Doniger,2009-08-11 Book Summary A Common Sense Approach to Successful Investing introduces Stratametical Analysis a practical framework for evaluating potential equity investments It is a comprehensive analysis tool that can provide both novice and experienced investors an invaluable means of evaluating a company's long terms prospects Rather than focusing on a company's historical performance it addresses the factors that can affect its future performance and its ability to execute its strategies After explaining Stratametical Analysis this book proceeds to apply this analysis tool to companies in various industries Some of these companies are very successful some face near term challenges and others struggle to survive **Moving Data** Pelle Snickars,Patrick Vonderau,2012 The iPhone has revolutionized not only how people communicate but also how we consume and produce culture Combining traditional and social media with mobile connectivity smartphones have redefined and expanded the dimensions of everyday life allowing individuals to personalize media as they move and process constant flows of data Today millions of consumers love and live by their iPhones but what are the implications of its special technology on society media and culture Featuring an eclectic mix of original essays Moving Data explores the iPhone as technological prototype lifestyle gadget and platform for media creativity Media experts cultural critics and scholars consider the device's newness and usability even its lickability and its biographical story The book illuminates patterns of consumption the fate of solitude against smartphone ubiquity the economy of the App Store and its perceived crisis of choice and the distance between the accessibility of digital information and the protocols governing its use Alternating between critical and conceptual analyses essays link the design of participatory media to the iPhone's technological features and sharing routines and they follow the extent to which the

pleasures of gesture based interfaces are redefining media use and sensory experience They also consider how user led innovations collaborative mapping and creative empowerment are understood and reconciled through changes in mobile surveillance personal rights and prescriptive social software Presenting a range of perspectives and arguments this book reorients the practice and study of media critique

Small Group and Team Communication Thomas E. Harris, John C. Sherblom, 2018-05-10 Much of contemporary communication occurs between and among small groups whether in person in a work setting or on the Internet via email Facebook or instant messages How we engage in our small group communication in each medium matters To be effective we have to consider our group roles norms cohesion process and phases of development as well as our personal verbal and nonverbal communication and listening styles To succeed as a member of a team we need to consider the limits of our personal experience and perspective recognize the creative strength of diverse perspectives in decision making and problem solving develop our conflict management skills and strengthen our leadership skills To be successful necessitates an understanding of group process participation style ethical group behavior and the influences of the medium *Small Group and Team Communication* explores all these different interconnections and the communication strategies we use in our work and social groups The authors use the systems perspective as their core approach throughout the text treating small groups as complex open systems reliant upon communication to achieve success Many chapters highlight the importance of considering ethics and diversity in relation to a variety of topics Harris and Sherblom address the growing influence of computer mediated communication to this discipline Real world applied examples show students that what they are learning aren't simply abstract concepts but knowledge that will serve them outside the classroom

Strategic Management Adrian Haberberg, Alison Rieple, 2008 This student focused text provides an emphasis on skills development Packed with real life examples of what can go wrong with even the most well conceived strategies there is a focus on realism throughout With a highly accessible writing style this text it is an invaluable learning tool for all students in this area
