**Need to Know** John G. Stackhouse Jr.,2014-05-30 If a serious Christian wants to think seriously about a serious subject what does he or she do Grounded in the best of the Christian theological tradition Need to Know sets out a comprehensive coherent and clear model of responsible Christian thinking

**Need to Know** John G. Stackhouse Jr.,2014-05-30 How should a Christian think If a serious Christian wants to think seriously about a serious subject from considering how to vote in the next election to choosing a career from deciding among scientific theories to selecting a mate from weighing competing marketing proposals to discerning the best fitness plan what does he or she do This basic question is at the heart of a complex discourse epistemology A bold new statement of Christian epistemology Need to Know presents a comprehensive coherent and clear model of responsible Christian thinking Grounded in the best of the Christian theological tradition while being attentive to a surprising range of thinkers in the history of philosophy natural science social science and culture the book offers a scheme for drawing together experience tradition scholarship art and the Bible into a practical yet theoretically profound system of thinking about thinking John Stackhouse s fundamental idea is as simple as it is startling Since God calls human beings to do certain things in the world God can be relied upon to supply the knowledge necessary for human beings to do those things The classic Christian concept of vocation then supplies both the impetus and the assurance that faithful Christians can trust God to guide their thinking on a need to know basis

God, the Good, and the Spiritual Turn in Epistemology Roberto Di Ceglie,2022-08-18 In this book Roberto Di Ceglie offers an historical theological and epistemological investigation exploring how commitments to God and or the good generate the optimum condition to achieve knowledge Di Ceglie criticizes the common belief that to attain knowledge one must always be ready to replace one s convictions with beliefs that appear to be proven He defends a more comprehensive view historically exemplified by outstanding Christian thinkers whereby believers are expected to commit themselves to God and to related beliefs no matter how convincing the evidence contradicting such beliefs appears to be He also argues that both believers and unbelievers can commit themselves to God and the good respectively thereby creating a spiritual turn in epistemology that enables them to generate the best possible condition for conducting rational enquiries and discussion

The Gender Conversation Edwina Murphy, David Ian Starling, 2016-05-13 Conversations about gender both inside and outside the church can frequently degenerate into stale and rancorous disputes in which predictable arguments are traded back and forth or fade awkwardly away into the tense silences of mutual misunderstanding But the issue is an important one and calls for a better conversation than either of those alternatives In September 2015 Morling College hosted a one day symposium entitled The Gender Conversation A rich and diverse mix of contributors met to discuss issues of gender theology and Christian living within a shared framework of evangelical conviction Our aim in hosting the symposium was to deepen mutual understanding and respect highlight common ground clarify points of difference and unite us all in a quest to learn from the Scriptures and live in the light of the gospel This book brings together the papers presented at the symposium and the contributors responses to one another as a resource for further reflection and discussion

Faith and Public Life Alfred Sebahene, 2025-05-31 God's love in Jesus Christ for the salvation and recreation of all things is still the hope of the world This Christian affirmation is the reality that holds all things and holds all things together Yet in today's world it is easy to understand why the church is in pain and declining in its Christian and moral influence Rethinking Church in the 21st Century is the culmination of three years of exploration into the condition of the church around the world today Bringing together a diverse community of Christian voices these essays offer reflections and admonitions to ignite the hearts of pastors and leaders during the dynamic vulnerable and hopeful times we face In this third volume the contributors explore how the church should be engaged in the public space in the face of the new opportunities and fundamental challenges confronting the global church today These realities missional expansion persistent barriers to human progress shifts in the composition and centre of gravity of world Christianity and a growing attention to the need for the church to embrace a radically different way of life call for a new approach to the role of faith in our public life to the different ways of witnessing to Christ and stewarding the mysteries of Christian faith With solid grounding in Scripture and critical reflection for authentic Christian public witness and mission this book speaks of how the

gospel of Jesus Christ endlessly relates to the whole world and its reconciliation with God Why You're Here John Gordon Stackhouse, 2018 What are Christians to be and to do in the world What does faithfulness look like in these complex and confusing times Christians are often told either to take over the world in God's name or to withdraw into faithful sanctuaries of counter cultural witness John Stackhouse offers a concise vivid and practical alternative based on the teachings of Scripture about the meaning of human life in this world and the next Why You're Here provides an accessible concrete program for the faithful Christian living in today's world fraught as it is with ambiguity irony and frequent choices among unpalatable options Stackhouse speaks directly to everyday Christians who are searching for straightforward advice on some of their most complex quandaries and the challenges inherent in staying true to the Bible's teachings Politicians medical professionals businesspeople professors lawyers pastors students and anyone else concerned to think realistically and hopefully about Christian engagement in society today will find here a framework to both guide and inspire them in everyday life

