Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way, offering guidance on where to focus your efforts and how to organize your review. This book has been updated to match the AAMC's guidelines precisely, so no more worrying if your MCAT review is comprehensive. The Most Practice: More than 350 questions in the book and access to even more online, more practice than any other MCAT behavioral sciences book on the market. The Best Practice: Comprehensive behavioral sciences subject review is written by top-rated, award-winning Kaplan instructors. Full-color 3-D illustrations from Scientific American charts, graphs, and diagrams help turn even the most complex science into easy-to-visualize concepts. All material is vetted by editors with advanced science degrees and by a medical doctor. Online resources, including a full-length practice test, help you practice in the same computer-based format you'll see on Test Day. Expert Guidance: High-yield badges throughout the book identify the top 100 topics most tested by the AAMC. We know the test: The Kaplan MCAT team has spent years studying every MCAT-related document available. Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test. **Psychology: First Canadian Edition Study Guide** Richard O. Straub, 2006-09-15 Following the text's content, Richard Straub offers a Chapter Overview and Chapter Review, which is divided by major section. Each group of fill-in-the-blank and short-answer questions is preceded by the relevant objective from the text. The Study Guide also includes three self-tests, one of which encourages students to think critically about the chapter's concepts, answers with page references for the self-tests, and explanations of why a choice is correct or incorrect, and a Focus on Language and Vocabulary section, which explains idioms and other phrases used by David Myers in the text that may not be clear to some readers.
