Eclecticism in Late Medieval Visual Culture at the Crossroads of the Latin, Greek, and Slavic Traditions Maria Alessia Rossi, Alice Isabella Sullivan, 2021-11-22 This volume builds upon the new worldwide interest in the global Middle Ages It investigates the prismatic heritage and eclectic artistic production of Eastern Europe between the fourteenth and seventeenth centuries while challenging the temporal and geographical parameters of the study of medieval Byzantine post Byzantine and early modern art Contact and interchange between primarily the Latin Greek and Slavic cultural spheres resulted in local assimilations of select elements that reshaped the artistic landscapes of regions of the Balkan Peninsula the Carpathian Mountains and further north The specificities of each region and in modern times politics and nationalistic approaches have reinforced the tendency to treat them separately preventing scholars from questioning whether the visual output could be considered as an expression of a shared history The comparative and interdisciplinary framework of this volume provides a holistic view of the visual culture of these regions by addressing issues of transmission and appropriation as well as notions of cross cultural contact while putting on the global map of art history the eclectic artistic production of Eastern Europe

Unity and Catholicity in Christ Eric J. DeMeuse, 2022 Debates concerning the relationship between Tridentine Catholicism and Catholicism after Vatican II dominate theological conversation today particularly with regard to understandings of the Church and its engagement with the world Current historical narratives paint ecclesiology after the Council of Trent as dominated by juridical concerns uniformity and institutionalism This book challenges such narratives by investigating the theology of ecclesial unity and catholicity of the renowned Spanish Jesuit Francisco Suarez 1548-1617 Reexamining standard as well as overlooked sources of Suarez's ecclesiology the author shows how Suarez wrestles with the new demands of his time to produce a vision of the Church that is deeply spiritual diverse and missional even anticipating later ecumenical developments in twentieth century Catholic ecclesiology

The Efficacy of the Exorcistic Prayers in the Athonite Manuscript of Xiropotamou 98, (2260) 16 Jesmond Micallef, 2023-01-06 The Covid 19 pandemic in the year 2020 exposed a fragility of

human consciousness at all latitudes In the face of unforeseen threats we are unable to react or we become slaves to irrational instincts which can lead to hysterical and obsessive behaviours precisely those described by the diabolical possessions against which the Church has been fighting for two thousand years since Christ entrusted her with power to defeat the devil Moreover the activity of exorcism is described in the Gospels as the main manifestation of the divine power of the Lord Jesus which released from him for the salvation of men This book presents for the first time an edition of the Xiropotamou manuscript 98 preserved at the Library of the Xiropotamou monastery of Mount Athos in Greece It cushions the liturgical exorcistic prayer of the manuscript between a biblical study of this ancient activity of the Church and an overview of the Rite of Exorcism in Orthodox usage in Early Middle and Late Byzantium God and the EU Jonathan Chaplin, Gary Wilton, 2015-12-14 The current political economic and financial crises facing the EU reveal a deeper cultural indeed spiritual malaise a crisis in the soul of Europe Many observers are concluding that the soul of Europe cannot be restored to health without a new appreciation of the contribution of religion to its past and future and especially that of its hugely important but widely neglected Christian heritage which is alive today even amidst advancing European secularization This book offers a fresh constructive and critical understanding of Christian contributions to the origin and development of the EU from a variety of theological and national perspectives It explains the Christian origins of the EU documents the various ways in which it has been both affirmed and critiqued from diverse theological perspectives offers expert theologically informed assessments of four illustrative policy areas of the EU trade finance environment science and also reports on the place of religion in the EU including how religious freedom is framed and how contemporary religious including Muslim actors relate to EU institutions and vice versa The book fills a major gap in the current debate about the future of the European project and will be of interest to students and scholars of religion politics and European studies **Manuscripts of the Book of Revelation** Garrick V. Allen, 2020-07-30 The Book of Revelation is a disorienting work full of beasts heavenly journeys holy war the End of the Age and the New Jerusalem It is difficult to follow the thread that ties the visions together and to makes sense of the work s message In Manuscripts of the Book of Revelation Garrick Allen argues that one way to understand the strange history of Revelation and its challenging texts is to go back to its manuscripts The texts of the Greek manuscripts of Revelation are the foundation for the words that we encounter when we read Revelation in a modern Bible But the manuscripts also tell us what other ancient medieval and early modern people thought about the work they copied and read The paratexts of Revelation the many features of the manuscripts that help readers to interpret the text are one important point of evidence Incorporating such diverse features like the traditional apparatus that accompanies ancient commentaries to the random marginal notes that identify the true identity of the beast paratexts are founts of information on how other mostly anonymous people interpreted Revelation s problem texts Allen argues that manuscripts are not just important for textual critics or antiquarians but that they are important for scholars and serious students because they are the essential

substance of what the New Testament is This book illustrates ways that the manuscripts illuminate surprising answers to important critical questions We can learn to read the manuscripts even if we don't know the language **On Arbitration**