**A Consuming Passion** Christopher Date, Ron Highfield, 2015-10-13 This diverse collection of essays in honor of Edward William Fudge explores the topics of hell and immortality for which Fudge has been widely known through his magnum opus The Fire That Consumes Most Christians believe people will live and suffer in hell forever but Fudge defends a view known historically as conditional immortality He and a growing minority of Christians believe God will grant immortality only to those who meet the condition of being united with Christ on the Last Day while those who do not will perish forever Although Christians sharing Fudge's view have defended it both before and after him conditionalists today still point to The Fire That Consumes as the seminal

treatment of the topic In July 2014 Christians from around the world gathered at the inaugural Rethinking Hell conference to celebrate Fudge's life and work and to discuss the nature of hell in an open and respectful forum This volume contains most of the essays presented at that conference and several others volunteered by conditionalists since then as a gift to Fudge for the tremendous impact he has had on them and for the continued work he does for God's kingdom **Prophecy Today**

Hermen Kroesbergen, 2016-08-01 In Prophecy today reflections from a Southern African context a group of theologians and scholars of religion from Zambia and South Africa reflects upon these questions Anthropologists Biblical scholars practical theologians and others shine their light on what prophecy can mean today in this context This book aims at stimulating a continuing Southern African discourse on this very interesting and relevant aspect of Christianity in our region The book consists of 15 different articles by well known scholars and has been ably compiled and edited by Dr Hermen Kroesbergen lecturer in Systematic Theology and Philosophy of Religion at Justo Mwale University Lusaka Zambia **Reality According**

**to the Scriptures** José Soto, 2022-10-23 What is the nature of reality according to the Scriptures What is the nature and purpose of God's creation and of humanity within creation Did our role change after evil entered the world in Genesis 3 or is it fundamentally the same as at creation What is the meaning of life according to the Scriptures and how can such a vision be lived out and conveyed meaningfully in our generation These are the sorts of questions this book is beginning to address the first fruits of more than twelve years of research at the intersection of philosophy and biblical studies Reality According to the Scriptures is written by a Christian disciple for Christian disciples a call for the church to get our Story straight to find ourselves in the narrative world of the Bible and then do our best to play our part well EDITORIAL REVIEWS This is one of the best researched works I have ever read Jos Soto did a great job of compiling all this data to create a masterpiece Each chapter builds up from the previous one giving the narrative a smooth flow and making it easier to understand Soto includes well researched references and organizes everything beautifully Apart from its amazing format and structure it also has a life changing message Everyone has their views on reality and the purpose of existence Reality According to the Scriptures presents us with a message about the part we are to play in this world The message of redemption is that of love hope and purpose What we emit into the world will reflect who we are and if we do the will of God we present Him to the world through our work He lives in all of us and no matter how far you think you have gone astray He is always there for each one of us This is the first volume in the series by Soto and I can't wait to read more of his work Luwi Nyakansaila reviewed for Readers Favorite Reality According to the Scriptures Initial Reflections by Jos Soto explores the concept of reality as it is presented in the scriptures Soto argues that the biblical understanding of reality emphasizes the interconnectedness of all things and that the relationships between God humans and the natural world are all integral to the overall fabric of reality Another important theme is the idea that reality is both material and spiritual Reality According to the Scriptures suggests that the scriptures present a holistic view of reality that includes both physical and spiritual dimensions and that these

dimensions are inseparable While the narrative style is thought provoking it also challenges us to think deeply about the nature of reality and the scriptures role in shaping our understanding of it I like how the narrative is shaped to be simple yet profound at the same time You don t have to be a Christian to understand this book Theology students will benefit from this straightforward narrative that packs a punch of knowledge I highly recommend it Rabia Tanveer reviewed for Readers Favorite

