que es posible que nos veamos diciendo cómo deberíamos ser o proceder aquellos que conviven con nosotros cuando curiosamente no somos capaces de llevar a cabo situaciones semejantes con nosotros mismos En este libro colocamos el foco en ti en lo que te dices en cómo te lo dices y sobre todo en desde qué emoción te lo dices Ponemos en el centro de la trama tu vida a través del diálogo con tu pasado para que seas consciente de tus vivencias experiencias y recuerdos Tienes que saber que solo encontramos lo que buscamos y solo buscamos aquello que conocemos No conocerse quizás explique por qué somos tan osados para tener tanta clarividencia hacia los demás y tanta ceguera hacia lo propio Desde una mirada totalmente científica pero con un lenguaje llano y cercano ir descubriendo lo que el autor ha denominado consciencia de sabiduría Esta consciencia está compuesta por tres niveles de conocimiento saber lo que sabes de ti saber lo que no sabes de ti y saber por qué no sabes lo que no sabes de ti El libro nos ofrece un método sencillo de aplicar para conectar con nuestras memorias traumáticas para poder desalojar el sufrimiento de nuestro presente adquiriendo herramientas y capacidad para realizar el duelo oportuno sobre lo que pudo ser y no fue o sobre lo que pasó y no debería haber ocurrido Conseguir niveles óptimos de asertividad empatía simpatía resiliencia liderazgo intrapersonal y compromiso previene los efectos de los vampiros emocionales psicopatías violencia o el desgarro social propio de situaciones como la Covid 19 la guerra de Ucrania el acoso o las crisis socioeconómicas que son las que nos precipitan en la dependencia y la fatiga emocional la indefensión la enfermedad mental o el suicidio si no disponemos de estos recursos de gestión
