Illegalized Rafael A. Martínez, 2024 Illegalized situates undocumented youth movements trajectories in the twenty first century It invites readers to explore how undocumented youth activists changed the way immigrant rights are discussed in the United States today **The Ruse of Repair** Patricia Stuelke, 2021-08-09 Since the 1990s literary and queer studies scholars have eschewed Marxist and Foucauldian critique and hailed the

reparative mode of criticism as a more humane and humble way of approaching literature and culture The reparative turn has traveled far beyond the academy influencing how people imagine justice solidarity and social change In *The Ruse of Repair* Patricia Stuelke locates the reparative turn's hidden history in the failed struggle against US empire and neoliberal capitalism in the 1970s and 1980s She shows how feminist antiracist and anti imperialist liberation movements' visions of connection across difference practices of self care and other reparative modes of artistic and cultural production have unintentionally reinforced forms of neoliberal governance At the same time the US government and military universities and other institutions have appropriated and depoliticized these same techniques to sidestep addressing structural racism and imperialism in more substantive ways In tracing the reparative turn's complicated and fraught genealogy Stuelke questions reparative criticism's efficacy in ways that will prompt critics to reevaluate their own reading practices
