Kudrun ,2025-02-21 I am a huge fan of Whobrey s translations These new English translations of Kudrun Wolf Dietrich and Otnit uphold the quality to which I ve grown accustomed in his work They do an excellent job of capturing the language and cadence of the texts and are as accurate readable and fluent as the original texts allow them to be I especially love the texts Wolf Dietrich and Otnit and I m thrilled they are now available for the first time in English translation They are such fun to read and I hope that students find their hapless heroes as entertaining and humorous as I do In short it is a delight to read Whobrey s English translations of these tales and I m excited to teach with them Kathryn Starkey Stanford University

Female Beauty Systems Christine Adams,Tracy Adams,2015-09-04 Female beauty systems everywhere are complex integrating markers of class status power and sexuality to perform the fundamental function of sorting individuals into categories of more or less desirable Heirs to the tradition of courtly love modern western female beauty systems tend to share the norm of man as pursuer woman as pursued having developed around the trope of the madly desiring poet or knight supplicating his aloof and lovely lady for her favor The apparent longevity of the courtly love tradition raises the question of whether the way in which it structures male desire in reaction to female beauty is part of a universal tendency an evolutionary adaptation despite clear evidence that female beauty systems are also in fact socially constructed and reflect enormous ambivalence about the power and performance of beauty Although modern western female beauty systems are routinely demystified and contested today the purveyors of culture that support them institutional intellectual artistic
