 What if white supremacy isn't just an ideology or racial system but performance art In the 1999 movie *The Matrix* people lived in a computer generated illusion completely unaware What if I told you you're living in a human generated one Take your first step into new truth *The White Matrix* rips off the mask of the roles millions play to uphold the illusions of white supremacy From the Christian to the patriot from the gaslighter to the reverse racism victim and many more Langston exposes how these roles are performed in politics media and everyday life to keep the system alive Set against the chaotic backdrop of the Trump presidency and beyond this concise powerful work is an unflinching dissection of racial deception Langston not only reveals the show but hands you the script Whether you're ready or not within one hour *The White Matrix* will change how you see the world and yourself Once you step inside there's no going back **Eating the Black Body** Carlyle Van Thompson, 2006 Textbook *The Color of Madness* Krystal Black, 2016-10-21 *The Color of Madness* is the true story of my eldest sister Ciska second of nine offspring Some may recognize themselves or a loved one or an acquaintance in this individual who watches the horizon of her hopes recede as she grows older and becomes more aware of her world After winning a much coveted scholarship at the age of eleven Ciska's future promises to be as bright as the firework hurled over the fence into the backyard by neighbors eager to congratulate her and the family However like a shooting star she very briefly lights up the world around her with her brilliance before disintegrating into oblivion Indeed her inability to adapt to absurd racial biases will plunge her loved ones into daily havoc and challenge her sanity Consequently Ciska repudiates a world that rejects her and seeks refuge among the insane in an attempt to preserve her sanity *Anthropology and Slavery at the Dawn of White Supremacy* Michael L. Blakey, 2025-07-18 This volume examines biological and cultural data that debunk a primordial basis for racism It tracks the ancient history of all social inequity to agricultural and feudal societies The book then focuses on social and ideological developments in European societies associated with religious justifications for the enslavement of others The European Enlightenment built upon those prejudices with ideas about nature and acceptable natural causes of unequal social status for people newly classified into biological races Nineteenth century anthropology is critiqued by African diasporic scholars who are the first Americans to argue that nurture rather than nature is responsible for human variation The American Civil War brought slavery nearly to an end but racist science continued to grow as eugenics applied to justify otherwise unjustifiable structures of human inequality such as Jim Crow segregation as though they are morally sound In constructing this historical and sociological counternarrative the author provides a critical new social history that illuminates a tangled and turgid past for contemporary readers students and researchers with vital insights for anthropology sociology history cultural studies philosophy and American studies *The Isis Initiative and the Rites of Freedom* George Leon Lowe, 1999-03 **Life: Four Quarters Plus Overtime** Floyd L.
