

Getting Started

To set up your Motorola digital cordless phone, choose a location, connect the base station, and install the battery pack as described in this user's guide.

Choosing a Location

The location should be:

- Away from electrical appliances such as a TV, personal computer, or another cordless phone.
- In a high and central location with no obstructions, such as walls.

If you hear noise while using the handset near a microwave or another cordless phone's base station, move away from the microwave or base station and closer to your handset's base station.

Connecting the Base Station

Important: Before installing or handling batteries, read the Battery Safety Instructions on page 8.

Plug the power cord into the back of the base station and into an electrical outlet.
