Neighbourhood Effects Or Neighbourhood Based Problems A Policy Context:

Neighbourhood Effects or Neighbourhood Based Problems? David Manley, Maarten van Ham, Nick Bailey, Ludi Simpson, Duncan MacLennan, 2013-06-26 This edited volume critically examines the link between area based policies neighbourhood based problems and neighbourhood effects the idea that living in disadvantaged neighbourhoods has a negative effect on residents life chances over and above the effect of their individual characteristics Over the last few decades Western governments have persistently pursued area based policies to fight such effects despite a lack of evidence that they exist or that these policies make a difference The first part of this book presents case studies of perceived neighbourhood based problems in the domains of crime health educational outcomes and employment The second part of the book presents an international overview of the policies that different governments have implemented in response to these neighbourhood based problems and discusses the theoretical and conceptual processes behind place based policy making Case studies are drawn from a diverse range of countries including the United Kingdom The Netherlands Australia Canada and the USA

Social Work and the City Charlotte Williams, 2016-07-18 This book critically explores ways of thinking about the city and its relevance for the profession of social work It provides a colourful illustration of practice drawing on examples of social work responses to a range of issues emerging from the unprecedented scale density and pace of change in cities The associated challenges posed for social work include the increased segregation of the poor the crisis of affordable housing homelessness gentrification ageing displacement as a result of migrations and the breakdown of social support and care Drawing on multiple disciplines this groundbreaking work shows that these familiar features of the twenty first century can be counteracted by the positive aspects of the city its innovation creativity and serendipity It has a redistributive caring and cohesive potential The city can provide new opportunities and resources for social work to influence to collaborate to foster participation and involvement and to extend its social justice mandate The book shows that the city represents a critical arena in terms of the future of social work intervention and social work identity In doing so it will be of great interest to students and scholars of social work social policy community work and urban studies

The Fall and Rise of Social Housing Becky Tunstall, 2020-02-12 Drawing on a unique archive spanning the lifetime of twenty council estate projects in the UK and using hundreds of resident voices this book reveals the secrets of council housing s failures and successes and the reasons for them Bringing to light the complex variety of the lived experiences of residents it shows how estate pathways were predetermined by factors such as location design and date as well as by their local and national social economic and political contexts The book highlights what can be learned from some of the successes of less successful housing projects and provides lessons for building sustainable communities in the twenty first century

Social Housing and Urban Renewal Paul Watt, Peer Smets, 2017-08-15 Contemporary urban renewal is the subject of intense academic and policy debate regarding whether it promotes social mixing and spatial justice or instead enhances neoliberal privatization and state led

gentrification This book offers a cross national perspective on contemporary urban renewal in relation to social rental housing **Building the Inclusive City** Nilson Ariel Espino,2015-03-24 Urban segregation is one of the main challenges facing urban development around the globe The usual outcome of many urban development patterns is an unequal social geography with the urban poor living in large clusters that are remote isolated dangerous or unhealthy The result is inequality in a number of dimensions of urban life from deficient urban access services or infrastructure to social isolation neighbourhood violence and lack of economic opportunity This book brings together debates on ethnic and economic segregation combining theory and practical solutions to create a guide for those trying to understand and address urban segregation in any part of the world and integrate ameliorating policies to contemporary urban development agendas

Smoking Geographies Ross Barnett,Graham Moon,Jamie Pearce, Lee Thompson,Liz Twigg,2017-03-13 *Smoking Geographies* provides a research led assessment of the impact of geographical factors on smoking The contributors uncover how geography can show us not only why people smoke but also broader issues of tobacco control providing deeper clarity on how smoking and tobacco is governed The text centres on one of the most important public health issues worldwide and a major determinant of preventable mortality and morbidity in developed and developing countries Records the outcomes of a long term research collaboration that brings a geographical lens to smoking behaviour Uncovers how geography can play a part in understanding not only why people smoke but also broader issues of tobacco control Provides a deeper understanding of how smoking and tobacco is governed regarding where people may smoke but also more subtle governance as a climate is produced in which smoking becomes denormalised Brings both quantitative and qualitative perspectives to bear on this major source of mortality and morbidity *Rethinking Neighborhoods* William A.V. Clark,2024-05-02 Although

neighborhoods are sometimes perceived as just a backdrop to our lives there is considerable evidence that they are central to our sense of wellbeing and in the functioning of the city *Rethinking Neighborhoods* is about these areas of geography what we know about how neighborhoods function why they matter and how we chose where to live **Crime Prediction Using**

GIS and Statistical Modelling Priyanka Biswas,Nilanjana Das Chatterjee,2025-02-17 The study presented in this SpringerBrief uses GIS tools to analyze incidents of violence against women in West Bengal India identifying hotspots and offering tools and strategies to predict and prevent future violence The aim of this study is to understand the existing scenarios and the complex crime patterns committed against women in West Bengal using advanced GIS tools to map and understand the underlying socio economic and physical environmental contexts of specific crime events and critically discussed emerging criminogenic issues on the basis of theoretical understanding and immediate situations This study evaluates the effectiveness of existing legislative measures to extract the gaps that exist between policy formulation and execution and effectively applied statistical methods and GIS technologies to visualize the future potential crime areas so that possible measures might be taken The study considers four categories of violence perpetrated on women human

Quantifying Neighbourhood Effects Jorg Blasius, Jurgen Friedrichs, George Galster, 2013-10-31 Many policies in several

Western European countries and the U S aim to counter spatial concentrations of deprivation and create more socio economically mixed residential areas Such policies are founded on the belief that neighbourhoods have a strong and independent effect upon the well being and life chances of individuals The adequacy of the evidence base to support this position has been the subject of spirited debate on both sides of the Atlantic The primary purpose of this book is to contribute to this policy relevant discussion by presenting new scholarship from many countries that rigorously quantifies various sorts of neighbourhood effects through the use of cutting edge social scientific techniques The secondary purpose of this book is to introduce these techniques to a wider array of housing and planning researchers and to show how a variety of disciplines have offered insightful synergistic perspectives Research on neighbourhood effects has over the last 15 years led to a body of knowledge extending far beyond the sociological urban research where it originated The problem of quantifying neighbourhood effects and the use of associated methodologies like multi level analysis instrumental variables has attracted scholars from criminology sociology social geography economics and health science and thus serves as a critical locus for interdisciplinary scholarship This book was previously published as a special issue of Housing Studies

Understanding Housing Policy Brian Lund, 2017-04-26 The 3rd edition of this bestselling textbook has been completely revised to address the range of socio economic factors that have influenced UK housing policy in the years since the previous edition was published The issues explored include the austerity agenda the impact of the Coalition government s housing policies the 2015 Conservative government s policy direction the evolving devolution agenda and the recent focus on housing supply The concluding chapter examines new policy ideas in the context of theoretical approaches to understanding housing policy laissez faire economics social reformism Marxist political economy behavioural perspectives and social constructionism Throughout the textbook substantive themes are illustrated by boxed examples and case studies The author focuses on principles and theory and their application in the process of constructing housing policy ensuring that the book will be a vital resource for undergraduate and postgraduate level students of housing and planning and related social policy modules
