A Difficult Transition Mandira Sharma, Seira Tamang, 2016-10-25 The Sexual Violence and Impunity in South Asia research project coordinated by Zubaan and supported by the International Development Research Centre brings together for the first time in the region a vast body of research on this important yet silenced subject. Six country volumes, one each on Bangladesh, Nepal, Pakistan, Sri Lanka and two on India, as well as two standalone volumes comprising over fifty research papers and two book-length studies, detail the histories of sexual violence and look at the systemic institutional, societal, individual and community structures that work together to perpetuate impunity for perpetrators. The essays in this volume focus on Nepal, which though not directly colonized, has not remained immune from the influence of colonialism in its neighbourhood. In addition to home-grown feudal patriarchal structures, the writers in this volume clearly demonstrate that it is the larger colonial and post-colonial context of the subcontinent that has enabled the structuring of inequalities and power relations in ways that today allow for widespread sexual violence and impunity in the country through legal systems, medical regimes and social institutions. The period after the 1990 democratic movement, the subsequent political transformation in the aftermath of the Maoist insurgency and the writing of the new constitution has seen an increase in public discussion about sexual violence. The State has brought in a slew of legislation and action plans to address this problem. And yet impunity for perpetrators remains intact and justice elusive. What are the structures that enable such impunity? What can be done to radically transform these? How must States understand the search for justice for victims and survivors of sexual violence? This volume addresses these and related issues. Published by Zubaan.

Insurgent Play Duncan McDuie-Ra,2025-07-08 Insurgent Play Social worlds of urban disruption explores play as a transgressive expression that counters the existing urban order neoliberal authoritarian militarised Insurgent play is disruptive yet through disruption it brings social worlds into being undergirds global subcultures and overcomes hostile

urban environments characterised by ever diminishing spaces for free expression Acts of insurgent play are claims on space lasting from brief moments to years animating patches of the city designed for commercial industrial and logistical imperatives Even in public spaces designed for leisure and play insurgent play brings different expressions at different speeds transgressing designated uses and bodily expectations Through insurgent play people find belonging in the city especially for those excluded from other spaces based on race class sexuality and citizenship As such stories of insurgent play are stories of alternative ways of inhabiting cities stemming from the widespread human desire and need for play for joy and for sociality Insurgent Play draws upon examples from street skateboarding Street skateboarding disrupts the city in the pursuit of play enlivens patches of space through temporary claims and initiates encounters with authorisers property owners and citizens gravid with hostility with instants of wonder Insurgence is a way of being and the desire for insurgent play cannot be placated by better urban planning or formal expertise Nor will multiplying designated play spaces creative precincts and flexible public spaces stop people seeking out space to create their own worlds of disruption The book makes four arguments First insurgent play is bodily expression that can challenge disrupt and transgresses dominant ways of city making Second insurgent play takes us to parts of the urban landscape that we might not otherwise go politics we might not otherwise recognise and encounters we might otherwise overlook Third claims on the city made through insurgent play enliven urban space through transformative power In this way these claims territorialise patches of the built environment intended for other uses Last insurgent play space is generated from below never above Insurgent play shapes and is shaped by identities that position adherents in opposition to prevailing urban orders **My Nepali Book** Govinda
