Shirley King Evans, 1990 Canadian Books in Print. Author and Title Index ,1975 *Curriculum Series* Ontario Institute
for Studies in Education, 1974 Resources in Education ,2000-10 Understanding the Math We Teach and How to Teach
It, K-8 Small Marian, 2025-08-26 Dr Marian Small has written a landmark book for a wide range of educational settings and
audiences from pre service math methods courses to ongoing professional learning for experienced teachers Understanding
the Math We Teach and How to Teach It K 8 focuses on the big mathematical ideas in elementary and middle school grade
levels and shows how to teach those concepts using a student centered problem solving approach Comprehensive and
Readable Dr Small helps all teachers deepen their content knowledge by illustrating core mathematical themes with sample
problems clear visuals and plain language Big Focus on Student Thinking The book s tools models and discussion questions
are designed to understand student thinking and nudge it forward Particularly popular features include charts listing
common student misconceptions and ways to address them a table of suggested manipulatives for each topic and a list of
related children s book Implementing Standards That Make Sense By focusing on key mathematics principles Understanding
the Math We Teach and How to Teach It K 8 helps to explain the whys of state standards and provides teachers with a deeper
understanding of number sense operations algebraic thinking geometry and other critical topics Dr Small a former dean with
more than 40 years in the field conceived the book as an essential guide for teachers throughout their career Many teachers
who teach at the K 8 level have not had the luxury of specialist training in mathematics yet they are expected to teach an
increasingly sophisticated curriculum to an increasingly diverse student population in a climate where there are heightened
public expectations They deserve help **Academic Skills Problems** Edward S. Shapiro, Nathan H. Clemens, 2023-06-30
Now in a revised and expanded fifth edition that reflects current research and best practices in direct assessment and
intervention this text addresses a perennial need for school practitioners and practitioners in training Presented is a
comprehensive problem solving based approach for working with K 12 students who are struggling with reading writing or
mathematics The book provides a framework for evaluating the instructional environment as well as each student s context
and unique learning needs planning instructional modifications and monitoring progress The companion workbook available
separately contains practice exercises and reproducible forms New to This Edition Revised throughout by new coauthor
Nathan H Clemens while retaining the core elements of Edward S Shapiro s approach New emphasis on the central role of
language in reading mathematics and writing development and difficulties and implications for working more effectively with
linguistically and culturally diverse students Fresh perspectives on behaviors that facilitate learning such as attention to task
and following directions Updated and expanded coverage of key topics universal screening progress monitoring intensive
individualized academic skills interventions and more See also Academic Skills Problems Fifth Edition Workbook which

provides the reproducible forms discussed in the text practice exercises and additional useful materials in a convenient large size format
