Russia's Women Barbara Evans Clements, Barbara Alpern Engel, Christine D. Worobec, 2023-09-01. Serfdom, Society, and the Arts in Imperial Russia Richard Stites, 2008-10-01. Serf era and provincial Russia heralded the spectacular turn in cultural history that began in the 1860s. Examining the role of arts and artists in society's value system, Richard Stites explores this shift in a groundbreaking history of visual and performing arts in the last decades of serfdom. Provincial town and manor house engaged the culture of Moscow and St. Petersburg while thousands of serfs and ex-serfs created or performed. Mikhail Glinka raised Russian music to new levels and Anton Rubinstein struggled to found a conservatory. Long before the itinerant painters explored town and country in genre scenes of everyday life, Serf actors on loan from their masters brought naturalistic acting from provincial theaters to the imperial stages. Stites's richly detailed book offers new perspectives on the origins of Russia's nineteenth-century artistic prowess.

[Women's Struggle for Higher Education in Russia, 1855-1900](#) Christine Johanson, 1987-01-01. Unlike contemporary Soviet and Western accounts which emphasize the involvement of educated women in the revolutionary movement, Christine Johanson investigates the relationship between developments in women's education and domestic politics of the post-Crimean War era. The author shows how the particular nature of autocratic rule under Alexander II facilitated the establishment of university-level courses for women and demonstrates that Russian women who cooperated with the government in order to increase their educational opportunities far outnumbered the female revolutionists who sought to overthrow it. And while acknowledging that Russian radicalism gave enormous encouragement to women's pursuit of university study, this book shows that it was the support of progressive statesmen and academics which allowed the creation of higher educational facilities for women. The attitudes, aspirations, and frustrations of women who enrolled in these

educational facilities are also examined Considerable attention is given to the training and practice of female physicians and to the testing of their skills and commitment to social service in tradition bound peasant villages and the field hospitals of the Russo Turkish war The concluding chapter explored the conservative reaction following the assassination of Alexander II and the subsequent closure of women s advanced educational facilities
