LOOFS, 2018 Nestorius Friedrich Loofs, 2017-11-25 Excerpt from Nestorius And His Place in the History of Christian Doctrine Having forgotten nearly all I once knew of Syriac I examined the Syriac text with the help of various friends only in a very few places and I realize how much the ordinary use of the French translation alone is to be regarded as a defect in my lectures I have quoted the numbers of the pages of the original Syriac text as given by N au only in order that in this way the places where the quotations are to be found maybe more accurately indicated than by merely quoting the pages of Nau s translation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

On the Unity of Christ Saint Cyril (Patriarch of Alexandria), 1995 This text is one of the most important and yet approachable works produced by Cyril It was written after the Council of Ephesus 431 to explain his doctrine to an international audience Cyril argues for the single divine subjectivity of Christ and describes how it encompasses a full and authentic humanity in Jesus a human experience that is not overwhelmed by the divine presence but fostered and enhanced by it Christology becomes then for St Cyril a paradigm for the transfigured and redeemed life of the Christian There is an introduction to the historical and theological background of the time of the text and to St Cyril himself ,1972 Papers presented to the International Conference on Patristic Studies 2d 1955 Nestorius and His Place in the History of Christian Doctrine - Scholar's Choice Edition Friedrich Loofs, 2015-02-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *St Augustine and His Opponents* J. Vinzent, 2010-05-05 Papers presented at the Fifteenth International Conference on Patristic Studies held in Oxford 2007 sse also Studia Patristica 44 45 46 47 and 48 The successive sets of Studia Patristica contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the Nachleben of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number

of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject Rome and the Eastern Churches Aidan Nichols, 2010-01-01 In the second edition of this major work Dominican theologian Aidan Nichols provides a systematic account of the origins development and recent history now updated of the relations between Rome and all separated Eastern Christians By the end of the twentieth century events in Eastern Europe notably the conflict between the Orthodox and Uniate Churches in the Ukraine and Rumania the tension between Rome and the Moscow patriarchate over the re establishment of a Catholic hierarchy in the Russian Federation and the civil war in the then federal People's Republic of Yugoslavia brought attention to the fragile relations between Catholicism and Orthodoxy which once had been two parts of a single Communion At the start of the twenty first century in the pontificate of Benedict XVI a papal visit to Russia at the symbolic level a major step forward in the healing of memories appears at last a realistic hope In addition the schisms separating Rome from the two lesser but no less interesting Christian families the Assyrian Nestorian and Oriental Orthodox Monophysite Churches are examined The book also contains an account of the origins and present condition of the Eastern Catholic Churches a deeper knowledge of which by their Western brethren was called for at the Second Vatican Council as well as by subsequent synods and popes Providing both historical and theological explanations of these divisions this illuminating and thought provoking book chronicles the recent steps taken to mend them in the Ecumenical Movement and offers a realistic assessment of the difficulties theological and political which any reunion would experience
