young mothers is likely to marginalise an already excluded group and that efforts should be focused primarily on supporting young mothers and their children This comprehensive examination of teenage pregnancy focuses on the situation in the UK but will be useful for readers in other developed world countries It will be of interest to students in sociology social policy health studies and public health and also to policy makers and young people s interest groups Everyday Housekeeping ,1903 *Daughters of the American Revolution Magazine* ,1897 *Health Reformer* John Harvey Kellogg,James Thomas Case,1889 **New York Magazine** ,1984-12-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The PTA Magazine** ,1919 **Good Housekeeping Magazine** ,1888 **Time** Briton Hadden, Henry Robinson Luce,2003
