuals are read in sequence The truths in the first manual Christlikeness reveal that our heavenly Father s goal for us is conformity to Christ The second manual Humility reveals what areas of the heart needs to change en route to Christlikeness Prayer the third manual provides truths that help empower transformation not only to ourselves but to the world around us This last manual on unity is in many ways the consequence of the previous three Before God s Spirit moves in world changing power upon the earth He first unifies His people In this manual we will see why God hates our divisions and why the unifying of His disciples was the passion of Jesus final prayers The Encyclopædia Britannica Hugh Chisholm,James Louis Garvin,1926 **The Christian Doctrine of Apokatastasis** Ilaria Ramelli,2013-08-05 The theory of apokatastasis restoration most famously defended by the Alexandrian exegete philosopher and theologian Origen has its roots in both Greek philosophy and Jewish Christian Scriptures and literature and became a major theologico soteriological doctrine in patristics This monograph the first comprehensive systematic scholarly study of the history of the Christian apokatastasis doctrine argues its presence and Christological and Biblical foundation in numerous Christian thinkers including Syriac and analyses its origins meaning and development over eight centuries from the New Testament to Eriugena the last patristic philosopher Surprises await readers of this book which results from fifteen years of research For instance they will discover that even Augustine in his anti Manichaean phase supported the theory of universal restoration **Anecdota Oxoniensia** ,1885 *The Churchman* ,1885 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States. Internal Revenue Service,1989 **Satis Cognitum on the Unity of the Church** Pope Leo XIII,2017-09-16 Excerpt 2 Although God can do by His own power all that is effected by created natures nevertheless in the counsels of His loving Providence He has preferred to help men by the instrumentality of men And as in the natural order He does not usually give full perfection except by means of man s work and action so also He makes use of human aid for that which lies beyond the limits of nature that is to say for the sanctification and salvation of souls But it is obvious that nothing can be communicated amongst men save by means of external things which the senses can perceive For this reason the Son of God assumed human nature who being in the form of God emptied himself taking the form of a servant being made in the likeness of man Philipp ii 6 7 and thus living on earth He taught his doctrine and gave His laws conversing

with men The Church Always Visible 3 And since it was necessary that His divine mission should be perpetuated to the end of time He took to Himself Disciples trained by himself and made them partakers of His own authority And when He had invoked upon them from Heaven the Spirit of Truth He bade them go through the whole world and faithfully preach to all nations what He had taught and what He had commanded so that by the profession of His doctrine and the observance of His laws the human race might attain to holiness on earth and never ending happiness in Heaven In this wise and on this principle the Church was begotten If we consider the chief end of His Church and the proximate efficient causes of salvation it is undoubtedly spiritual but in regard to those who constitute it and to the things which lead to these spiritual gifts it is external and necessarily visible The Apostles received a mission to teach by visible and audible signs and they discharged their mission only by words and acts which certainly appealed to the senses So that their voices falling upon the ears of those who heard them begot faith in souls Faith cometh by hearing and hearing by the words of Christ Rom x 17 And faith itself that is assent given to the first and supreme truth though residing essentially in the intellect must be manifested by outward profession For with the heart we believe unto justice but with the mouth confession is made unto salvation Rom x 10 In the same way in man nothing is more internal than heavenly grace which begets sanctity but the ordinary and chief means of obtaining grace are external that is to say the sacraments which are administered by men specially chosen for that purpose by means of certain ordinances Jesus Christ commanded His Apostles and their successors to the end of time to teach and rule the nations He ordered the nations to accept their teaching and obey their authority But his correlation of rights and duties in the Christian commonwealth not only could not have been made permanent but could not even have been initiated except through the senses which are of all things the messengers and interpreters