*Transforming Vocation* David Benson, Kara Martin, Andrew Sloane, 2021-05-12 There has been an explosion of publishing in the faith work movement in the last twenty years Work is increasingly seen as the new frontier for Christian mission However the church and theological colleges have failed to keep up with the interest among and needs of workplace Christians This book is the urgent corrective that is needed moving past Theology of Work 101 to much deeper encounters with God s word as it relates to daily work These twelve academic papers look at work through three different lenses the workplace the church and theological education It is prefaced by Mark Greene from the London Institute for Contemporary Christianity reflecting on what work church and theological education would look like if there was no sacred secular divide In the concluding remarks the editors imagine a future where each domain is transformed by the gospel working dynamically together for the life of the world While academic in terms of depth of thinking quality of research and referencing of crucial sources for further exploration this book is never dry Rather it s life giving and provocative for every vocation asking fundamental questions of the reader What is the work that God is calling you to do How can the gospel transform your work And how well positioned are churches and colleges to be at the forefront of transforming vocation With contributions from Mark Greene James Pietsch Peter White Peter Docherty Gordon Preece Keith Mitchell David Fagg Ian Hussey Colin Noble Andrew Matthews Sarah Bacaller Samuel Curkpatrick Maggie Kappelhoff

**Crisis, Controversy and the Future of Religious Education** L. Philip Barnes, 2019-12-05 Crisis Controversy and the Future of Religious Education sets out to provide a much needed critical examination of recent writings that consider and respond to the crisis in religious education and more widely to a crisis in non confessional forms of religious education wherever practised The book is critical wide ranging and provocative giving attention to a range of responses some limited to the particular situation of religious education in England and some of wider application for example that of the role and significance of human rights and that of the relevance of religious studies and theology to religious education It engages with a variety of positions and with recent influential reports that make recommendations on the future direction of religious education Constructively it defends both confessional and non confessional religious education and endorses the existing right of parental withdrawal Controversially it concludes that the case for including non religious worldviews in religious education and for the introduction of a statutory objective national religious education curriculum for all schools are both unconvincing on educational philosophical and evidential grounds Timely and captivating this book is a must read for religious and theological educators RE advisers classroom teachers student teachers and those interested in the field of religious education

*Marriage, Family and*

*Relationships* Thomas A. Noble, Sarah K. Whittle, Philip S. Johnston, 2017-06-15 Family life has undergone revolutionary changes in Western society in the last sixty years posing both theological and ethical challenges for the contemporary church. This book responds with wide ranging essays on sexuality marriage family life singleness same sex relationships violence against women anthropology gender and culture. These chapters are essential reading for anyone concerned with Christian teaching on marriage and the family. They balance a clear loyalty to the church's historic and biblical teaching with a recognition that all doctrine is contextualized. There is a growing gap between the ethics of many Christians and those of wider society. So Christians have to be counter cultural. But the church also has to be self critical differentiating between biblical revelation and cultural development. And it must know how to present unchanging Christian convictions to a constantly changing society. The contributors are Andy Angel Daniel Block Rosalind Clarke Barry Danylak Andrew Goddard Stephen Holmes David Instone Brewer A T B McGowan Nicholas Moore Onesimus Ngundu Oliver O Donovan Ian Paul Andrew Sloane Katy Smith Elaine Storkey and Sarah Whittle.

*Partners in Christ* John G. Stackhouse Jr., 2015-10-08 When it comes to understanding what Scripture says about men and women those on both sides of the debate can and do marshal strong evidence from the Bible. Does the Bible contradict itself then? Not so. John Stackhouse describes the single approach in Scripture that guides us with clear direction and moves us beyond the impasse in this important debate. **Can I Believe?** John G. Stackhouse, 2020 Maybe Christianity is actually true. Maybe it is what believers say it is. Indeed although there are many many other options today Christianity has more adherents than any other religion in the world. Why? How is it possible for modern people to believe this story of miracles and triumph over death? This book begins by establishing how faith should be properly grounded in knowledge. It then clears away misunderstandings about the basic story of the Christian religion misunderstandings that repel reasonable people who might otherwise be intrigued. John Stackhouse outlines the reasons why two billion people find this religion persuasive making it the most popular explanation of everything in human history. He responds to the reality that so many people find Christianity utterly implausible not least because of the persistence of the problem of evil which seems to undercut everything. Christianity asserts Grounded in scholarship but never ponderous. Can I Believe? refuses to doge the hard questions as it welcomes the intelligent inquirer to give Christianity at least one good look.
