Zwier, 2013-04-22 This book argues that it can be beneficial for the United States to talk with evil terrorists and other bad actors if it engages a mediator who shares the United States principles yet is pragmatic It shows how the US can make better foreign policy decisions and demonstrate its integrity for promoting democracy and human rights by employing a mediator who facilitates disputes between international actors by moving them along a continuum of principles as political parties act for a country s citizens This is the first book to integrate theories of rule of law development with conflict resolution methods and it examines ongoing disputes in the Middle East North Korea South America and Africa It draws on the author s experiences with The Carter Center and judicial and legal advocacy training to provide a sophisticated understanding of the current situation in these countries and of how a strategy of principled pragmatism will give better direction to US foreign policy abroad **International Investment Arbitration** Mohamed A.M. Ismail, 2016-04-22 Arbitration is the most common mechanism for disputes settlement in developing countries Following the move to free market economies arbitration will play an increasingly fundamental role in order to protect foreign investors in the Middle East and North African Region MENA This book examines the pulse and dynamics of international investment arbitration and the new era of mediation in state contracts in the region The author explores the harmonization of international arbitration and the sensitive issue of le Contrat Administratif in Middle East civil law countries The volume also discusses the pivotal role of international organizations such as UNCTAD and ICSID in codifying fair and prompt mechanisms for dispute settlement Using Latin American countries as a prime example of how international legislative instruments serve international investment law principles and comparing Latin American experiences where appropriate the book demonstrates how lessons can be learned in respect of alternative dispute resolution international commercial arbitration and investor states arbitration It provides suggestions and recommendations for the future and includes useful appendices detailing recent worldwide trends regional and international instruments in the arbitration world **Lawyers as Peacemakers** J. Kim Wright, 2010 Lawyers as Peacemakers can teach lawyers new ways of finding satisfaction in thier practice and providing comprehensive solution focused services to clients sometimes it s not about winning it s about finding the best possible answer for everyone involved These practices focus on a more holistic humanistic solution based approach to resolving legal problems an approach that many clients want and need **Conflict, Negotiation and Dispute Resolution** Sung Hee Kim, 1991 **Alternative Dispute Resolution in Energy Industries** Mustafa Oğuz Tuna, 2022-04-03 The disputes that arise between host states and investors in the energy sector put a high number of

valuable and vital projects in the countries at risk Investment treaty arbitration mechanisms as the traditional remedy have provided a solution to these problems for decades However as the number of disputes increases the sufficiency of arbitration in responding to disputes became questionable in addition to the long lasting and costly cases Accordingly ADR mechanisms outside the arbitration cannon have triggered growing interest among practitioners Despite the attraction and the apparent benefits of ADR such as being cheaper faster and with better outcomes compared to arbitration there are also hurdles in front that hinder the application of ADR This has lead to the underuse of ADR in appropriate contexts This study has been conducted to research the gap for the applicability of the ADR methods for investment disputes in the energy sector with the doctrinal analysis of the existing literature either promoting or opposing ADR Its findings provide guidance for alternative dispute resolution practitioners on when to use ADR how to use ADR and on what disputes ADR to be used to resolve conflicts in International Energy Investment
